NO. 97—FIFTY-FIFTH YEAR | VICTORIA, VANCOUVER ISLAND, BRITISH COLUMBIA, SATURDAY, APRIL 5, 1913 | TWENTY-FOUR PAGES

GOVERNORS FOR B. C. UNIVERSITY

Personnel of Governing Board Announced Yesterday by the Provincial Government —Capital Is Represented.

SENATE MEMBERS ALSO APPOINTED

President Wesbrook Will Be in Province Shortly—Arranging to Lay Corner Stone Early in September.

A conspicuous step in the direction of the realization of the University of British Columbia was taken yesterday by the Provincial Government in making public the personnel of the Board of Governors of that institution, the plans for which are rapidly nearing completion, and the contract for the construction of which will be let immediately the plans are finally passed. In addition to this the three members of the University Senate, whose appointment lies within the province of the Government, were named yesterday by the Lieutenant-Governor-in-Council.

The members of the Board of Governors are as follows:

Dr. R. F. McKechnie, Vancouver.
Mr. S. D. Scott, Vancouver.
Mr. G. I. Wilson, Vancouver.
Mr. R. P. MacLellan, Vancouver.
Mr. R. Reid, Vancouver.
Mr. L. G. Phillips, K.C., Vancouver.
Mr. R. F. Green, M.P., Victoria.
Mr. Campbell Sweeney, Victoria.
Mr. G. H. Barnard, M.P., Victoria.
Mr. F. Carter-Cotton, the first Chancellor of the University, and Dr. Wesbrook, the first president, are ex-officio members of the Board. The last named is Chairman of the Board.

The Government's appointees to the Senate are:

Hon. D. M. Eberts, Speaker of the Legislative House.
Bishop du Pencier.
Mr. J. W. Creighton, New Westminster.

Composition of Senate.

It should be stated in explanation of the general situation that the Senate will consist of the Minister of Education, the Chancellor of the University (who will be chairman), the President of the University, the deans and professors of all the faculties, the three members nominated by the Lieutenant-Governor-in-Council, the Superintendent of Education, and the principals of the Normal schools in the Province; one member will also be elected by the high school principals and assistants actually engaged in teaching, another member will be elected by the Provincial Teachers' Institute, and yet another by the governing body of each affiliated college in the Province; in addition to all of which there will be the fifteen members elected by convocation, and as convocation has already been held these last are already known.

Dr. Wesbrook, the president of the University, whose appointment was announced by the Minister of Education some time ago, will leave his present activities on April 9 to come to British Columbia in order to assist in making the preliminary arrangements in connection with the staff. Immediately upon his arrival in Vancouver he will be met by and introduced to the Board of Governors and the members of the Senate. This meeting has been arranged to take place in the Vancouver Court House, and it is stated authoritatively that the appointment of the deans and professors of faculties will follow shortly thereafter.

Hon. Dr. Young, Minister of Education, who is untiring in his efforts and enthusiasm for everything pertaining to the University, yesterday said that the Government's object in having the Board of Governors appointed at this time was so that it would be ready to meet and consult with the president upon his arrival, and that no unnecessary delay might occur to mar the splendid progress that has been made.

Make Exhaustive Study.

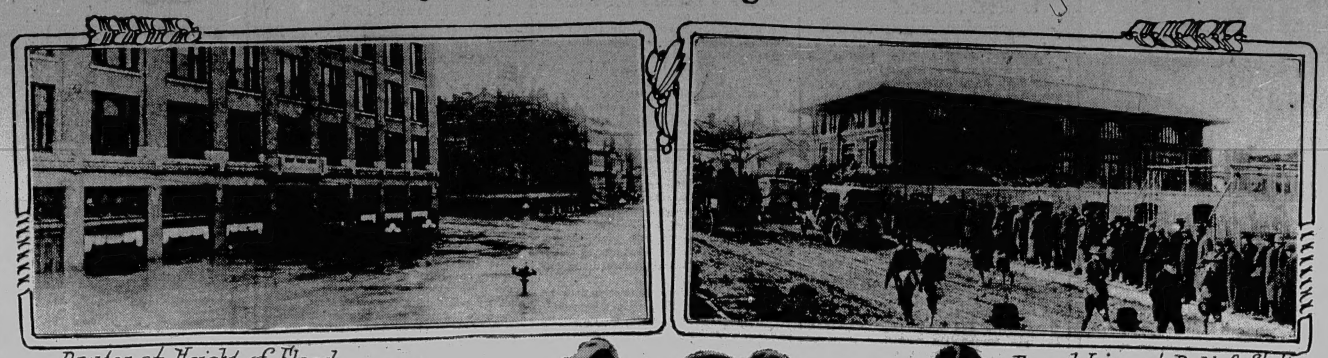

"I may say," he said, "that we have made a most exhaustive study of the requirements of the Board of Governors and I think it will be conceded that the selection made is a worthy one, and one that will not only look good on paper but will work hard and unsparingly for the good and advancement of the Uni-

Prominent Corner of Dayton, Ohio, Submerged Beneath Recent Flood Waters

Dayton at Height of Flood — Bread Line at Relief Station

Looters in Hands of Soldiers

—Photographs Copyrighted by International News Service.

This remarkable photograph shows the Dayton flood when at its height. The photo was made at Second and Main Streets, and shows the big Rike & Kumler Dry Goods Store on the left. It can be noticed how swift the water is running, which almost reaches the tops of the cluster light lamp-posts; also the bread line lined up alongside of Homberger relief station and looters under arrest.

VETERAN COLLECTOR DEAD

Dr. J. E. Fortier, Who for Forty-Two Years Has Held Customs Post at Ancient Capital

QUEBEC, April 4.—Dr. J. E. Fortier, Collector of Customs for the District of Quebec, died here this morning. He held the office of collector at this port for forty-two years.

HOUSE PASSES JAPAN TREATY

Amendments Proposed by the Opposition Members Voted Down—Uncertainty as to Business for Monday.

OTTAWA, April 4.—At the opening of the House today, Hon. Frank Oliver moved that the bill respecting the Japanese treaty be sent back to the committee stage in order that he might offer the two amendments of which he gave notice in the House last night. One of these makes the bill apply to any future immigration legislation, while the second stipulates that nothing in the act shall interfere or restrict the legislative power or authority of any Provincial Legislature.

Mr. Oliver said it was not to the point to say that the treaty was the same as that of seven years ago. It was necessary to meet conditions existing today. Canada must be mistress of her own affairs and still maintain the principle of the right to control immigration which was being departed from in the bill.

Mr. Oliver said that the bill, if passed as it stands, would prevent Canada making any change in the Immigration Act which would have the slightest effect upon Japanese, and what would apply to Japan would be the Immigration Act as it stands today. He pronounced the bill "flim flam legislation and a gold brick for the people of British Columbia."

He criticized the attitude taken by the British Columbia members on the Oriental immigration in 1907 and charged the Premier with failure to carry out in the present bill the declaration in the resolution of 1909, which expressed regret that wage-earners could only be protected by the forebearance of a foreign Government. The restriction of Japanese immigration into Canada would depend upon the good faith of the Japanese Government, as expressed by the agreement arrived at in 1907. He wanted to see the clause cut out of the bill.

Questions Already Answered

Premier Borden said that he had answered almost all these questions, but that the members of the Opposition did not appear to stand on common ground. The honorable member was a member of the Government which accepted the Japanese treaty of 1894 without reserve, but now, when the Government of today had put in a restrictive clause, he took quite another view from that which he held in 1907. It was impossible to expect any Government to enter into an agreement that the provisions of a treaty might be changed by the acts of a provincial legislature. He could see nothing detrimental to the country if the bill went into effect, and did not think the House was justified in accepting the amendments.

Mr. F. B. Carvell said that the Liberal contention was that the bill in its present form was bound by the provisions of the immigration act as it stands today, and was prevented from going any further than the terms of the present act. This meant that only certain restricted clauses could be kept out of Canada, and this would apply no more to Japan than to Great Britain. Otherwise they would be bound to treat all alike. The "gentlemen's agreement" was all there was to the protection for British Columbia.

Mr. H. H. Stevens—"If this clause is worthless why does the honorable gentlemen move to delete it?"

Mr. Carvell—"If the bill is to go through in its present form I would rather see it deleted."

After some further discussion Mr. Oliver's amendment was defeated on a vote of 76 to 36, a Government majority of forty.

MILITANTS BURN COUNTRY HOUSE

Loss of Over Twelve Thousand Dollars Inflicted on Owners of Unoccupied Building—Men Do Railway Damage.

MRS. PANKHURST ON HUNGER STRIKE

LONDON, April 4.—The suffragettes, continuing their campaign of retaliation against the sentencing of Mrs. Emmeline Pankhurst, their leader, succeeded tonight in destroying another large country house by fire.

As in several previous cases of the kind, the residence, which was situated at Chorleywood, Buckinghamshire, was unoccupied, but was being prepared for the reception of a tenant. The owners of the building, a firm of contractors, estimate their loss at $12,000. Cards bearing the inscriptions "Votes for Women" and other suffragette mottoes were found on the grounds. No arrests were made.

The police believe that some of the recent criminal acts charged to the suffragettes, principally the attempts to destroy railway property, were the work of men engaged by the women. All the railway stations and tunnels are patroled to prevent damage by miscreants.

Miss Scott-Troy, the California suffragette, forwarded tonight to Secretary of State Bryan at Washington samples of instruments used for feeding suffragettes, including Miss Zelie Emerson. An accompanying note explains that the samples do not contain the metallic tip which all women declare is used in the process. Dr. Mansell Moullin, whom Mrs. Emerson desired to visit her daughter in prison, has written Secretary Bryan, declaring that one of the great dangers of forcible feeding as practiced in prisons is the absence of proper antiseptic precautions.

Mrs. Pankhurst has carried out her threat to go on a hunger strike. Since she entered Holloway Jail, she has conformed to all its rules except that she refuses food. Mrs. Pankhurst will be removed to the women's penal establishment at Aylesbury, where any steps that are considered necessary to feed her will be taken.

Socialists In Copenhagen

COPENHAGEN, April 4.—The Socialists increased their representation in the City Council from twenty-four to twenty-seven in the recent municipal elections.

BILLS PASSED IN SENATE

Several Companies Have Their Charters Perfected—Keeping of Food in Cold Storage

OTTAWA, April 4.—In the Senate today the following incorporation bills were read a third time:

Canada Northwest Loan & Mortgage Co., The British Northwest Mortgage Co., International Trust Co., The Canadian Medical Protective Association, The Manitoba Railway Co., respecting the Canadian Northern Railway, respecting the Canada Western Railroad Co., to regulate the keeping of certain articles of food in cold storage.

Second reading was given a bill respecting the board of management of the church and manse building fund of the Presbyterian Church in Canada for Manitoba and the Northwest, and to change its name to "The Church Manse Board."

New Brunswick Oil Shales

ST. JOHN, N.B., April 4. — Development of the extensive and valuable oil shale deposits in Albert County is to be undertaken on a large scale this Summer. Negotiations which have been under way since last year have been completed, and the property is being purchased from St. John owners by a syndicate of Canadian capitalists. The latter are applying for a Dominion charter with a capital stock of $5,000,000 and bond issue of $2,500,000. An expert is coming to the Province this week to complete the preparations of development on an extensive scale.

Port Arthur Sells Debentures

PORT ARTHUR, Ont., April 4.—Port Arthur accepted an offer for two and a half million dollars of debentures from London today at ninety-nine for the portion bearing 5 per cent interest, and ninety for the 4½ per cent.

TWO DAYS ONLY TO GET ON VOTERS' LIST

Only two days remain during which people of the city can have their names registered on the new Provincial voters' list. There is still a considerable proportion of those qualified to vote, who, up to the present have failed to register. The qualifications are:

British subjects of the male sex, 21 years old or over.

They must have had six months' residence in the Province, of which one month must have been in Victoria, or Esquimalt, or Saanich, according to the electoral district in which a person wishes to register.

The list will close on April 7. Up to and including that date, registration forms may be secured at The Colonist office during any hour of the business day.

FLOOD TROUBLE FOR MANITOBA

Rapid Melting of Snow and Blocking Up of Creeks Combine to Cause Inundations at Various Points.

WINNIPEG SUBURBS INVADED BY WATER

WINNIPEG, Man., April 4.—Owing, it is supposed, to the amount of water on the ground last Fall when the freeze came, which causes the usual channels of the Spring floods to be blocked up by Winter ice, many parts of Manitoba, and especially the Red River Valley, are suffering from inundations, which, while not threatening to life, are doing considerable damage to property and are altogether exceptional so far as recent history goes.

A serious situation has developed in the suburbs of St. James and Weston, lying to the west of Winnipeg. This is low-lying land, and owing to creeks emptying into the Assiniboine River being frozen, a big volume of water following the rapid thaw is pouring in, and this flood is being augmented continually by streams from the back country. It is increasing along the line of the city limits, and desperate efforts are now being made to keep it out of west Winnipeg proper.

Wading Through Flood

Conditions are worse in Weston, where the C. P. R. shops are situated, besides other industrial concerns. The water this morning was three feet deep. Milkmen and other tradesmen waded waist deep to make their deliveries to houses whose cellars were already flooded and whose occupants were moving their furniture upstairs. Hundreds of families have deserted their homes. A river six hundred feet wide is flowing over Rosser municipality. Wooden sidewalks on some streets have been swept away. Logan Avenue west is flooded from the city limits as far in as Smart Street, and all street car service west of that point has been abandoned. Further west, Keewatin Road had acted as a levee to protect the city from the rising waters, but the outlet from that district in the natural channel of Henley Creek, which is blocked by dirt, was cut off and the municipality ordered a cut in Keewatin Road, which relieved that district but sent the torrent on into the city. Its crest flooded Notre Dame west and the district about the breakfast hour. There is, however, no loss other than to houses.

DEATH OF MR. G. P. BROPBY

Superintendent of Ottawa River Works and Director of Electric Street Railway

OTTAWA, April 4.—Mr. Geo. P. Brophy, superintendent of the Ottawa River Works, and one of the founders and directors of the Ottawa Electric Street Railway, died tonight.

PEACE EFFORTS OF AMBASSADORS

Plenty of Work Afforded by Settlement of Frontier Lines —Russian Foreign Minister Gives His Opinion.

ST. PETERSBURG, April 4.—The ambassadorial conference which has in view the settlement of the dispute between Roumania and Bulgaria, at its second meeting today, examined in detail, the memoranda of the plenipotentiaries and disputants. There was an exchange of views between the ambassadors, and a common ground for ending the controversy was established. Despite the mutual opposition of the contending parties, the question will be settled definitely, and the decision published simultaneously with the resumption of peace negotiations between the Allies and the Powers.

M. Sazonoff, the Russian Foreign Minister, explained today to the representatives in the Duma the evolution of Russia's foreign policy. He declared that Russia had no occasion to fear war complications. The demands of the Balkan Allies would be more or less satisfied, he said, but Montenegro would receive less than the others, as she was not to have Scutari.

The Foreign Minister expressed the opinion, however, that the determination of the Servian-Bulgarian frontier would lead to grave complications, as Servia's military operations were driving her farther south than the alliance had permitted her to go.

M. Sazonoff added that it had been hoped that the Russian Emperor would be chosen as the supreme arbitrator in the matter, but that lately Servia seemed to be avoiding such a settlement.

Insist on Reply

LONDON, April 4.—As it is common knowledge of the Powers that the Balkan Allies have decided not to deliver their reply to the terms of peace drawn up by their ambassadors until Scutari is taken, it was decided at today's conference of the ambassadors at the Foreign Office to insist that the reply shall not be longer delayed. This decision will be known to the Allies through the minister of the Powers stationed in the Balkan capitals.

The settlement of the Turko-Bulgarian frontier, which all the parties have agreed shall be drawn in a straight line from the Gulf of Enos to Midia, gives the Powers the necessary excuse for hurrying the Allies.

The danger of the present situation is supposed to be the risk that it will afford Austria a valid excuse for playing a lone hand against the Montenegrins and Servians, and of going so far perhaps as to seize Antivari and landing troops. This would certainly break up the concert of the Powers. Those who are disposed to believe that such action is possible have been strengthened in their opinion by the fact that Emperor Francis Joseph had long audiences on Wednesday with the Minister of War and the chief of the general staff, and a conference on Thursday

LOSS OF OHIO IS SUMMED UP

Over Forty Thousand People Deprived of Their Homes by Floods—Deaths Are Now Returned at 460.

CAIRO UNCERTAIN AS TO LEVEES

Reported Break in Bank of Mississippi River — Large Part of Evansville Now Covered by Water.

WASHINGTON, April 4.—Ohio's loss in the recent flood was estimated tonight in a telegram from the American Red Cross agent in charge at Columbus, as follows: 460 lives lost; 4,200 homes destroyed; 40,500 persons homeless; 9,000 families outside of Dayton, Columbus and Cincinnati in need of rehabilitation. It has been difficult to get information, according to the agent, because wires still are down and transportation facilities uncertain.

"Emergency relief situation in each flooded section in Ohio being well covered," the message said; "Dayton, Columbus, Piqua, Troy, Ottawa, Sidney, Hamilton, Miamisburg, Middletown and Zanesville covered by Red Cross representatives. In these places information is being rapidly accumulated on which to base rehabilitation. We are pushing men into other flooded towns as fast as the water subsides, and we can get men."

Shawneetown Gets Flood

SHAWNEETOWN, Ill., April 4.—The people of Shawneetown believed tonight that the worst of the flood situation was over. The Ohio River ceased to rise today, and there is ample food on hand for present needs. The business buildings, which it was feared had been undermined, still are standing.

The gauge showed a stage of 59.8 tonight.

A strong northwest wind today again cut up the flood waters into huge waves, before which several of the few remaining frame structures gave way.

The threatened famine among the refugees in the hills behind the town was prevented by the arrival of the relief steamer Rapids from Cairo.

Ohio Relief Committee

COLUMBUS, Ohio, April 4.—At a meeting held on a special train entering this city from Piqua tonight, Governor Cox and members of the Ohio flood relief committee decided to turn over to the American Red Cross Society, the relief work in the flood sections of the state.

After making a survey of conditions arising from the flood at Dayton, Hamilton, Troy and Piqua, the commission decided to disband until the first of next week, when a trip will be made to Zanesville and other Ohio River points.

Uncertainty at Cairo

CAIRO, Ill., April 4.—Conditions throughout the Ohio River basin, as reported to the weather bureau tonight, indicated that the question as to whether the flood waters at this point can be held within bounds would be decided within 24 hours. With the crest of the flood only a short distance up-stream, rain was reported as general in the territory drained by the Ohio and its tributaries. Only one important river, the Wabash, was reported as falling.

In addition, the Mississippi, which has been at a low stage, is rising between Cairo and St. Louis. This is looked upon as extremely serious, because the Ohio needs a free outlet to prevent a backing up of waters on the levees here.

The river now is two miles wide at this point, and was lashed by a strong wind, which broke heavily against the top of the levee walls.

P. A. Wheeler, an engineer in charge of the Point Pleasant, Mo., levee, 70 miles down the Mississippi River, telegraphed tonight to the Cairo weather office that the embankment there had gone out. If this is the case, a valley 20 miles wide and more than 100 miles long will be flooded, and the situation here materially relieved. The current in the Ohio has increased greatly.

High Wind Causes Damage

EVANSVILLE, Ind., April 4.—A wind, which at times attained a velocity of 40 miles an hour, did much damage along the Lower Ohio River today. In Evansville the river worked its way along the Green River boulevard, which acts as a dyke to protect the fashionable residence district. For a quarter

FIFTY YEARS AGO TODAY

(From The Colonist of April 6, 1863.)

From Cowichan—The schooner Eliza arrived yesterday morning with about 50,000 feet of lumber for Mr. Hayward.

A Scene—On Saturday night there was a most exciting scene witnessed in the new concert hall on Government Street, nothing less than a lady administering personal chastisement to a gallant present who had made use of some expression not pleasing her. The lady's husband was present during the affray. We understand the gentleman who received the unexpected attentions of the lady disclaimed any intention of saying anything to annoy her.

Whisky-Selling at Saanich—A grand drunken row occurred among the Saanich Indians on Good Friday, in the course of which two of them were severely stabbed. The police were out Saturday and Sunday, but did not succeed in apprehending any of the offenders, who are supposed to have made good their escape.

REVERSION TO SCHOLAR TYPE

London Newspaper Comments on Choice of Mr. Page as United States Ambassador to Great Britain.

LONDON, April 4.—The Nation, a weekly newspaper of Liberal tendencies, this week deals at length with the interesting experiment of President Wilson in reverting to the scholar-diplomat by his appointment of Walter Hines Page as ambassador to the Court of St. James.

"In offering the London embassy to Mr. Page," the Nation says, "President Wilson has made an interesting experiment. He has boldly reverted to the scholar-diplomat as the type of man most qualified to represent the United States abroad. In doing so he has paid a silent but striking compliment to the good sense of the British people. He assumed that what we most value in an American ambassador is not his wealth and his ability to lavish it on magnificent houses and huge entertainments, but his personality and his achievements and the extent to which he brings with him the true flavor of American life."

The Nation declares that President Roosevelt tried the same experiment with Dr. David Jayne Hill, the former American ambassador to Germany. After a description of Dr. Hill's previous career, the Nation says:

"Dr. Hill's predecessor was Mr. Charlemagne Tower, a gentleman of great wealth. He was prodigal of fetes and receptions. He leased the finest house in the capital, and greatly pleased the Emperor by the splendor he was able to maintain. The change was as Mr. Roosevelt intended it to be—a thorough one. It was an appeal from the eccentric commercialized Berlin of today to the city of plain living and high thinking of a generation ago.

"There is no need to go into the details of the unhappy but illuminating sequel, when the Emperor learned that whatever Dr. Hill's qualifications for the post, his private means would only permit him to maintain a modest establishment, and that the days of splash and glitter were over. It was one of these incidents that revealed a man and a society. Neither the Emperor nor the Berlin people came out of it with credit."

Remarking that the last three Ambassadors to London were wealthy men, The Nation continues:

"In Mr. Hay's case and that of Mr. Choate, the circumstances counted for little or nothing in enabling them to win the post they came to hold in British society and public life. It was thrown into its proper insignificance by the attractiveness of their other endowments. But it would be absurd to pretend that the late Mr. Whitelaw Reid was quite so successful in disguising the fact that he was a millionaire."

The Nation then pays tributes to Mr. Reid's public career, and continues:

"He had a great fondness and talent for society, much versatility and an ingratiating manner; but it was as a man of unusual wealth that he was known, both in America and Great Britain, and his ambassadorial duties were distinguished beyond all others by the highly elaborate scale on which he had preferred to live.

"President Wilson was right in thinking that from the American even more than from the British standpoint, there should be a reversion to the Bancroft, Washington Irving and Lowell type; that even in these spendthrift days, wealth is not essential in a nominee to the London Embassy. We welcome and honor that determination. It fits in with one's conception of what America should be, and it may not be without its usefulness in restoring to London society more just sense of values."

The Nation warmly welcomes Mr. Page as an American, who, it says will be recognized as the authentic salt of Americanism and will gain much and suffer nothing by coming to the Embassy specially on his own merits as a citizen and a servant of the republic.

The Weekly Spectator also extends a cordial welcome to Mr. Page.

TAKING MONEY FROM BODY

Charge Laid Against Undertaker at Columbus, Ohio, on Evidence of National Guardsmen

COLUMBUS, O., April 4.—Oscar H. Osman, an undertaker of the city, who was arrested yesterday charged with taking money from the body of Mrs. Sarah Serville, a flood victim, was released on bond and immediately rearrested for investigation. This charge does not admit of bail.

The charge against Osman was made by two members of the Ohio National Guard, who declared that Osman promised to give them $25 or more each for every body turned over to him. They said they witnessed the finding by Osman of $265 when Mrs. Serville's body was brought to Osman's undertaking establishment.

Silas Serville, son of the dead woman, said he had reason to believe that his mother had $500 in her possession when she was drowned. On being questioned by Chief of Police Carter, Osman admitted that he had found a sum of $265 on one of the corpses brought to his establishment, and that it might have belonged to Mrs. Serville.

$1,000,000 Guns Worthless

BRUSSELS, April 4.—The Brussels press is making very guarded references to a serious military scandal which is about to become public. It appears that the committee of inquiry which was constituted as a result of the campaign against the army organization has drawn up a crushing report on the subject of the supply of guns and ammunition for the artillery. It is stated that the guns, for which $1,000,000 was paid, are absolutely useless, and the ammunition is fit only to be thrown away.

WORLD NEWS IN BRIEF

Local

The Ballard baseball team which tackled Mike Lynch's local aggregation yesterday fell victims 10-0.

Two hundred Chinamen will disembark here from the steamship Titan, due in Victoria April 11.

Dodwell & Company have chartered the steamer Leona and will inaugurate a double service to Powell River.

Cruiser Rainbow is now preparing to sail and meet Admiral Kingsmill for the vessel's inspection.

A strong array of golfing talent has been selected to oppose Mainlanders in competition next week.

Vancouver Island Development League plans for a vigorous year of publicity.

Local Elks held an enjoyable concert last night at the Victoria Theatre.

A meeting of the Council will be held prior to the annual session of the Board of Trade next Friday.

German bark Elisa Lihn reaches Royal Roads late Wednesday. Chilian bark Ricart de Soler due to arrive.

The City Council last night decided to go on record as favoring an increase in the police force of Victoria.

The City Council last night determined to met the requiremnts of property owners on Douglas Street for improvements.

The city has decided that it has no powers to deal with the tent colony.

Pen and ink sketches of Victoria's new Drill Hall show that the structure will be a pretentious building.

City Council plans to fix status of waterfront land and seeks delay of grant to Federal Government.

Still further testimony to need of Canadian contribution to Imperial naval defence is given by Mr. Arthur E. Hepburn, of Vancouver.

Boys' Brigade movement will be stimulated by the announcement that Captain F. V. Longstaff, of Victoria, has been elected to the position of organizing secretary for the whole of Canada.

A partial eclipse of the sun will be visible in Victoria Sunday morning at 9 o'clock.

Application has been made to the courts to delay the Alberta Provincial election.

Winnipeg suburbs are flooded with water from the prairie side.

Sir Henry Pellatt has given the Queen's Own Rifles twenty acres of land for an armory.

The bill bringing Canada under the Japanese treaty was read a third time in the Commons.

A company is being organized to develop the oil shale deposits of Albert County, N. B.

The Manitoba Government has given a site of 137 acres of land at St. Vital to the Provincial University.

Port Arthur has sold $2,500,000 of debentures in London.

Mr. George P. Brophy, a prominent Ottawa man, is dead.

British and Foreign

Ambassadors in conference at St. Petersburg have agreed upon a basis for the settlement of the Roumania-Bulgaria dispute.

It was decided yesterday by representatives of the Powers at London that the Allies must reply at once to their offer of mediation terms.

Suffragettes are credited with the burning of another country house in England.

Mrs. Pankhurst has commenced a hunger strike.

The Frankfurt Gazette, a prominent German paper, suggests an international conference with the object of restricting military expansion.

The German airship that landed in France has been returned.

Australian authorities are prosecuting customs officers on the charge of conspiring to smuggle Chinese into the Commonwealth.

GENEROUS GIFT TO QUEEN'S OWN

Sir Henry Pellatt Donates Twenty Acres of Land on Which an Armory Will Be Built for Regiment.

TORONTO, April 4.—Responding to the toast "The Regiment," tonight at the fifty-third anual dinner of the officers and ex-officers of the Queen's Own Rifles, Col. Sir Henry Pellatt, who for the past thirty-three years has been a conspicuous figure in the development of the regiment, made the announcement that the Queen's Own Rifles is to have an individual armory. While he has ceased active connection with the regiment, he stated that for the purpose of further encouraging the rank and file he had acquired twenty acres of land on Bloor Street, the deed of which he made a gift to the regiment.

Col. Sam Hughes, one of the guests of the evening, gave assurance that the Government would carry out its part of the agreement and provide an armory of the most modern type.

Steerage Rate War

BERLIN, April 4.—The Austrian-American steamship line, plying between Trieste and Canada, has reduced its steerage passenger rate to $30, in order to meet the latest cut in rates of the Canadian Pacific line. It is expected the companies making up the Atlantic pool will participate in the rate reductions by cutting their charges for steerage passage to $25, or to $26.

Want Wealth Disregarded

BERLIN, April 4.—The budget committee of the Reichstag, today passed a resolution, asking the Government to see that a diplomatic career was open to the most capable men, without regard to wealth. Gottlieb von Jagow, the Minister of Foreign Affairs, thanked the committee for the resolution, but added that it offered a hard problem to solve.

AIRSHIP IS SENT BACK BY FRANCE

German Newspapers Express Satisfaction With Course of French Authorities—Only One Discordant Note.

BERLIN, April 4.—The reported arrival of te dirigible Zeppelin IV. at Metz with the military commission, the members of which were held by the French authorities at Luneville when the Zeppelin IV. landed there yesterday, is hailed by the newspapers here with the greatest satisfaction. The conduct of the French Government is highly praised by the newspapers, even the Chauvinist organs joining in expressions of approbation of the hospitality shown the German officers and the promptness with which the French investigation into the affair was made.

The Lakal Anzeiger strikes the only discordant note. It prints a dispatch from Metz which says the dirigible was shot at while in the air, and its officers were insulted repeatedly after landing.

Whether the French military officers made a study of the plan of the Zeppelin while she was moored at Luneville is not clear, but it is felt here that little valuable data could be obtained by the brief examination they were enabled to make.

CITY POWERLESS TO ACT

Cannot, Under Existing Legislative Power, Do Away With Foul Bay Tent Colony

That the city has at present no adequate powers to deal with the tent colony which at present exists at Foul Bay and concerning which there have been frequent and loud complaints by owners of substantial dwellings in that section, was the opinion which the special Council committee appointed to investigate and report upon the matter, submitted to the City Council last night. The report points out that the city's powers under the Municipal Act do not permit the city to make regulations regarding the location of buildings except to a very limited extent; that there is no provision authorizing a by-law to restrict the location of tents or regulating the construction thereof. The report also points to the fact that Vancouver, limited to a similar extent, secured additional legislative powers at the last session of the Legislature, and it recommends that steps be taken to secure for Victoria at the next session of the Legislature the requisite powers to deal with such cases.

The committee further reported that the report of the sanitary inspector shows there is no violation by residents of the provisions of the health by-law and that while the fire chief considers that the use of stoves in tents constitutes a fire menace the fire prevention by-law does not deal with the question.

The Council decided to secure the required legislative amendments and in the meantime added fire protection will be given the district in which the tent colony exists by having a line of hose attached to a hydrant and always ready in cases of an outbreak of fire.

NEWS OF THE CITY

Officer of General Staff—Major Lipset, of the Canadian general staff for Western Canada, arrived in Victoria last evening and will leture to the officers of the 5th Regiment on Monday evening at the Drill Hall. He will deliver a lecture to the officers of the 88th Regiment on Thursday evening next.

Send Thanks For Grant.—The thanks of the Victoria Board of Trade to the city for the grant of $1,000 made towards the expenses of the delegation which has gone to Ottawa to urge more extensive harbor improvements, was received by the City Council last night. Mr. Lester Patrick, on behalf of the Victoria Hockey team, World's Champions, also tendered thanks for the civic grant towards a suitable testimonial for each member of the team.

Police Raid Chinese Quarters.—A raid on premises occupied by Chinese at 554 Fishguard Street, last night, resulted in the arrest of thirteen Chinamen, all of whom, it is alleged, were engaged in the fascinating pastime of "Fan Tan" when the police burst into the place. The prisoners will be arraigned in the police court this morning. The raid was effected by Chief Langley, Detective Inspector Perdue and several members of the plain clothes force.

Fisheries Commission.—Mr. D. N. McIntyre, Deputy Commissioner of Fisheries, and Mr F H Cunningham, the Provincial representatives on the Joint Fisheries Commission, are leaving in a couple of days for Ottawa to take part in the first sessions of the commission. These two British Columbia commissioners have just returned from Vancouver where they met representatives of the canners, and also of the Fraser River fishermen, with a view to obtaining any of their views which they might wish to have laid before the commission at Ottawa.

Restriction of Armament

BERLIN, April 4.—Discussing the latest race for military expansion in Europe, The Frankfurter Zetung in a leading article today suggests that the time is favorable for the holding of an international conference to evolve a plan for its restriction. The paper says: "No country participating in this rivalry can propose the conference. The United States alone is in a position to discharge this service for the other nations and to secure for itself their gratitude. President Wilson's inaugural speech warrants the hope that he will take the initiative, and in doing so he would be supported by the best citizens of his country."

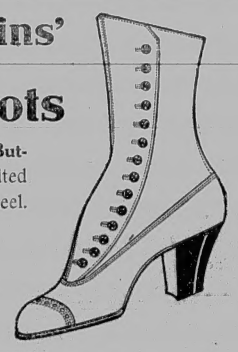

SPRING STYLES
—IN—
"20th Century" Clothing

The style illustrated is known as Model 28. It's a three-button style, with very smart lapels, fine shoulders and cleverly draped skirt. The dressy young man will appreciate its fine lines and will also appreciate the fact that it's the "20th Century" brand.

LEAGUE HANDLES CITY ADVERTISING

Meeting of Various Organizations Hands Work Over to League to Be Conducted—Interesting Suggestions.

For the current year the Vancouver Island Development League, of which Mr. E. McGaffey is secretary, will conduct the advertising campaign for the city of Victoria and the Island generally, so that a comprehensive plan can be adopted and carried out less exponsively than if all the forward organizations in the city undertook to do similar work.

This understanding was had yesterday at the joint meeting of representatives of the League, the Real Estate Exchange and the Progressive Club; and the funds subscribed by these several bodies will now in all probability be turned over to the League so that the campaign can be inaugurated without further delay.

The meeting took place in the rooms of the Real Estate Exchange, Government Street, and was attended by the leading officials of the organizations referred to. The City Council was also invited to send two representatives but apparently the notice had miscarried. No definite course of action was agreed upon in connection with this publicity, it being left to the League, whose executive will henceforth have representatives of each of the amalgamating bodies upon it, to devise the necessary scheme.

Several interesting suggestions were made however. Mr. McGaffey expressed the opinion that any booklet published by the joint committee relative of the city or the Island should be of such a size that it could be easily carried about in one's coat pocket.

On the other hand Mr. H. Hutchison suggested that it would be better in the interests of the subject in hand to issue a series of simple booklets dealing with the several classes of inquiries than to have but one colored pamphlet, which would cover less ground and probably cost more money.

Mr. J. J. Shallcross thought a compromise might be effected by making the booklet of a moderately large size and most comprehensive in its contents.

The meeting was attended by the following: Mr. Beaumont Boggs, (chairman), Mr. E. McGaffey, Mr. S. Leiser, Mr. L. D. McLean, Mr. H. Hutchison, Mr. R. W. Douglas and Mr. Randolph Stuart.

SUN WILL GO INTO A PARTIAL ECLIPSE

Partial Shadow of Sun Will Be Visible Here Tomorrow Morning—Others in August and September

A partial eclipse of the sun, lasting one hour, will, it is stated by Mr. Napier Denison, begin here a few minutes before 9 o'clock on Sunday morning. At the time of maximum eclipse one-half of the sun will be covered; this will occur about 9:20. This eclipse will be visible in Alaska, British Columbia and in the northern portion of the Prairie Provinces.

Another partial eclipse of the sun will occur on August 31, visible in Newfoundland and Labrador, and on September 29 there will be an almost total solar eclipse visible in South Africa and in the Indian Ocean.

There will also be a total eclipse of the moon on September 14, visible in Western Canada.

CAPTAIN WALBRAN LAID TO FINAL REST

Impressive Services Held at Residence of Daughter—Many Floral Tributes Presented

With impressive services the remains of Captain Walbran were laid in their final resting place, Ross Bay Cemetery, yesterday afternoon. The funeral took place at 2:30 from the residence of his daughter, Mrs. Napier Denison, 636 Superior Street, to St. James' Church, where service was held by Rev. J. H. Sweet. The choir was present and the hymns sung were both favorites of Captain Walbran, "Abide With Me" and "Forever With the Lord." The little church was filled with many old friends, many of whom had been connected with Captain Walbran in marine and other ways. The casket was covered with the Union Jack and many beautiful floral tributes.

The pallbearers were Captain Robertson, Agent of Marine; Captain Nicholson, manager of the Grand Trunk Pacific; Captain Newby, one of Victoria's well-known pilots; Mr. Vincent, one of the oldest members of the C. P. N.; Captain John Irving, commodore of the C. P. N.; Captain Gould, superintendent of Esquimalt dockyard. He was laid to rest beside his wife in Ross Bay Cemetery.

The following is a list of beautiful wreaths and sprays sent by the many kind friends of the late Captain Walbran: Mr. R. E. Gosnell, spray; Mrs. Thomas Earle and family, spray; Mr. and Mrs. Guy Langton, spray; Mr. and Mrs. B. C. Mess and family, spray; Mrs. G. Gurd and Miss Gurd, spray; Mr. and Mrs. A. W. R. Wilby, spray; Mr. and Mrs. McB. Smith, spray; Captain and Mrs. George Roberts, anchor; the Misses Russell, wreath; Miss Hislop, spray; Mrs. Gordon Grant and Mrs. Turner, spray; Miss Tobin, spray; Mr. and Mrs. Rutherford Blaikie, wreath; Mr. and Mrs. Napier Hibben, wreath; Mrs. and Misses O'Brien, wreath; officers and staff of the Marine and Fisheries, wreath; officers C. G. S. Newington, anchor; Dr. C. F. Newcombe, wreath; Captain and Mrs. D. Bowser, anchor; Lieut.-Col. Prior, wreath; Mr. and Mrs. W. Vaughn, spray; Mr. and Mrs. F. W. Vincent, wreath; Mr. and Mrs. F. J. Hal, spray; Mr. and Mrs. C. E. Ray, spray; Captain John Irving, wreath; Mrs. G. A. McTavish, spray; Mr. and Mrs. G. Aylard, spray; Mr. and Mrs. A. E. Wilson, basket of flowers; Mr. and Mrs. John Purcy, spray; an anchor from Florence, Napier and Ethel with the words: "Safely Anchored in the Calm Haven of Rest."

FURS RECOVERED AND WATCH DOG IS SAFE

Oak Bay Chief of Police Locates Booty Taken From St. Patrick Street House—Case for Trial This Morning.

Chief Handley of the Oak Bay Police force yesterday succeeded in recovering the furs and other articles stolen from Mr. Houston's house on St. Patrick Street on Wednesday last, and Bessie L. Thames, a former domestic in the family, will be brought up at the City Police Court this morning charged with the theft. The Boston bull terrier, which disappeared at the time of the theft, and which was believed to have been included in the loot, returned the following morning.

Whoever took the goods had evidently made attempts to cover the trail by suggesting that a man was the culprit. A note purporting to have been written by a man, was discovered in the house by the police, who also discovered that a decanter of whiskey had been taken into the kitchen and a pint apparently consumed there. However, Chief Handley's suspicions were aroused and he acting on the supposition that only someone intimately acquainted with the house was responsible, noticed a strong smell of whiskey at the back door, and found signs that whiskey had been thrown over some woodwork there.

He found that Mrs. Houston's present maid had only been with her for a month, and set to work to trace her predecessor, whom, after considerable difficulty, he succeeded in running down in a house within a short distance of St. Patrick Street. The prisoner stoutly denied all knowledge of the theft, but on searching the house where she lived the officers discovered the furs—which are valued at $135—in the basement, together with a couple of dresses also taken from the St. Patrick Street house.

The fact that the lock of the back door was not in good order furnished the first hint to Chief Handley that the thief was well acquainted with the house, and his quickness in appreciating the value of this, coupled with the persistence with which the clue was followed up, has been rewarded by the recovery of the missing property.

ANXIOUS FOR CAR LINE

Property Owners Will Urge City to Grade Bay Street to Enable B. C. Electric to Commence Work

Between twenty and thirty property owners on Quadra, Bay and the adjoining streets met last night under the chairmanship of Mr. C. A. Gaunt at 709 Fort Street to support the carline proposed by the British Columbia Electric Railway up Quadra Street.

Alderman Cuthbert was present at the beginning of the meeting and, after listening to the arguments advanced, advised the preparation of a petition, which, he promised, would receive prompt atention from the Council.

The meeting was unanimous in desiring the carline to take the Quadra Street route, and a petition was drawn up to the City Council stating that the only cause for delay in the commencement of the work by the British Columbia Electric Railway Company is that the portion of Bay Street where the line is to go is not yet graded; that this part of the work falls on the city and has already been decided on in answer to a former petition, and that the city be petitioned to remove this cause for delay in order that a large and growing section of the city may enjoy the privilege afforded elsewhere of an adequate car service.

A committee of ten was appointed to obtain signatures and to report on Monday night next at a meeting to be held at Mr. Alex. McKenzie's office, 1309 Douglas Street.

THE REAL ISSUE

There is no doubt that the Opposition, and the press which supports it, are very far reduced in their search for arguments to support the stand they take on the Naval Contribution Bill. That fact can be ascertained from the speeches recently delivered in Parliament and the leading articles which appear daily in the Liberal press. All show a desire to burke the real question at issue, which is not whether Canada shall have a permanent policy, a feature to which the leaders of both parties are committed; but whether this country shall give immediate and effective aid towards Imperial defence at a time of need. Efforts have been made to show that the attitude of The Colonist on the question is inconsistent, but no single quotation has been taken from this paper which can, except by mischievous falsification, be construed into a change of front. We are in favor today, as we were in 1909, of a permanent Canadian naval policy which will provide for the construction of ships in this country, but at the same time we are also in favor of, in addition, playing some part in the common defence of the Empire. That we regard as a self-respecting duty. That is the reason we support the attitude of Mr. Borden and believe that the gift of three Dreadnoughts is the only way in which immediate and effective aid can be given towards Imperial defence. We have sufficient faith in Canada's Prime Minister to believe that, as he has said, he will after exhaustive inquiries bring down a permanent policy and submit it to the people. We have every hope that it will be conceived on businesslike lines and will be of a character of which this country need not be ashamed.

Yesterday morning we printed an interview on the naval question with Mr. Clive Phillipps-Wolley. That gentleman, as the result of his interview, has been the subject of an attack in the evening paper, an effort being made to show that his attitude is inconsistent. The effort is entirely nugatory. Mr. Wolley stands where he did in March, 1910, when he fathered a resolution at a Navy League meeting, which, in addition to supporting the permanent policy of the Government, urged that an emergency existed which necessitated an immediate additional contribution of Dreadnoughts, or cash. And he went further. The resolution was to the effect that the entire naval service of Canada should pass automatically under the control of the Commander of the Royal Navy on the threat, or outbreak, of hostilities against Great Britain; not as Sir Wilfrid Laurier would have had it, that Canada should pick and choose whether she was at war when the Motherland became involved.

Mr. Phillipps-Wolley, in a letter from him which we print today draws attention to the manner in which he has been misrepresented by the evening paper. His letter serves to show up the tactics which are being employed in the policy of mischievous falsification which is in progress. No one who knows Mr. Phillipps-Wolley could believe for a moment that he ever could have said that Canada can rely on the Monroe Doctrine for her defence. The statement is in the nature of a gratuitous insult to that gentleman. The rest of the article in the evening paper, which purports to be written for the purpose of attacking the attitude of Mr. Phillips-Wolley, in reality serves only to show that throughout he has been consistent. He adheres unwaveringly to the quotations which are reproduced for an ulterior purpose, and, in the letter which we print, gives clear and concise reasons for the stand taken by Mr. Borden, who has evinced the consistency of statesmanship in his entire attitude on the naval question.

At the risk of again repeating ourselves let us recapitulate very briefly what the real issue at Ottawa is. We cannot do better than quote the words of Mr. Phillipps-Wolley, who says: "Mr. Borden pledged himself when in opposition to inquire, if he came into power, into the existence of an emergency and to make adequate provision for meeting it if he found that one existed. He promised after doing this to mature, after proper deliberation, a permanent policy for Canada's share in Imperial defence. This permanent policy he pledged himself to lay before the people because it would involve a great cost, extending over a considerable period of years. He has kept his promises as they came due, but his permanent policy is not due for publication yet and cannot be criticised by honest men because it has not been seen."

Thus it is apparent that the only question before Parliament at present is whether Canada is prepared to give immediate assistance towards the common defence of the Empire. Mr. Borden has shown conclusively that there is a very real need for such assistance. In his speech on the naval estimates the other day Mr. Winston Churchill said that it might be necessary for him to ask for a supplementary vote for more warship construction before the end of the fiscal year. There is "a great preoccupation" in European waters which there is every indication will be prolonged. Great Britain needs Canada's ships; the Empire needs them. There has been enough of lip service, what is wanted now is deeds, not words. That we believe is the attitude of the country. The people are heartily sick of the surfeit of talk which has been in progress at Ottawa. Thousands of Liberals throughout the Dominion, to again use Mr. Phillipps-Wolley's words, "value their country's honor more than their party's success at the polls."

NEEDS OF THE PORT

Nearly every day some further testimony is forthcoming which points forcibly to the needs of the port of Victoria. By the expression "needs," we do not mean only harbor improvements, but, on the contrary, think the term should cover shipbuilding facilities, a drydock plant, the industries which are complementary to the construction of vessels, and, as well, the installation of common user rails to carry the merchandise from railroad terminals to the ocean docks. All of these considerations are very necessary to the building up of a great port, for to a considerable extent they are interdependent. Yesterday morning we printed an interview with Mr. J. V. Paterson, the president of the Seattle Construction and Drydock Company, in which he drew attention to some of the needs of the port. He specially dealt with the desirability of improved shipbuilding facilities, which he rightly considers to be inseparable from the successful operation of a drydock. It is very obvious that wherever there is a drydock there must be also skilled workmen capable of carrying out repairs on different classes of vessels. As the work at such a plant is intermittent, it is necessary that it should be situated in the immediate vicinity of a shipyard from which the men required to carry out repairs can be obtained at short notice. This is a matter which cannot be kept too well in the forefront of public opinion. We want to see that a drydock is built here with the minimum of delay, so that it will be able to handle the large vessels which will use the Panama route, and call at the ports of British Columbia.

Mr. Paterson intimates that we are not as far advanced as we should be in the way of preparations. We regret to say that he is right. Much remains to be done. Too many efforts cannot be made to have our needs attended to and ample provision made for the additional traffic which will be using this port during the next few years. We have great hopes that the delegation now on its way to Ottawa will accomplish useful results, but, at the same time, it must not be forgotten that it will require the co-operative efforts of the citizens, exerted continuously, to keep our needs continually before the authorities. We have all the natural advantage for a great port. It rests with ourselves whether we see to it that it becomes so.

ENGLISH WOMEN IN CANADA.

There is in England an organization called "The Colonial Intelligence League for Educated Women," the object of which is to find places in the overseas Dominions for educated women seeking employment. Miss Ella C. Sykes, representing the League, has visited Canada and she read a paper upon her experience and observations before the Colonial Section of the Royal Society of Arts. Miss Sykes, while in Canada, endeavored to learn by personal experience what is expected of domestic servants in this country, and while such an effort is praiseworthy, it ought to occur to most people that her opportunities of learning actual conditions in that way were a good deal like buying a ticket in a lottery. She might or she might not have found herself in a typical household. It is impossible to lay down any general rule as to what is expected from a domestic servant in Canada. Miss Sykes had by no means an arduous experience, but she discovered that domestic service is not the place for educated young English-women; but any one at all conversant with conditions could have told her that. There are, of course, exceptional conditions. Miss Sykes found on "lovely Vancouver Island a large Anglo-Indian element in the community, and the ladies are only too glad to get girls of refinement to assist them with the housework and the children; in fact she was assured on all sides that these 'helps' have a really pleasant life, taking part in the tennis and the dances." This is very gratifying and what is more it is true, but golden opportunities of this kind are not many, and the League would not be wise in laying very much stress upon them. What is true of Vancouver Island in this regard is true of very many other parts of the Dominion. In all the towns and in all the better-off farming sections there are women, who would be very glad indeed to have refined young girls to assist them in their household duties and to receive them on terms of perfect equality, but they are like nuggets in gold-bearing gravel. It takes a lot of looking to find them. It would not be fair to young Englishwomen to allow them to come to Canada in search of such places under the impression that they are easily found, or that when found they are easily kept. The possibility that the girl may find herself a square peg in a round hole must always be reckoned with, and we do not know anyone more to be pitied than a refined girl out of employment in a strange land. There are organizations that will come to their assistance in some of the centres of population, but Canada is a country of "magnificent distances," and traveling is expensive After giving every reasonable weight to what has just been said, we must express our hearty approval of the conclusion to which Miss Sykes has come, namely "that the post of home-help is unsuitable for educated women." The exceptions prove the rule.

Miss Sykes makes some statements which are far from correct. She says that not 5 per cent of Canadian women keep servants. We assume that this means that in less than five households out of every 100 are domestic servants employed. We think this is a great underestimate. She says that from Winnipeg west the men outnumber the women in the proportion of twelve to one, and that in some of the new towns they outnumber the women by 100 to one. It would be interesting to know where Miss Sykes obtained this startling information.

In discussing the opening for educated women Miss Sykes shows very good judgment. She speaks of the profession of nursing as affording good prospects. It certainly does. The pay is also very good. There is always more or less of a demand for nurses, and it is certain to increase; but is is to be remembered that many young Canadian girls take up nursing and it is not correct, as Miss Sykes has been led to believe, that English girls are preferred. But this can be said of the English girl, who understands her profession, namely that she starts out without a handicap of any kind, except such as must of necessity arise from lack of acquaintances. Stress was laid in the paper upon the openings offered by the schools, and we think the case was very fairly stated. Stenography and typewriting combined were recommended as likely to afford good and remunerative employment, and here again we think the case was stated very fairly, although we hope no wrong impression has been conveyed by the statement that business men prefer English girls. Some may and some may not. Such a general statement is misleading.

As we hope this article will come under the notice of the League we will give a list of the situations for girls and women advertised in yesterday's Colonist: A governess with French and music; two cooks; nine general servants for the country; three general servants for the city; three house parlor maids; two nurse housemaids; a nursery governess; a Canadian trained nurse; a girl to do light housework and care for children; a drygoods saleswoman; a girl for housework where there are no children; a woman to do general housework and cooking; a general servant; a general servant not afraid to clean floors; an apprentice to learn hairdressing; a girl for office work; a general servant who is a good cook; a girl of refined appearance to take a place in a jewelry store; a telephone girl; a girl for general housework, English preferred. In addition to these there are the general run of advertisements from employment agencies. This, we fancy, will be found to represent the average run of advertisements for female help, and advertisements furnish a pretty safe guide to what is wanted. Here we have chances for thirty-four girls, and of these not half a dozen are what an educated young English girl would care to take or would be fitted to fill.

Miss Sykes deals at some length with the opportunities for women to establish themselves in fruit-growing and poultry-raising. She seems disposed to recommend these lines of work to educated young women. Here she is on very dangerous ground. These are occupations in which so much depends upon the individual, that only actual experience can tell whether a girl can hope to make a success of it. We are inclined to think the chances are against success unless the girl possess exceptional qualifications for the work.

We have spoken very frankly on the above subject because it seems desirable that educated girls ought not to come to Canada expecting to find success awaiting them and already assured. Everything depends upon the girl; but the very best equipped among them are likely to find that success will be found in some other direction than that from which it was expected. When we say that Canada is a land of opportunity, what we very often mean is that if a person cannot succeed in one thing, he or she can in another. The educated woman is welcome, but she ought to understand what she is coming to.

THE ESQUIMALT SCHOOL

Today the ratepayers of Esquimalt will vote upon a by-law to provide very much needed school accommodation. The amount of the proposed loan is $37,500, and if the by-law is carried the Government will contribute $40,000. It is difficult to see any reason why this by-law should be opposed. The school accommodation is very greatly needed, and if it is not provided as is proposed in the by-law it will have to be furnished in some other and probably more expensive way, for the Government assistance is not likely to be forthcoming to provide temporary accommodation.

We would like to impress upon the progressive ratepayers of Esquimalt the very great importance of recording their votes tomorrow. In every community there is a certain proportion of people who oppose any proposed expenditure, and it is too much to hope that Esquimalt is free from them. These people are always on hand to vote.

The progress of Esquimalt is assured. Indeed, it has only be delayed by uncertainty in regard to sewerage. Now that this has been taken in hand the last obstacle to the rapid building up of the district will shortly be removed. The establishment of the new terminals will mean very much for the township. New industries are in sight. In fact in view of all the circumstances the ratepayers will be very much to blame if they do not provide at once for necessary school accommodation.

There is some comment upon the abolition of spirituous liquors from the White House in Washington. This is not the first time this rule has prevailed. President Hayes did not permit their use.

The death of Miss Miles, so well and favorably known in musical circles in Victoria, was very sad. She was universally esteemed and furnished a splendid example of what a self-respecting and accomplished lady can achieve in this community.

Mr. Price Ellison, who has gone to Vernon for a rest, hopes before long to be in his place again. His present trouble is from lumbago. Mr. Ellison's many friends will be glad to know that he himself realizes that he only needs a little rest.

The general annual report on the British Army has just been issued for the year ending September 30, 1912. It shows that the regimental strength of the Regular Army was 253,762, as compared with 254,309 in 1911. The number of recruits who joined during the year was 30,316, an increase of 864 as compared with the previous twelve months. The strength of the Army Reserve was 139,077.

It is unfortunate that, for political reasons, an attempt should be made to thwart the efforts of the Attorney-General to bring about a settlement with the Kitsilano Indians. Our information is quite to the contrary of the allegations now being so freely made, and we are satisfied that, when the actual facts of the case are made public, the would-be mischief-makers will feel ashamed of themselves, that is if they have any sense of shame left.

Among those who will go to the Arctic with the Canadian expedition to be headed by Mr. V. Stefannson, are Monsieur Beuchat, the famous French anthropologist, Dr. Janiess, an Englishman, of South Sea Islands fame, and Professor Murray, also an Englishman, who was director of the scientific staff on the Shackleton expedition to the Antarctic. Mr. Stefannson has received scores of offers of gratuitous service, many of them coming from titled persons in Great Britain. The recent Antarctic tragedy seems to have proved a stimulus to polar research work.

The appeal to the United States to protest against the treatment accorded Miss Zelie Emmerson in Holloway Gaol is a strange performance. Miss Emmerson is a Detroit girl, who chose to go to London and engage in the pleasant pastime of smashing windows. Sentenced to imprisonment, she refuses to eat. Therefore, she is being forcibly fed. She has chosen to defy the law of the country, and no one has any reason to complain if she has to take the consequences. If she should be guilty of such a performance in her own country she would get similar treatment.

Manitoba University Gets Land

WINNIPEG, April 4.—The Provincial Government has informed the university council of its intention of granting them the site of 127 acres adjacent to the new agricultural college grounds at St. Vital. This information was conveyed in a letter from Sir Redmond Roblin to Archbishop Matheson, which was written February 21, but made public only yesterday at a meeting of the university council.

She Cannot Speak Too Highly of the New Drapery Materials For Summer 1913

OUR buyer has secured the largest and best assorted stock of drapery materials that we have ever shown. In cretonnes alone there are not less than 250 new designs in addition to many of the better patterns included in our last stock.

Then there are many other artistic fabrics suitable for Summer draperies from which you may choose. The famous "Sundour" unfadable fabrics are well represented in this showing, and if you desire artistic curtains that will not fade in the strongest sunlight, or in the process of laundering, order "Sundour" Madras and you will be delighted with your investment.

Here are a few details and prices of new cretonnes, shadow cloths and printed linens, etc.:

Cretonnes, 34 inches wide come in a very wide assortment of dainty patterns and colorings. Various qualities at, per yard, 75c, 45c, 40c, 35c, 30c. ..25c

Double Width Cretonnes are to be had in pretty and useful patterns and colorings. You have an excellent assortment to choose from at, per yard, $1.50, $1.25 and $1.00

Linen Taffetas 31 inches wide and an excellent quality are marked at, per yard, $1.25 and $1.00

Printed Linens. Although not a pure linen, these goods are an excellent quality and should render good service. Width 31 inches, and the prices, per yard, are $1.25 and $1.00

Linen Taffetas 50 inches wide come in many different patterns and qualities. Prices, per yard, $2.50, $2.25, $2.00, $1.75 and $1.50

Shadow Cloths. More effective patterns and colorings would be hard to conceive; then there is the added pleasure of choosing from a very large variety of new lines. Better values are not to be had. Prices start at $4.50 a yard, but other qualities are in stock at prices ranging down to as low as $2.00

Loose Covers for Your Furniture. We have a large and efficient staff of experienced upholsterers for this class of work, and if you wish to have the work done well, quickly and at the least possible expense, place your orders now and we will give them our best attention.

Estimates and any other information you may require free of charge.

See Window Display of Cretonnes—Government Street

The "Acme Washer" Makes Light Work of Wash Day

Costs $10.00 But Once You Use It You Wouldn't Be Without It for Twice That Amount

It runs so easy that a child can use it, and, what is even more important, it does the work quickly and thoroughly.

There's not the slightest danger of tearing or damaging the most delicate laces or linens; it stands as firm as a rock when in use, and is easy to keep clean. There are many other features worth mentioning, but it is much better for you to see the machine and you'll easily see why we are enthusiastic about its merits.

If You Want Kitchen or Laundry Appliances

See Our Showing in the Government St. Window

It is impossible to mention all the conveniences for use in the kitchen and laundry that we have in stock—space is too limited. However, we invite you to call in and look over our stock, but we don't wish you to feel under any obligation to make a purchase unless you are satisfied that no better values are to be had.

Curtain Stretchers come in four styles, and each of them is all that you can wish for at the price. Your choice at, each, $4.00, $3.50, $3.00 and $2.00

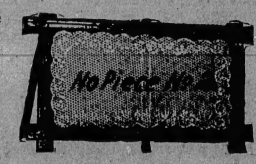

Clothes Horses come in a variety of styles and sizes. Here are just three of the lines:
2-bar and 3-fold at, each..$1.00
3-bar and 3-fold at, each..$1.25

WOULD FIX STATUS OF WATERFRONT LAND

City Seeks Delay to Further Consider Grant of Land to the Federal Government for Harbor Development.

That the City Council last year, by its action in petitioning the Government to permit title in the property lying between Ogden Point and the present Outer Wharf property on Dallas Road being vested in the Dominion Government by order-in-council, committed an act which was not necessary, and which, if carried through by the passing of an order-in-council, would simply mean the giving over to the Federal authorities a parcel of land of very great value, when the city might well retain control of the land, was the argument advanced by Mayor Morley in a communication read at last night's meeting of the Council.

The Mayor urged that, in view of the fact that the order-in-council, the passing of which was provided for in the amendment to the Cemetery Ordinance, 1870, approved by the last Legislature, has not yet been passed, it is not too late to approach the Government and present the city's claim to the effect that the lands should not be vested for all time in the Federal Government, and that the city should not give up lands, worth perhaps $2,000,000 in order to obtain harbor improvements valued at $1,500,000.

As a result of the discussion, it was decided to lay the Mayor's communication over for a week, and today a committee composed of the Mayor and Aldermen Dilworth, Houston, Cuthbert and City Solicitor Robertson will wait upon the Government to urge that until the city has time to fully present its case, no order-in-council be passed vesting title of the lands in question in the Dominion Government.

Action of Last Year's Council

On July 15 last year, the City Council, by resolution proposed by Alderman Okell and seconded by Alderman Gleason, decided that, whereas the property lying between Ogden Point and the property now known as the Outer Wharf is park land, and it was desirable to vest such land in the Dominion Government, "in order that harbor improvements and public works may be carried out thereon by the Dominion of Canada"; that the city petition the Provincial Legislature that an act be passed vesting in the Dominion all the land lying between Ogden Point and the Outer Wharf, and bounded on the north by Dallas Road and on the south by the waters of the Straits of Juan de Fuca, containing in all nearly nineteen acres.

At the last legislature the Cemetery Ordinance, 1870, the act under which the land was granted to the city for public purposes, was amended in accordance with the Council's petition. Section 3 of the amending act providing that from and after the passing of an order-in-council, the city shall cease to hold in trust or otherwise howsomever such land or have any right, title or interest therein or thereto, and the registration of a certified copy of such order-in-council in the Land Registry Office shall vest title in the Dominion to the extinguishment of the title of the city.

In calling attention of the Council to the above facts and to the fact that as yet the Provincial Government has passed no order-in-council, thought it might do so at any time, and once such order-in-council was registered it would be too late for the city to intervene, the Mayor urged that the city immediately request the Government to proceed no further in regard to the matter pending an application by the city to the Dominion and Provincial Governments regarding the ownership of the lands in question.

In his opinion it was entirely unnecessary for the city to give up its right to these foreshore lands, representing a value of some $2,000,000, in order to obtain improvements by the Dominion Government to the value of $1,500,000 any further than during the period of the work of improvement. The Mayor pointed to New Westminster, where the future, from the standpoint of shipping, had been immensely improved by that city's forethought in obtaining extensive waterfrontage under city ownership, on account of which that city is experiencing no difficulty in obtaining further foreshore grants from the Dominion as well as extensive assistance in the nature of harbor improvements which the city will continue to own and control.

Would Hold Waterfront

Except for small street ends and other small parcels the city, the Mayor pointed out, owns no waterfront property available for city-owned or controlled docks or wharves except that which can be utilized on the Dallas Road, of which the piece in question is the most valuable. The city should follow the example of New Westminster, the most important work at present being the winning back of the land now forming part of the Outer Harbor improvement by obtaining the approval of both Governments to the non-enactment of section 3 of the Amending Act as passed last session and the rescinding of whatever action has been taken towards the alienation of the city's title in the land to take effect at the completion of the work now undertaken and any additions thereto by the Dominion Government.

The Mayor expressed the belief that if a properly constituted board of harbor commissioners is appointed to safeguard all matters of proper expenditure of public monies, collecting revenue and management of the public-owned harbor works and facilities, there would be no difficulty in preventing the alienation of the city's title in the land.

Alderman Dilworth stated that he had been informed the land in question was granted by Governor Douglas to the Dominion for military purposes, and subsequently the Dominion deeded it to the Province, and later the Province gave it to the city for cemetery purposes. The original terms of the grant were therefore violated, and it was a question whether the city has yet got proper title.

Hints at Repudiation

Alderman Cuthbert believed the Mayor's suggestion smacked of repudiation of engagements entered into between the city and the Dominion, which claims the land is necessary for the harbor development work. Now, after the contract for the breakwater is let and a delegation is en route to Ottawa to secure still more extensive works and expenditures, is the city to inform the Government that it will demand the land back? He believed the Government would tell the city to, in that case, build the harbor works itself. The city could not afford to let it be understood that the engagements of one Council will be repudiated by the next.

The Mayor declared he did not suggest repudiation. He merely asked that the Government be requested to pass no order-in-council vesting title in the Dominion until the matter can be more fully discussed. He believed the city could save the land and at the same time secure the full Government support to the harbor works on a basis similar to that on which similar works have been built in all other ports in Canada. In New Westminster the Government gave waterfront and yet a large grant has been made towards harbor improvement. The Federal Government desires control of the land only during the progress of the works, and then some joint arrangement could be made relative to the management of the improvements. It would be better to vote $1,500,000 towards the work and keep the land. He doubted if the Council of last year had any right to dispose of any part of the land, and he felt that the idea was to allow the Government to use the land only pending completion of the work, but the provision of the act as amended would give absolute title to the Government.

A Mr. Devereux whom, the Mayor stated, had called his attention to the matter, addressed the board for some minutes, pointing to the necessity of the city retaining title in all the foreshore land.

The suggestion that the Government be asked to postpone action relative to the passing of any order-in-council until the matter be further considered, was unanimously passed.

ENTERTAINMENT IS PROVIDED BY ELKS

Victoria Lodge No. 2, B. P. O. E., Hold Enjoyable Concert at Victoria Theatre—Funds for Club

Victoria Lodge No. 2, Benevolent and Protective Order of Elks of the Dominion of Canada, held an enjoyable concert in the Victoria Theatre last evening, the proceeds of which will be donated towards the furnishing of the new clubhouse. The varied programme given proved that Victoria possesses some fine local talent of its own.

One of the best feature was the wonderful conjuring tricks done by Mental, who did marvelous things with balls, supposedly empty hats, pieces of paper, etc., and also gave a clever example of sensational mind reading. Mr. R. G. Barnum, last on the programme, but certainly not least as far as entertainment was concerned, gave one of his interesting and exciting scientific demonstrations of psychic phenomena, which was followed by his audience with much interest.

Others taking part in the programme were Mrs. E. Mauvais, formerly soprano soloist with Sousa's Band, who gave a charming rendering of "Nymphs and Fawns"; Mr. W. H. Maysmith, whose ventriloquist turn with talking blockheads was another successful feature; Mrs. Wells, lyric soprano, who gave "Foreboding"; Mr. N. D. Woodworth, who told the sad story of the troubles of the fat man, in song and story, and Mr. Jack Trace, who gave a pathetic rendering of the well-known favorite, "Silver Threads Among the Gold." The programme commenced with The Elks' March. The entertainment committee, who had charge of the concert arrangements, consisted of Messrs. N. D. Woodworth, N. B. Maysmith, C. F. Moriarity, R. McMaster and E. R. Hill, chairman.

Canada Maru Cleared Port Yesterday Afternoon for Puget Sound Ports

After discharging 450 tons of Oriental freight at the Outer Docks the Osaka Shosen Kaisha liner Canada Maru cleared port yesterday afternoon for Seattle and Tacoma. For Puget Sound she has 2700 tons. Among the first-class passengers disembarking here were: Mr. R. Yamamoto, Mrs. Tami Nagasawa, from Nagasaki; Mrs. R. Tamamoto, from Kobe; Mr. H. Akune, from Yokohama; Mrs. R. Morita, Mr. F. Fujisaki, Mr. W. Sarai and Mr. Z. Kobayashi. Steerage passengers to the number of 139 also left the Canada Maru at Victoria.

PORT IMPROVEMENTS TO DEVELOP ICELAND

COPENHAGEN, April 4.—Schemes are on foot for economically developing Iceland by means of port improvements at Reykjavik and the building of a railway. The port works are calculated to cost 2,000,000 kroner (about $555,000), and will take three of four years to complete. The Icelandic Parliament has already voted a credit for surveys for a line of railway from Reykjavik to Thingvalla, which can now only be reached on horseback.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PROMPT DELIVERIES TO ALL PARTS OF CITY

NEWS OF THE CITY

An Error Corrected.—Through a typographical eror it was stated that Mr. J. Scott was among the speakers at the Ward One Conservative meeting on Thursday evening. The gentleman was Mr. H. G. Scott.

Assembling Plant—The contractors for the roundhouse and machine shop to be erected on the Victoria terminals area by the C. P. R. are now assembling their plant and will shortly commence the actual work of construction.

Revision of Voters' List.—The Voters' List closes on Monday next, and all objections by agents must be received within the next few days, as these must be registered a clear month before the sitting of the Court of Revision on May 19.

Writ Issued for Libel—Mr. C. H. Topp informed The Colonist last night that he has entered an action for alleged slander against Councillor Williams, of Saanich, the complaint being based on remarks said to have been made at a recent meeting in the municipality.

Building Permits—Building permits were issued yesterday by the building inspector to Mr. A. C. Burdick for alterations and additions to dwelling on Rupert Street to cost $2,000; to the Bungalow Construction Company, dwelling on Walton Street to cost $3,000, and a dwelling on Dunbar Street, $2,500.

Will Issue Permit Today—The permit for the handsome eight-story store and office building to be erected by Mr. R. T. Elliott on the east side of Government Street, between Cormorant and Fisguard Streets will probably be issued today and will materially swell the building returns for the month. The estimated cost of the building will be in the neighborhood of $175,000.

Opening for Painter—One of the Islands in the Gulf has applied to the Vancouver Island Development League to make known the fact that there is a good opening on it for a painter who is prepared to begin work at once. Other letters expressing the writers' intention of soon coming to the Island came in from Glasgow, Edmonton and New York.

Approve Assessment By-laws—At a session of the civic Court of Revision on local improvement assessment by-laws yesterday morning twenty-five by-laws, the work under which has been completed and the assessments to be paid by the various owners interested fixed, no objections against the amounts levied were received and the assessments as set forth were approved.

Supplies for Dredging Fleet—Mr. J. L. Nelson, Superintendent of Dredges at Vancouver is now calling for tenders for supplies for the use of the B. C. Dredging Fleet at Victoria for the ensuing twelve months. Forms of tenders may be obtained from Mr. W. Henderson, Architect of Public Works, in this city and the tenders must be in by noon of April 17, next.

Obstinacy Results in Fine—Joseph Usatt, who on Thursday evening refused to get off the tracks of the E. & N. Railway Company, on the trestle just west of Johnson Street bridge, as the city-bound train was approaching and who had to be forcibly ejected from the right-of-way, was convicted by Magistrate Jay yesterday morning on a charge of disorderly conduct. He was fined $10 with the option of ten days in jail.

Committed for Trial—Arthur G. Smith, sentenced a few days ago to serve a two-year penitentiary term on a charge of forgery, was committed yesterday afternoon by Magistrate Jay on two charges of having secured money under false pretences. One charge was to the effect that he secured $18 from Mr. Dan Campbell, proprietor of the Colwood Hotel, on a worthless cheque, and the other that he secured $21 in like manner from Mr. C. A. Goodall, grocer, Colwood.

Fruit Trade Competition—Almost every edition of the Washington papers contains accounts of the vigorous efforts that are being made by the fruit-growers of the United States to place themselves, by the perfection of co-operative methods, in a position to capture the Prairie markets of the Northwest, as well as to obtain fair prices for their crops in their own markets. The lesson of the breakdown of their present systems last year has been taken to heart and before 1914, which will probably be the next bumper year, they hope to have their organization complete.

S. P. C. A. Auxiliary Meeting—The S. P. C. A. Auxiliary met yesterday afternoon at the Alexandra Club with the president, Mrs. T. F. Crowe, in the chair. Arrangements were made for the selling of the boxes at the Spring horse show, a task which has been undertaken by the ladies of the Auxiliary, a percentage from the sale of which will be devoted towards the funds of the society. A letter was also read from Dr. Donald, one of the school trustees, to the effect that the School Board had agreed to allow the subject of kindness to animals to be taught in the schools.

School Attendance—Owing to minor sicknesses among school children the attendance at the various city public schools during March showed a slight falling off as compared with the previous month. The comparisons for the various schools was as follows: McGill College, 25-25; High School, 362-374; Boys' Central, 511-514; Girls' Central, 452-453; North Ward, 472-578; South Park, 313-314; George Jay, 447-456; Victoria West, 342-346; Moss Street 447-432; Kingston Street, 279-285; Bank Street, 201-199; Spring Ridge, 115-133; Hillside Avenue, 159-172; Rock Bay, 83-93; Fernwood Road, 124-128; Fisguard Street, 69-66. Total, 4502-4568.

Life-Saving Examination—Last night at the Y. M. C. A. swimming bath Mr. R. H. Pomfret and Dr. Donald put two candidates, J. McNeil and R. Clarke through an examination qualifying for the proficiency certificate and bronze medallion of the Royal Life-Saving Society. The competitors, both pupils of Mr. Warren Long, passed and the percentage of marks obtained will be announced today. A number of ladies watched the test and showed a great interest in the work of the society, expressing regret that at present more opportunities were not afforded women to make themselves proficient in life-saving methods.

Saanich Council. — Tomorrow the Municipal Council of South Saanich hol dits regular fortnightly meeting at 3 o'clock. Deputations are to attend from Wards 1, 2, 3, 4, and 5 to present resolutions passed at recent meetings of ratepayers protesting against the appointment of an engineer who does not give his whole time to the service of the Municipality, and also other resolutions requesting the resignation of the Reeve and Councillors Quick and Dunn.

Defendant Collapsed—While on trial in the police court yesterday morning on a charge of having supplied intoxicants to Indians, Mrs. Pollock collapsed and the magistrate postponed judgment until Tuesday morning next. The case arose out of the evidence submitted at the recent inquest on the body of an Indian, Jack Tschesh, who was burned to death when Mrs. Pollock's shack on the shore of the former Indian Reserve was burned to the ground last week. Two Indians testified that Mrs. Pollock had brought two bottles of whiskey to the place for Tschesh but the latter was not there at the time and the witnesses and Mrs. Pollock had drunk the liquor in the house.

Well Known Resident Passes—Mr. William Healy, aged 71, one of the best known residents of Sooke, passed away at St. Joseph's Hospital yesterday afternoon. He was a native of Athlone, Ireland, coming out to Canada, a farmer by occupation, fifty-five years ago, and had lived for the past twenty years at Sooke Lake, where his ranch was the rendezvous of the sportsmen of Victoria visiting that district. About a year ago he entered into proceedings with the city, which wanted part of his property at Sooke for the installation of water works, and after considerable negotiations sold the land for a settlement of about $40,000. He had been ill for some time, and was removed to St. Joseph's Hospital five weeks ago.

Receive Benefit of Doubt—The charge brought against Max Skelton and Alexander F. Christie, of breaking and entering the Steele saloon, lower Bastion Street, on Thursday evening, was dismissed by Magistrate Jay in the police court yesterday morning. The two men stated that they had visited the saloon about 6 o'clock in the evening and were surprised to find the premises closed at that hour. They had opened the rear door without trouble and as both were rather under the influence of liquor they thought it would be a joke for Skelton to play bartender while Christie stood before the bar in the capacity of customer. They had not touched any of the contents of the bar when the bartender returned from supper and, looking through the front window, had seen them within. They denied having taken two bottles of liquor alleged to have been stolen and the magistrate gave them the benefit of the doubt and allowed them to go free.

Fruit Growers Co-operating.—The negotiations at present being carried out among the fruit growers of the Okanagan with a view to perfecting a system of co-operative selling for the whole district are being carried on energetically. Mr. W. E. Scott, Deputy Minister of Agriculture, stated yesterday that meetings have already been held at Summerland and Vernon, and the ranchers of those districts are taking up the matter most enthusiastically and have practically arranged matters as far as their centres are concerned. The whole of their output will be handled through one agency in each district, and these agencies will, when a central selling agency is established for the Okanagan, market through it. Since the Okanagan output comprises 75 per cent of that of the whole Province, it will be seen that a very important and forward step is being taken towards the central selling agency for the whole Province, which is the ideal aimed at. The farmers will be under contract to sell only through the local agencies, and from these the produce will be passed on to the central institution.

Connaught Fancy Dress Dance.—The fancy dress dance given by the Connaught Club last evening at the Connaught Rooms on View Street was very well attended and passed off most successfully. A number of charming costumes were seen, and these, as usual, were of many different varieties, although many of those present appeared in ordinary evening dress. The guests included Mrs. Charles Wilson, very striking in a beautiful and becoming Indian costume; Mrs. Harry Pooley, in black; Mrs. J. W. Stevenson, in black; Mrs. Basil Prior, in black velvet and jet; Mrs. Lauder, in pink satin and lace; Miss Sweet, in pink satin; Miss McClure, in white satin; Miss Lottie Bowron, in a yellow domino; Miss Bagshawe, Quaker girl; Miss Freda Bagshawe, gipsy; Miss Norman, Quaker girl; Miss Dolly Finlayson; Miss Fraser, poudre; Mrs. Rochfort, in pink satin; Miss Watney; Miss B. Le Sueur, in white satin; Miss Vera Mason, in cerise, Miss Gonnason, white brocaded satin; Miss Cecilia Green, in cerise tulle over white satin; Mrs. Mitchell Elkins; Mrs. George Simpson; Messrs. Bagshawe, Hoard, Wardle, Welch, Hamilton, Indian costume; Mr. Powell; Mr. R. W. Rose, Cardinal Richelieu; Mr. A. Chalk, Egyptian effendi; Mr. Malin, hunting pink; Mr. Meyerstein, Genoese costume; Captain Harker, and many others. Supper was served after which dancing was resumed.

THE WEATHER

Meteorological Office, Victoria, B. C., at 8 p. m., April 4, 1913.

SYNOPSIS

A storm area of considerable force has developed on the British Columbia Coast and spread inland and southward causing general rainfall from Prince Rupert to California and strong easterly gales on the straits and outside waters, the wind reaching an hourly velocity of 48 miles at Tatoosh and 60 miles at Northhead. East of the Rockies the pressure has increased, the high area being now centred in Manitoba and the weather fair with moderate temperatures.

Proposed Plan for New Drill Hall for Victoria

NEW DRILL HALL MOST COMMODIOUS

Ample Provision Made for Future Development of Victoria's Military Strength—Features of the Building.

From a sketch which has been made by Major W. Ridgway Wilson of the proposed new Drill Hall for Victoria which was recently submitted to and approved by the Ottawa authorities, and the construction of which will be commenced at an early date, Victorians have their first opportunity of seeing what the new structure will look like. The site of the Drill Hall is on Bay Street, off Douglas Street.

Though the exterior will present a somewhat imposing looking building it may be said that this result is obtained by the general grouping of the floor plan by elaborate ornamentation; but at the same time its air of militarism cannot be denied, in fact it is part and parcel of the plan.

In regard to the accommodation provided for in the new hall it may briefly be stated that there is ample room for an infantry regimen; and an artillery regiment, each with distinct executive offices, together with separate quarters for the officers, non-commissioned officers and men. Individual (in the regimental sense) recreation rooms are also provided.

One of the leading features of the new drill hall will be the basement, wherein it has been possible to provide accommodation for such widely divergent interests as a miniature rifle range, and a bowling alley. Mention of the bowling suggests the general attitude of the local officers which is generally that counter attractions must be provided within the drill hall to those that are to be enjoyed outside of the drill hall. In other words, the recreations of the men must be considered as of equal importance to the other essentials, as otherwise the peculiar conditions of Western Canada life will make it difficult for the units now in existence or in contemplation to attain their full strength.

Extent of Accommodations.

As a slight indication of the extent of the accommodation which is provided for in the new hall it may be stated that separate quarters are to be established for each of the following smaller units, either contemplated or now in existence: The Corps of Guides, the Field Ambulance Corps, the Army Service Corps, the Cyclist Corps, the Signaling Corps; and in addition to these it is proposed to have an armory for the Cadet's rifles.

An inclined grading will lead from the main floor to the basement so that the Army Service Corps and the Field Ambulance Corps may be able to store their equipment without difficulty or loss of time.

Not the least interesting feature of the building will be a large assembly hall for the holding of meetings of the Rifle Association, the Campaigners, and other military organizations. This hall will also be used as a lecture hall during the training classes.

Suitable accommodation for bands is made well up in the tower where they can practice to their hearts' content without interfering with the manoeuvres of the other departments. Three suites of cosy apartments are also provided for the caretakers.

SOCIAL AND PERSONAL

Mrs. Myers, 527, Trutch Street, will be at home Saturday, April 5, from 3 to 6 p.m.

Miss Ethel Bruce left town yesterday afternoon to spend the week-end in Seattle.

Mrs. Thos. Hardy, 40, Government Street, will not receive again this season.

Mr. A. G. McVicher, of Winnipeg, is in the city for a few days, and is stopping at the Ritz Hotel.

Mrs. Gordon and Miss Jeffares, who have been staying at the Ritz for the last week, left for Seattle.

Mrs. Meyers, 527 Trutch Street, will be at home on Saturday, April 5, from 3 to 6, and afterwards on the first Tuesday of each month.

Mr. and Mrs. Charles A. E. Shaw, of Greenwood, B. C., announce the engagement of their daughter, Ida Mary, to Mr. Horace G. Shaver, of Toronto.

Captain C. H. Nicholson, superintendent of the Coast fleet of Grand Trunk Pacific steamships, is in the city, a guest at the Empress Hotel.

Mr. and Mrs. J. H. Smith of this city left yesterday for an extended visit to San Francisco, and while there they will motor through California. They expect to return in six weeks.

Mr. D'Arcy Tate, vice-president of the Pacific Great Eastern Railway, is in Vancouver, conferring with Mr. Patrick Welch, one of the directors and the contractor for the western end of the line.

A quiet wedding took place on Thursday afternoon last at St. Saviour's Church, Victoria West, when Ada Gladys, only daughter of Mr. and Mrs. Rutter, of Lampson Street, became the bride of Mr. Frederick Corson Holden, Rev. Mr. Connell performing the ceremony. The bride was given away by her father, Mr. Ernest J. Down acting as best man. Mr. and Mrs. Holden left on the 4:30 boat for Seattle, where a short honeymoon will be spent.

MANY FRIENDS MOURN DEATH OF MISS MILES

Her Funeral Will Be Held This Afternoon—Was Well Known for Musical Proficiency

A very large circle of intimate and loving friends mourn the loss of Miss Mary M. Miles, who was one of the most accomplished musicians in Victoria. Her death took place on April 1 and the funeral will be held this afternoon from the home of Mr. and Mrs. Richard Nash at 2:30 and from the Cathedral at 3 o'clock.

Mary Matilda Miles was born in Trinidad, British West Indies, in 1873, and was the youngest daughter of William Miles, M. A. Headmaster of Queen's College, Trinidad. She received her education at Cheltenham Ladies' College, England, and studied music under E. Power and Daurenther at the Royal College, London, where she was a contemporary of Clara Butt and Coleridge Taylor. The talented girl chose the profession of music as her life's work and for seven years before leaving England, was head of the musical staff of the Middleboro High School. Coming to Victoria in 1904, Miss Miles engaged in teaching and solo work.

In the field of chamber music she had great experience and ability and her greatest delight was to engage in it. For many years Miss Miles acted as accompanist to the Arion Club and the Victoria Choral Society and was an active member of the Ladies' Musical Club from its inception. During a long and painful illness Miss Miles preserved to the last the sweetness of disposition that endeared her to all who knew her. The only surviving relatives are Mrs. White Fraser of Tranquility, Cobble Hill, and Dr. Miles, a noted surgeon in London.

CANADA'S AID IN EMPIRE DEFENCE

Mr. Arthur E. Hepburn Says Contribution Is of Immediate Importance—Need of Imperial Flying Squadron.

Still further testimony to the need of a Canadian contribution to Imperial naval defence was forthcoming in an interview with Mr. Arthur E. Hepburn, of Vancouver, a gentleman who is the acting vice-president for Canada of the Naval and Military Emigration League of Great Britain. Mr. Hepburn is a guest at the Empress Hotel. He says:

"I publicly maintained after my return from England, when I visited there during coronation year, that Canada should give a contribution of, from $35,000,000 to $50,000,000, towards the Imperial Navy, and that no party feeling should be developed. There is no question about Great Britain needing all the generous assistance possible from all her Oversea Dominions. It should be forthcoming spontaneously and immediately. The need is urgent and the only way in which it can be met is that proposed in the bill now before Parliament. In due course the provision of Canadian fleet units will undoubtedly become an accomplished fact. It is only natural to suppose that the methods by which they will be brought into being should be a subject of discussion at Ottawa, but I hope whatever is done in this direction will be along true Imperial lines. It must be apparent to everyone that it is absurd to consider the building of Dreadnoughts in Canada for several years to come. The industry of warship construction must be started in a small way and fostered during its growth.

"The real question before Parliament at present is whether in a time of need Canada should give assistance towards the common defence of the Empire. When Mr. Borden was in London last year he was given absolute proof by the highest council of naval affairs that tangible assistance was needed. What we want is an Empire fleet, to be sent wherever its services are needed, that is, wherever the Admiralty may direct. Just at present the treaty between Great Britain and Japan safeguards British interests in the Pacific. Of course the time will come when that treaty will expire, and when it does may not be renewed. Then some other measures will have to be taken whereby more Imperial warships will be stationed in this ocean. Within another decade Japan will be a great naval power. She is one now; and in addition is pursuing an energetic policy of naval expansion which must prove an immense factor in the rivalry for the mastery of the Pacific in the future. By that time, however, there is every reason to believe that Canada's shipbuilding will have been fostered to such an extent that it will be possible to turn out warships, or rather I might say that warships will have already been turned out, from British Columbia yards. Already there are evidences of a systematic attempt which will lead to the upbuilding of ship construction on this Coast. I might say that for the past two years the establishment of a steel industry on the Coast has been under careful consideration. All the technical data respecting it has been secured and there is every reason to believe that definite action will be taken in the near future."

His Royal Highness the Duke of Connaught is the patron of the Naval and Military Emigration League of which Mr. Hepburn is a vice-president and a member of the general council. The president is Lord Roberts.

OBITUARY NOTICES

CAPTAIN BEYNON—Captain William Beynon passed away at 8 o'clock last night at the family residence, 1929 Chambers Street, after a long illness.

HANNEBURY—The funeral of Mr. Patrick Hannebury took place yesterday afternoon from the Victoria Undertaking Parlors, Rev. Gilbert Cook officiating. The Longshoremen and Firemen's Union, of which he was a member, attended the obsequies in a body, the pall bearers being Messrs. J. Green, J. Denby, W. Campbell, J. MacDonald, J. Mark and G. Switzer.

FLEMING.—Mr. James Fleming, aged 32 years, died yesterday at the Jubilee Hospital. He was a native of Ireland and a teamster by occupation.

LINDSAY—The funeral of the late Mr. T. J. Lindsay took place yesterday afternoon from the parlors of Hanna & Thomson, Rev. Thomas Keyworth, officiating. There were many friends present and a number of beautiful floral tributes covered the bier. The following acted as pallbearers: Messrs. M. McKinnon, John W. Speed, C. N. Tubman, J. Joynt, R. Truran and Geo. Wilson.

Births, Marriages, Deaths

MARRIED

WALLACE-GARDNER—At Burgie Ranch, on March 29, Edward Ord Wallace, Moffat, Scotland, to Margaret Edith, eldest daughter of Captain Gardner, Burgie Ranch, Calgary.

DIED

HEALY—On the 4th inst., at St. Joseph's Hospital, William Healy, late of Sooke Lake, B.C., aged 71 years. Born in Athlone, Ireland.

The funeral will take place from the B.C. Funeral Co's chapel, 734 Broughton Street, on Monday, April 7, at 2:15, and fifteen minutes later at St. Andrew's Roman Catholic Cathedral. Interment in Ross Bay Cemetery.

HUGHES—On April 3, Cora May Hughes, beloved wife of J. M. Hughes, 1033 Burdette Avenue.

The funeral will take place Saturday, April 5, from Sands & Fulton's Funeral Parlors, 1519 Quadra Street, at 2:15 p.m., and fifteen minutes later from the First Baptist Church. Rev. J. B. Warnicker will conduct the services. Interment in Ross Bay Cemetery.

MILES—On April 1, Matilda Mary Miles, aged 39, sister of Mrs. White-Fraser, Tranquility, Cobble Hill.

Funeral on Saturday at 2 p.m. from the home of Dr. and Mrs. Richard Nash, 1005 Pemberton Road, and at 2:30 o'clock at Christ Church Cathedral. The Rev. R. Connell, of St. Savior's Church, will take the service.

MINTY—On the 3rd inst., at the family residence, 904 Russell Street, occurred the death of Mary Kathleen Minty, aged 15 years, daughter of Mr. and Mrs. William Minty. She leaves to mourn her loss father and mother, brother and sister, all of Victoria.

The funeral service will take place today at 2:30 from the parlors of Hanna & Thomson, Rev. Leslie Clay officiating. Interment, Ross Bay Cemetery. Friends please accept this intimation.

You Should Hear THIS Columbia Play THESE Records

Nothing has been discovered which can add so much to an already happy and contented home as the Columbia and Columbia Records. If you have ever heard a disc-playing instrument, you know what wonderful things they are; but if you have never heard a genuine Columbia, you do not know what such instruments CAN be. Come in this week and hear the latest hits on any Columbia you fancy. Costs nothing, and means no obligation.

Here's the Columbia "Favorite" Grafonola, the most popular Columbia made. You should hear it in your favorite selections; such pure, sweet, human tone, such fidelity of shading and intonation, and such clear enunciation. It is easy to close your eyes and imagine that the singer or instrumentalist stands before you. The "Favorite" costs only $65, and we sell it on such easy terms that you hardly notice the payments, and yet you enjoy the instrument while paying for it. Come in and hear it.

Have You a Subdivision?

During 1912 we did the advertising for seventy-one subdivisions placed on the local market. At the present time we are handling more real estate advertising than any other advertising agency on the American Continent. This means that we are in a position to give you the most authoritative advertising procurable today. When we advertise a subdivision, we do it according to a fully formulated plan. We can tell you the appropriation required, the exact cost of all publicity, and will be pleased to supply you with a complete sales plan, combining the complete experience gleaned from the former propositions put on the market. Our Copy and Art Departments can greatly facilitate matters for you in any phase of the work. Place your proposition in the hands of The Hutcharm Co. They will assume all the responsibilities and give you an advertising service that will make you proud of their co-operation.

ADVERTISE IN THE DAILY COLONIST

SESSION WILL BE OF SPECIAL INTEREST

Annual Meeting of Victoria Board of Trade May Be Graced by Presence of the Lieutenant-Governor.

Prior to the annual meeting of the Victoria Board of Trade to be held on Friday afternoon next, there will be a meeting of the Council to make final preparations for that event, to which more than ordinary importance attaches this year, in view of the exceptionally busy period which has intervened during the past twelve months.

What is likely to make the session of Friday of especial interest is the announcement that Hon. W. R. Ross, Minister of Lands in the Provincial Administration, has accepted an invitation to be present upon behalf of the Local Government. It is hoped that he will find the occasion convenient to give an outline of the Government's policy in respect to the settlement of the public lands, and such widespread interest has been aroused in this subject that any remarks which he may feel disposed to make will be awaited with much expectancy.

It is hoped also that the gathering will be graced by the presence of His Honor Lieutenant-Governor Paterson, a former member of the Board of many years standing, whose splendid work for the advancement of Victoria during such term of office has not been forgotten. The chief business at the meeting will, of course, be the presentation of the annual report, and it is freely predicted that the document will prove in eloquent fashion that the Capital City of the Province has made astounding strides in the past year, and has a splendid future.

MATTERS OF MOMENT IN WOMEN'S REALM

Thoughtless Housekeepers

None but the most unobservant of people can have failed to reach the conclusion that a bad system of delivery is one of the causes of the high cost of living in our cities. Delivery wagons from all parts of the city cross and recross each other at every hour of the day. Half a dozen teams or more are used to serve a district which could be easily covered by one.

The New York Tribune lays part of the blame on the habit a great many housewives have of ordering small quantities of articles after having given the usual order at the regular time. This, the editor declares, "necessitates the delivery wagons or the grocer's foot messenger calling at her back door two or three times in the morning instead of the once that would have sufficed had she ordered systematically.

"She should have investigated the needs of her larder and made an accurate list of the things she needed, then given all in one order. In addition to the unnecessary service she exacts from the delivery boy she also wastes the grocer's time by calling him to the phone so often. To meet her inconsiderate demands he is compelled to hire a larger force than is really necessary for conducting his business.

"Another unbusinesslike habit is her demand that the day's order given at any time in the morning shall be delivered before noon.

"This crowding of service into such a short period of time necessitates the employment of a large number of butcher clerks, delivery men and boys, to say nothing of horses, carts, bicycles or auto trucks. They all are worked to death in the morning and have time to burn in the afternoon. This extravagance is, of course, paid for by the housewife, as is only fair since it is her unintelligent methods of purchasing which necessitate the scurry before noon and the enforced bat salaried idleness in the afternoon. It is so easy to alter these conditions.

"Another crime of the inefficient housewife is scattering her trade. It is a disadvantage both to herself and to the market. The larger the merchant's volume of steady trade the better terms he can give. Women, it is charged, are overprone to sympathize with the little men who crowd into districts already well supplied with markets. For sentimental reasons they split their trade, injuring themselves and the established dealer, without accomplishing anything for the 'little fellow.' Over sixtey per cent of these fail anyway, and the rest eke out a pitiful existence by this artificial stimulus to a business for which there is no honest demand. They would be much better of to start in the business somewhere where they are needed."

Civic Politics

What would the electors of Victoria say, should a woman appear before them next January as a candidate in the aldermanic contest? Is there a woman in the city limits who would be bold enough to take such a step, and, if there is, would she, under the provisions of the municipal act, be allowed to qualify? And yet, we boast of our progressiveness and our democracy.

In Great Britain the great city of London is ruled by a County Council, which sits for three years. Among the aldermen for the past term is Lady St. Heller, a gentlewoman. The constituency consists of 800,000 voters, of whom 100,000 are women. The Times does not consider it beneath its dignity to appeal to the women voters in support of the party which it favors and it publishes a letter from Lady St. Heller, which she closes with the following appeal:

"The interest taken by women in municipal matters is happily increasing, but we want a much louder and more definite utterance on this occasion. The result of this election and the effect it will have on the future of London really lies largely in the hands of its women voters, and I appeal most earnestly to them not to neglect the responsibility which that power has given them."

The importance which in England is attached to municipal government and the part which women take, both in its administration and its legislation, is a matter of surprise to our newer communities. The office of mayor has, in more than one case, been filled by a woman whose philanthropy and wisdom have shown her fitness for the position.

The people of the great old cities realize, as we on this side of the Atlantic do not, that only the wisest and the most disinterested of citizens should be entrusted with the management of affairs that directly touch the life of every individual in the community.

Canned Goods

Dr. Wiley, who has a Continental reputation as an authority on pure food, has a good word to say for canned vegetables. They fill a most useful place as an article of diet especially in those countries where a long Winter makes it impossible to preserve vegetables in their natural state till Spring. At the same time he issues a warning against expensive buying of prepared food. Dr. Wiley says:

"Unfortunately there is a growing tendency to do away with the work which looks to the preparation of food products for eating purposes. The ready-to-eat vegetable, the soup which needs only hot water, the pudding which is only to be warmed in the can before opening, the beans which are already baked, the coffee which is already extracted and the breakfast foods which are already cooked and partly predigested, are coming into greater and greater vogue. I am not blaming the manufacturers who supply those wants, especially when they do it well as most of them do. At the same time I realize the grave dangers from the point of view of domestic economy which such processes entail. I would be glad if foods which keep best in their natural form could be sold to the consumer as such and prepared by him for consumption. Ripe beans, for instance, can be well kept as such and cooked at home if people knew how, and if they do not know how, they should learn. To this class is added the whole family of pie fillers, to which allusion has already been made in these columns, and most of which, I am sorry to say, from my point of view, are better left unconsumed.

"If I were preaching the gospel of economy in diet, the cold storage product, the dried product and the sterilized product would have a small place in the bill of fare. I should be sorry, however, to see the canning industry recede from its present position of prosperity. It brings so much of health and comfort that I overlook the increased cost which the consumer has to pay. The canning industry is not only one of today but also one of the future, and its future is assured, just in proportion as the consumer understands it in relations to himself, his pocket-book and his health. The canners and the public must get together and thoroughly understand each other."

Queen Mary's Example.

The Queen is showing herself a patriotic Englishwoman by encouraging in every way in her power the industries of the country. Her gowns are woven in English looms, and, as a rule, made by Englishwomen. A few weeks ago, the Queen attended an exhibition of hand-made lace at the Mansion House. Her Majesty, who came quite informally, carefully examined many specimens of the beautiful handicraft, paying special attention to Honiton. She was herself an exhibitor in this class, contributing lovely pieces that had been presented to her at the Coronation and on her wedding day.

The Queen bought some beautiful pieces and ordered a quantity of fine edgings and insertions made by the Midland and Buckinghamshire Lace Associations. Among the exhibits was a quantity of embroidered and lace trimmed linen work, done by crippled needle women under Mrs. Newall, at Wylfe, Wilts. This was real art work.

One of the objects of the exhibition was to encourage original design in the patterns of the lace. Some of the old patterns have been marred by additions and a restoration to their original beauty is aimed at. The Queen expressed herself as greatly pleased with the beauty.

As is well known, the Queen is, herself an expert needlewoman, and it is not a matter of surprise that an exhibit of beautiful laces would have an attraction for her. But it was not only for this reason that she spent the afternoon in the Mansion House. Lace-making gives employment to a great number of gentlewomen who are artistic and industrious. It is work, too, which does not need robust strength. The encouragement of this industry will do great good not only to those who love the beauty of "real lace," but to those who design and make it.

In making her countrywomen see that she considers that what is made at home may be as beautiful and as useful as any which is manufactured abroad, the Queen is creating that home demand which is the greatest encouragement to an industry. It would be very easy for Queen Mary to purchase all her laces on the Continent and to patronize foreign looms for the replenishment of her wardrobe. That she encourages her own countrymen and countrywomen to endeavor to excel in beauty of design and in delicacy of workmanship shows qualities of head and heart worthy of the "highest lady in the land."

Independence

The writer for this column regrets very much that any one should think from anything written in it that members of the Y. W. C. A. are not quite independent. The contrary is the fact. Except, in very rare cases, board, lodging and tuition of any kind are paid for. No girl sacrifices, in any degree, her independence by taking advantage of any of the privileges of the association. While it is not necessary to become a member in order to join the educational classes, most girls prefer to do so. The popular classes in physical culture were attended by many girls who have homes in Victoria and who were very glad to pay the fees charged.

BALLARDS FALL EASY VICTIMS

Bees Work Will on Visitors at Ball Park—Pitchers Brown and McQuary Hold Opposing Batters Helpless.

Playing good ball, considering the weather conditions, the Victoria Bees worked their will on the Ballard semi-professionals at the ball park yesterday, winning as they pleased. Their pleasure was the round sum of ten tallies for themselves and a blank for the visitors. Victoria rapped Pitcher Hayes' offerings hard and often, while Brown and McQuary had the Indian sign on the Ballard batters.

Following his usual custom the weather man provided a wet dismal day when a fine one was most needed. A drizzling rain fell during the opening sessions of the encounter, and made the ball difficult of handling and the diamond somewhat soggy.

Each one of the Bees got at least one healthy hit with the exception of Outfielder Lewis and Fred Weed. The latter was unfortunate in always driving the ball into somebody's hands, but he didn't do badly at that, being officially only at bat three times. Lewis got away on the wrong foot and he never did locate the leather, except once, when he rolled it to the pitcher. A pleasing incident in the contest was the appearance of Chief Hauser in the role of Herr Meek, which he filled with all honor. When Hauser first made his bow here he was immediately dubbed Meek the Second, because of his Gargantuan proportions, and he is living up to his nickname. Yesterday first time up he rapped the horsehide over the palings, and he did it with the same ease that characterizes the real Meek's celebrated blows.

Victoria's fielding from start to finish was almost perfect. A pop fly knocked in Deimas' direction looked easy, but the leather twisted in a most peculiar fashion, and with the rain beating into his face the second baseman misjudged it. On a later occasion Rawlings failed to take a fast grounder. Outside of these two excusable bobbles there was not a flaw in the support accorded Brown and McQuary.

The same teams will play at the park today, starting at 2 o'clock in order to give the Ballards time to catch the boat. Jimmy Clarke was unable to get away with his team yesterday, but it was said that he would be here today.

The score:

Victoria—	AB.	R.	H.	PO.	A.	E.

Sacrifice hits—Delmas; sacrifice fly, Weed. Brooks. Two-base hits—Holland, Brooks (2), Brown. Three-base hits—Rawlings. Home runs—Hauser. Stolen bases—Curtin, Brooks, Weed, Delmas (2), Morse Lewis. Innings pitched by Brown 5; hits, 2; runs, 0; bases on balls, 1. Innings pitched by McQuary, 4; hits, 2; runs, 0; bases on balls, 0. Bases on balls off Hayes, 5. Struck out by Brown, 6; by McQuary, 3; by Hayes, 6. Time of game, 1:45. Umpire, E. Gleason.

Notes On Game.

Brooks put up a grand all round performance yesterday. Two hits, two runs, a sacrifice fly and a stolen base look like a satisfactory day's work.

Victoria made Ballard look cheap on one or two occasions when the Bees took it into their heads to purloin a sack or two. They didn't seem to mind where the ball was so long as the base was open and they could get a fair start. On the other hand Shea caught a couple of Ballard base runners asleep at the switch with a snap to first, which forced the man there down and resulted in the runner on second being run out. After that the visitors clung like leaches to their stations whenever they got on.

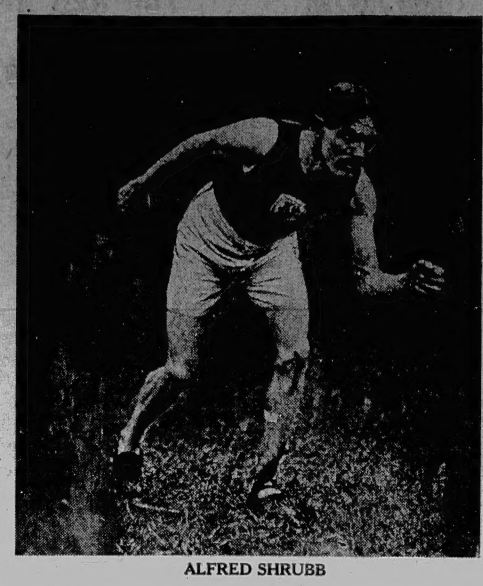

National Bowling Tourney.

ROCHESTER, N. Y., April 4.—The annual tournament of the National Bowling Association will open here tomorrow night with 153 five-man teams, 333 two-man, and 677 individuals. Prizes aggregating $8,000 will be given.

Lacrosse Meeting

Representatives of the British Columbia and Dominion Lacrosse Associations will gather at Montreal today, the occasion being the annual meeting of the Big Four. The Big Four delegates were supposed to gather last Saturday, but President Quinn postponed the meeting for the benefit of Con Jones and Lionel Yorke, representing Vancouver and Victoria respectively, who are due to arrive in Montreal today. The forming of a commission to govern the game this Summer will be the chief subject of discussion.

Famous Runner Is Now Coach

ALFRED SHRUBB

CAMBRIDGE, Mass., April 4.—The Harvard track management has solved its coaching problem for the present season at least, by engaging Alfred Shrubb, the English professional distance runner, to assist Coach Donovan in the development of the 'varsity and freshman squads.

Shrubb is to have charge of the runners in the half mile, mile and two-mile events, and Donovan will have charge of the five field events, the two hurdle races, the two sprint races and the 440-yard run. The new coach will report immediately and take charge of his squads, beginning next week.

ISLAND'S GOLF TEAM IS CHOSEN

Strong Array of Golfing Talent Selected to Oppose the Mainland Next Week-End—Bogey Competition Today.

Mr. Hoult Horton announced yesterday the names of the team of ten golfers who have been selected to represent the Island against the Mainland in the match to be played at the end of next week.

The match is the outcome of a statement made in Mr. Horton's presence some months ago in Vancouver that that city could produce a team that would beat the best the Island could send against them. The challenge was at once taken up, Mr. Horton allowing the Vancouver men to pick their players from the whole of the Mainland, only stipulating that they must have been in residence there before a certain date, and that they should be amateurs. Originally the arrangement called for the match to be played before March 1, but the state of the Island links caused the Mainlanders to appeal for its postponement to enable their men to obtain some practice, as the teams are not confined to members of clubs.

The match will be played over 36 holes on the Oak Bay links, and the Island team is composed of Captain Chambers, of the Duncan Golf Club (scratch); G. McCann (scratch); R. Huish (scratch); B. Combe (scratch); R. N. Hincks (scratch); W. H. Ricards (scratch); Biggerstaff Wilson (minus 3); J. S. Matterson (scratch); J. Arbuckle (minus 3).

Pains have been taken to select the best representative team on their present form, and Mr. Arbuckle was not chosen for the tenth place on the team until after matches with both Mr. J. Rithet and Mr. A. T. Goward.

The Vancouver team will be selected from among the following: Messrs. Yellowlees, Gardner, McAllistim, Stewart, Bone, Payne, Symes, Henderson, Howe, Porter, Russell and Galletly.

The regular monthly bogey competition of the Victoria Golf Club will be held today on the Oak Bay links, and the committee ask that as large a proportion as possible of members return cards in order to facilitate the work of the handicapping committee.

INTERMEDIATE SOCCER ON THE CARD TODAY

Although it will not affect the ultimate result of the series, the Intermediate Island League match between North Wards and Empires at North Ward Park today will undoubtedly be productive of some hard playing. The Empires have made a good showing in the series thus far and have expressed the belief that they can turn out a team to beat the leaders this afternoon. Empress and Victoria West will play at Beacon Hill. The following team will represeit the Victoria Wests: Goal, Hewitt; backs, Ross and Stewart; halves, Brown, McKenzie, Baker; forwards, Muir, Ward, Plump, Shakespeare, Carmichael.

ANNUAL DINNER OF ALBION CRICKETERS

The Albion Cricket Club will hold its annual dinner at the Balmoral Hotel a week tomorrow night. Many prominent citizens are expected to attend and a fine programme of speeches has been outlined. Information regarding tickets will be furnished by the honorary secretary, Mr. S. A. Staden, P. O. box 15.

COAST LEAGUE BASEBALL

At Los Angeles—	R.	H.	E.
Venice	4	12	2

Batteries: Hess, Brown, James and Raiden; Johnston, Gallia, Ainsmith and Williams.

J.B.A.A. BOXING BOUTS APRIL 25

James Bay Athletic Association Will Attempt to Recover Money Lost in Championship Tournament.

With the object of recovering, if possible, the money lost on the British Columbia championship tournament the J. B. A. A. is arranging another boxing and wrestling meet for April 25, at which Seattle and Vancouver Olympic Club ring athletes will compete. No effort will be spared to make the affair a big success. In their last venture James Bay officials were forced to scratch up a card at the last moment owing to the defection of Vancouver and other Provincial centres that had promised entries, but this time they have preparations in full swing in plenty of time and there is no reason why the April 25 entertainment should not be at least as good as any held this season.

Victoria will be represented by two boxers at the Canadian boxing championships in Toronto, April 15, 16 and 17. Charlie Urquhart, who went to Toronto from Victoria two or three months ago has written that he will carry the J. B. A. A. colors into the fray in the featherweight class and Scotty McKay is now on his way East to enter lightweight and welterweight classes.

Despite reports to the contrary the J. B. A. A. will stage the British Columbia wrestling championships at some later date this year, according to a statement made by Physical Instructor W. Davies.

TODAY'S SPORT CARD.

Baseball.

Victoria vs. Ballard, Royal Athletic Park, 2 o'clock. Umpire, E. Gleason.

Intermediate Soccer.

Wards vs. Empires, North Ward Park. Referee, O. Hartley.

Empress vs. Wests, Beacon Hill Park. Referee, E. Locke.

Soccer at 2:45 o'clock.

COVERT COAT WINNER OF NATIONAL STEEPLECHASE

LIVERPOOL, April 4.—The Grand National Steeplechase Handicap was won by Sir Casheton-Smith's Covert Coat today. Irish Mail was second and Carsey third. Twenty-two horses ran. An American horse, J. R. Fell's Highbridge, fell early in the race while jumping a fence. Most of the field followed suit. Only three finished. The betting was 100 to 9 against Covert Coat; the same against Carsey; 25 to 1 against Irish Mail and 100 to 9 against Highbridge. The Grand National is a race for a purse of $17,500 and a trophy valued at $625. The distance is 4 miles and 856 yards.

BASKETBALL TONIGHT

There will be two basketball games in the Sunday School Athletic League series played tonight at the Y.M.C.A. The first game will commence at 8:15 and will be between teams representing Metropolitan Methodist and James Bay schools. R. E. Crompton will officiate.

The big game between the Congregational league leaders and the strong Centennial quintette will be called at 9 o'clock by Referee Archie Wills.

Provision is made for a large number of spectators, there being no admittance fee.

The following teams will line up for the big game:

Congregational—Forwards, B. Wilkerson and R. E. Crompton (capt.); centre, C. Hillis; guards, G. Andrews and A. R. Hodger.

Centennial—Forwards, E. Dickson and T. Monro; centre, H. S. Young (capt.); guards, H. Bunt and Alex. Brethour.

MAYER IS AMATEUR BILLIARD CHAMPION

PHILADELPHIA, April 4.—Joseph Mayer, of Brooklyn, won the National Amateur 18.2 billiard championship of America tonight by defeating E. W. Gardner in the final game of the tournament. The score was 400 to 267. The winner made a high run of 130 and his average was 19 12-21. Gardner's high run was 48 and his average 12 16-21.

CRICKET WEEK DATES ARE SET

Meeting of Pacific Coast Association — Local Cricketers Make Offer to Touring Australians for Match Here.

At a meting of the Pacific Coast Cricket Association yesterday, August 25 to 30 was fixed on as dates for Cricket Week here the coming Summer. This arrangement will enable the teams to continue the series over Labor Day, September 1, if it is found impossible to complete the games within the dates set.

The cricketers also discussed the possibility of bringing the Australian team to Victoria this Summer and decided to offer them the entire gate receipts for a match here in June. The Australians wanted a guarantee of $1000.

The Australians will tour the United States and Canada from the beginning of May until the middle of September. They will probably be captained by Vic Trumper, the greatest of all Australian cricketers, and, although the remaining members of the team have not yet been definitely announced, the tourists will undoubtedly be strong in all departments of the game.

Although several elevens from the Antipodes have played in America in recent years this will be the first occasion on which an extensive tour has been arranged exclusively in the United States and Canada for an Australian team.

SPORT NOTES

Open German Stadium

NEW YORK, April 4.—The opening of the German Stadium, where the 1916 Olympic games will be held, will take place next June. When the stadium is completed it will have been erected at a cost of $500,000. The German athletic authorities hope to have it rank as the finest type of athletic structure in the world. With this in view, Germany will let nothing stand in her way to bring this about. One of the leading enthusiasts is Carl Diem, president of the German Amateur Athletic Union, and general secretary of the sixth Olympiad.

McLaglen Bobs Up

This fellow, Fred McKay, who was knocked cold by Gunboat Smith at New York recently, is no other than Vic McLaglen who was around these parts a couple of years ago. He has the physique to topple a house, but lacks the skill to fight. He had a chance to show himself when he met Jack Johnson in a six-round bout in Vancouver upon Johnsons' return from Australia, but the champion's shadow sent chills up and down McLaglen's back and what appeared at the first to be an interesting bout developed into a foot race with McLaglen making the running all the way.

Bayley and Robinson.

Now that Ernie Barrieau has signed to meet Moore, of Nanaimo, Charlie Stadfast, manager of Red Robinson, is negotiating with Morris Condon for a match with Joe Bayley. If it happens that a Bayley-Robinson bout is arranged it will be held at Steveston, provided the commissioners there are agreeable. As yet there is nothing in any way certain about it.

Y. M. C. A. Football.

The team to represent the Y. M. C. A. this afternoon at Beacon Hill against the Thistles will line up as follows: Goal, McArthur; backs, Lynn, J. Main; halves, Peachey, W. Main, Bulmer; forwards, Stott, McKey, Warnicker, Coles, Erickson.

PRUNING KNIFE AGAIN PRODUCED

Catcher Troeh and Outfielder Daniels Lopped Off Bee Squad—Will Go to Medicine Hat Under Dunn.

As was predicted, the baseball club's pruning knife was again produced by Mike Lynch yesterday and two members of the Bee squad were mercilessly lopped off. The unfortunate ones were Catcher Troeh and Outfielder Bert Daniels, who will now wend their way east of the Rocky Mountains to Medicine Hat, where they will spend the 1913 season under Bert Dunn's care.

The elimination of these two players somewhat clears the situation in two divisions of the Bee team, in which the contest for permanent places was particularly keen. At the present time the outfield has the appearance of being complete with Weed, Lynch and Lewis, but there is a chance that Lewis may be replaced if he does not brighten up in his hitting. He made a big splurge the first day he turned out, but since then his work at bat has fallen off. Behind the bat there are still four candidates in the running and at least one of them must be discarded.

While Daniels and Troeh will not be seen here again this year, the club intends to keep an eye on both of them. With more experience Troeh ought to be a first-class backstop and, if Daniels ever learns how to bang the ball with fair regularity, he will make a dandy outer garden man.

FIGHTERS SHOW IN AID OF FLOOD SUFFERERS

Many Old-Time Pugilists Don Togs and Enter Ring Again—Some Present Day Stars.

NEW YORK, April 4.—Many old-time pugilists donned fighting togs again tonight and stepped into the ring here in exhibition bouts to help raise money for the flood sufferers. Everybody paid to get into the Twenty-second Regiment Armory, where the bouts were held under the auspices of the State Athletic Commission—fighters, sporting writers, ushers and officials included.

Among the old-timers who took part were Jack McAuliffe, Kid McCoy, Terry McGovern, Young Corbett and Peter Maher. Tom Sharkey refereed one of the bouts. Present day contenders included Luther McCarthy, Gunboat Smith, Freddie Welsh and Abe Attell. Many women witnessed the exhibition. Five hundred dollars was realized from the auction of cartoons. The amount realized from the benefit will not be known for several days.

AIRSHIPS IN WARFARE

Limitations of the Aeroplane Set Out by Paper by Naval Architects

A paper read last night before the Institution of Naval Architects by Baron A. Roenne dealt with modern airship construction.

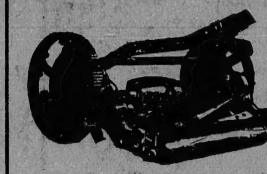

He said that both aeroplanes and airships had advantages for naval service, one for comparatively short flights and the other for more extended cruises. There was no visible limit to the growth of the rigid airship. It was on the same footing as an ordinary ship. If doubled in size, it would lift eight times more weight, and would possess eight times the buoyancy but would only require four times the propelling power to move at the same speed. As regarded aeroplanes the case was rather different, and unless some more economical motor was found, it did not look as if they would be able greatly to exceed continbous flights of 12 hours in the air, carrying only one man, who certainly would be unable to keep control and scout accurately for such a long period. If doubled in size, the resistance and weight of fuel carried was also doubled, as well as the horse-power required to move them at the same speed, and nothing was gained. For practical sea work the difficulty of finding their parent ship again in foggy regions like the British Isles would probably limit their use for long distance scouting. As the project to carry aeroplanes on board warships would no doubt be abandoned for many reasons, possibly four hours' endurance would be found sufficient, and the weight so saved could be utilized to provide more powerful wireless telegraphy or carry a larger supply of guncotton for use against submarines, or an extra man for fighting in the air. For harbor defence, for work with submarine flotillas, and for increasing the range of vision of ships by scouting, and probably for attacking submarines, they might be excellent; but for long-distance work, blocade work, or forcing a way through a screen of hostile aircraft, the airship must be employed. The airship bore to the aeroplane the same relation as a battle-cruiser to the torpedo-boat. Building battleships, whilst not neglecting torpedo craft, had always been Great Britain's policy on the sea, and appeared to be Germany's policy in the air.

The opinion prevailed that Germany with her Zeppelins was far in advance of other countries, but the truth was that the safety of these ships was not sufficient for serious purposes. Large airships must be built to ensure safe working, which was essential to success. Baron Roenne put forward proposals for an airship of a capacity of 87,000 cubic metres, which he claimed could be built as easily as the airships of Schwarz, Zeppelin, or Schulte. Such an airship would be equipped with engines of 2,000 h.p. equal to the power of two express locomotives.

CYCLES GUNS FISHING TACKLE

She's a wonder

is Mrs. Edwards, when she gets going in the kitchen. She pops that home-made Irish soup of hers on the stove to boil, and then sets to work. Out come all the little bits of cold meat and cold potatoes. Into the stewpan they go. Over them she pours the boiling soup. And in half an hour or so she's turned out a tasty, appetising stew, piping hot and ready to serve; the two-or-three-helpings kind, you know; or you soon will, if you lay in a supply of Edwards' Soup.

EDWARDS' DESICCATED SOUPS

5d. per packet.

Edwards' Desiccated Soups are made in three varieties—Brown, Tomato, White. The Brown variety is a thick, nourishing soup prepared from beef and fresh vegetables. The other two are purely vegetable soups.

Lots of dainty new dishes in our new Cook Book. Write for a copy post free.

Arcade Bowling Alleys

The manager of the Alley has arranged for two afternoons a week for ladies desiring to bowl, Tuesday and Thursday. Phone 4873.

THORPE'S SODA WATER

Made from water from which all germs have been removed.

OLD BOOKS USED TO REPLENISH FIREPLACE

GLASGOW, April 4.—In referring to Lord Rosebery's suggestion of a literary crematorium for the enormous amount of dead books in the world, the Rev. L. MacLean Watt told the members of the Edinburgh Stationers and Booksellers' National Union, at their conversasione the other night, of the gentleman who had a fine row on his bookshelf of old commentaries on law, and who during the coal strike used them as fuel. He would be sitting up rather late of the night, and, with a pile of these commentaries at his feet, he just stretched out his hand from the armchair and threw another on the flames. Being crisp and dry they burned well, and in the process caused more noise than they had ever made at any time before.

WILL REORGANIZE THE BOYS' BRIGADE

Captain F. V. Longstaff, of the Corps of Guides, Appointed to Place Movement on Substantial Footing.

CAPTAIN F. LONGSTAFF

The Boys' Brigade movement, so powerful a factor in the education of youth in the Old Country, should receive a tremendous stimulus throughout Canada by the appointment, just made, of Captain F. V. Longstaff of the Corps of Guides, to the position of honorary organizing secretary of the Brigade for the whole of Canada.

Captain Longstaff, who is a Victorian, and an enthusiast for the cult of youth, proposes to reorganize the movement in Canada and give it the position of pride and distinction which he believes rightly belongs to it. Notification of his appointment to this honorary and honorable position came direct from the founder of the movement, Sir William A. Smith, now acting secretary, in the city of Glasgow, Scotland, the Brigade's headquarters.

In discussing his appointment, and what he proposes to do in connection with the movement, Captain Longstaff informed The Colonist upon many points of peculiar interest concerning the Boys' Brigade in Canada.

He said that an important part of his work would be that of research, finding out the headquarters of the existing organizations, how much they knew of the B. B. movement and also how much they were interested.

"The whole work in Canada," he said, "is in such a state of flux, and methods of expediency are having to be used, in the work of organization and administration, that one cannot parade a lot of general statements. But while the administration is in a state of flux, the fundamental principles of company work conform in every way to the constitution and the Brigade Regulations. In fact we can only keep in existence here by a stricter observance of the equality in the importance of drill, bible instruction and recreation, under the supervision of the company officers.

At present there is no central office or funds, and each centre has to get along as best it can. It will be part of my business to arrange for those centres.

Important Consideration

"There is one important consideration that weighs heavily with me and that is the relation or standing of the old boys. I must say that experience has shown that up to the present time at least the old boys in Canada have not displayed that esprit de corps which I would be inclined to expect of them. One of the essential features of the Brigade training should be the inculcation of such an interest as to remain with the boys long after they have left the ranks and the country. I would like the boys, that is the old boys, to feel that they could not rest in Canada until they had done something toward the establishment of a company.

"In Canada the Boys' Brigade has had a curious career. It began feebly in 1889 and for the first few years thereafter it dwindled away instead of developed, and then in 1893 it took a new lease of life and blossomed out into twenty-four companies. The following year it recorded twenty-seven, and in 1895 it went up to the remarkable figure of 111 companies. But that just about finished it. Perhaps it was a premature growth. At all events from that year until 1898 it lost ground steadily and then disappeared, to keep bobbing up again at intervals of several years.

"It will be an uphill fight to reorganize the movement, but I think I can do it, because I have faith in it. If I can have but three efficient officers, deeply imbued with the real sense of the organization and what it means I shall make a stand and win."

HOUSE PASSES JAPAN TREATY

Continued From Page 1

Still another amendment came when the House resumed after the dinner hour, Hon. Wm. Pugsley urging an amendment that would prevent the treaty from affecting any orders-in-council passed with respect to immigration.

Variety of Opinions.

Before the motion was put for the third reading of the bill Premier Borden said he desired to say a few [illegible]. He remarked on the variety of [illegible] prevailing among the [illegible] bers. There were [illegible] Lemieux, who [illegible] restrictions [illegible] mendes [illegible] clared [illegible] tion [illegible]

the real line along which they were working.

"We took the ground in 1907," said Mr. Borden, "that Canada should have absolute control of immigration coming to our shores. I say we have done that, and I defy anyone to point out any contingency in respect to immigration to this country that is not covered. As far as legal power is concerned, we stand with legal power to deal with immigration from Japan as we can deal with it from any other country."

Hon. Mr. Oliver—"In immigration matters it is the unexpected that happens."

Premier Borden—"Yes, that is true. It has happened in the case of my honorable friend. In 1907 he was willing to accept the Japanese treaty without restriction, and now he wants us to extend this proviso. The provisions of the immigration act of 1910 are of the most comprehensive character. I have heard no suggestion that conditions might arise which would not be covered by it.

Questions Confused.

"Members opposite have sought to confuse international relations with this, and I say that they would arise in connection with immigration whether this treaty were passed or not. The provisions of the immigration act could be exercised without giving offense whether this treaty passed or not. The question is not one of race discrimination against a nation, but is of economic concern. It is important for the Government to exclude persons of certain occupations whose competition would be unfair to Canadian workmen. We stand where we would have been without the treaty, and the Conservative party is absolutely true to its policy of 1907, namely, that the Parliament and Government of Canada shall maintain its control of immigration from Japan and from any other country."

After the third reading had been given to the bill respecting the Japanese treaty the House arose at 10:30, unusually early. It was expected that the third reading of the bill to ratify the trade agreement with the West Indies would be taken up, but instead the House rose.

No definite announcement was made as to what business will be taken up on Monday. Before the speaker left the chair, Mr. Lemieux asked what it would be, and the Premier said: "I will let the leader of the Opposition know tomorrow."

Curious Incident.

A curious and quite unique incident occurred before the House rose. Hon. Wm. Pugsley had moved an amendment providing that the act under discussion should apply to future orders-in-council passed by the Government. When it was put and the Speaker was about to declare it lost, Hon. Robert Rogers, called for a vote, and the division bells were soon ringing. When the members came in it was noticed that there were very few Liberals present, and that there was some excitement among the whips.

F. B. Carvell, the acting-chief Liberal whip, crossed the floor and spoke to Premier Borden, and Mr. John Stanfield, the chief Conservative whip, also conferred with his chief. Mr. Stanfield then spoke to Speaker Sproule, who put the amendment and declared it lost without asking the members to rise. It appears that there had been an agreement between Mr. Stanfield and Mr. Carvell that the House would not divide on the Pugsley amendment, and that when Mr. Borden was informed of this the vote was called off.

AMUSEMENTS

Empress Closing Bill.—Following the closing of the splendid bill at the Empress tonight the management has announced a bill for next week that promises many good acts and is brimful of girls. The Empress will be a real vaudeville show next week and some new faces will be introduced to Victoria audiences.

William H. Crane Coming.—William H. Crane, who is to be seen at the Victoria Theatre on Monday, April 7, in his new play "The Senator Keeps House," has been identified with light comedy so long that few people realize he is capable of any other line of work. Yet, in his earlier career he was a burnt cork minstrel and can even at this late day do a clog and jig with the best of the old guard. He also appeared in grand opera, and was an early member of the Rice forces in burlesque, being in the original cast of "Evangeline."

HOMES—Large and Small, All Well Built and Artistic

HAULTAIN ST. SNAPS Two splendidly situated, roomy homes, on large, high lots. They each have five good rooms, with all conveniences. Located near the street car, in a growing section, and, at the exceptionally low price and easy terms we can offer on them, they are a rare chance for the homeseeker.

VICTOR ST. CHANCE On Victor Street we have another home, six rooms, which has just been completed. It is a few steps off Bay Street, has a stone foundation and a fine basement. All other conveniences.

BURTON ST. SPECIAL A lot in the centre of a community of new homes, 40x120, at only $850

HADFIELD

MILLINERY CREATIONS

Uncommon, Yet Not Extreme

THE gratifying response to our "Spring Opening" so completely depleted our stock, that we have been busy replenishing for a continuance of the early season's trade. In this connection, we have during the last week been compelled to visit the States, where we have secured the most recent conceptions in Modes.

Radiant colors, characteristic of the happy season, predominate; Cerise, Grafton Blue, Violet Debois—an exquisite shade of mauve—and Gazelle, is a comprehensive title given to the tans from a pale shade to a deep one.

Chiffon and Lace coverings with colored velvet combinations, Picture Hats in bright colors—and unique effects in black and white.

These Fashions are uncommon without being extreme; stylish but not following altogether hackneyed lines; color effects are suggestive rather than emphasized; and everything is additionally attractive because of the thoroughly dependable quality and the surprisingly moderate prices that always rule at this establishment.

Indian Records

Today the Indian holds every speed record officially accepted by the Federation of American Motor Cyclists, besides numerous other contest and championships held under the auspices of that body. The Indian carried off the Isaacs motorcycle event of England last year and this year the classic of France, the Grand Prix, "350 miles in 300 minutes," another Indian achievement this year.

"Count the Indians on the Road"

The *Indian* Motocycle

Ride a motocycle. It's the most fascinating of modern vehicles. It makes you independent and self-reliant—gives you the means to go anywhere, any time, at a moment's notice. For regular trips or just running about as the mood suggests, the motocycle is the vehicle you need.

Indian Utility

The Indian is more and more becoming recognized as the motorcycle of practical efficiency, entirely apart from its popularity as a tourist's mount, its and its prowess on the track. Municipal bodies equip their police squads with it. Gas companies, telephone companies, railroad and rural postal delivery men have come to regard the Indian as the most practical, reliable and economical motorcycle for their respective duties.

You Cannot Begin to Realize the Possibilities

THE COLONIST HAS ALL THE NEWS

ERIK OF DENMARK DECIDES TO WORK

Will Travel Abroad This Summer to Complete His Agricultural Education—Farmer Prince, Democratic Princess.

COPENHAGEN, April 2.—The ranks of the world's most important farmers have gained a new and imposing recruit from Denmark. He is no other than Prince Erik of Denmark, a son of Prince Waldemar and the late Princess Waldemar of Denmark, and the liveliest curiosity and interest are being evinced in Scandanavia as to how this royal recruit will fare in the thorny paths of Danish agriculture.

As a matter of fact, in Denmark the life of a large landed proprietor and gentleman farmer offers a tempting vista, for Denmark boasts a number of lovely old estates, with country seats of singular architectual beauty. One of the finest belongs to Baron Axel Blixen-Finecke, a cousin of Queen Alexandra of England and of the King of Greece, and Prince Erik was first initiated into the rudiments of farming under the auspices of this second cousin, or second uncle as they would say in Denmark.

Will Travel Abroad

In the course of the forthcoming Summer Prince Erik intends to travel abroad in order there to continue his agricultural education. Prince Waldemar's four sons are fine, high-spirited fellows, but so far no news has leaked out about their matrimonial arrangements.

Their mother was Princess Marie of Orleans, a daughter of the Duke and Duchess de Chartres, and being a Roman Catholic it was stipulated before her marriage that the sons, if any came, should be brought up in the Lutheran faith and the daughters in the Roman Catholic. This, of course, has been adhered to. Princess Waldemar was immensely popular in Copenhagen owing to her personal charm, her frankness and here evr-active interest in charitable work. Her sad death a couple of years ago, when her husband and sons were away in the Far East on a visit to the Siamese court, caused profound sorrow throughout Denmark. Her last words were a tender farewell to her daughter, who was heartbroken.

LETTERS TO THE EDITOR

Road Building

Sir—The letter appearing in this morning's issue under the heading "Grades on Highways," is so fine a demonstration of bookish education upon this subject that any criticism seems out of place. Still one may be forgiven the thought that the man who after "personal experience over many roads in this Province" selects the Malahat Road as the one to grumble at, must be a "chronic kicker." For myself I also have had some experience in road making, and been in four of the continents of the globe, and consider the Malahat Road a fine piece of work through a difficult piece of country, a credit to Victoria, to the Island, and to whoever made it. Mr. Gillespie's book or any other book notwithstanding.

CHAS. L. ROBERTS.

1009, Southgate Street.

The Oak Bay Links

Sir—Mr. T. Ashton Burgess' long letter requires brief reply at three points.

First. I certainly insist that "if we collect taxes we must naturally expect to spend them for the benefit of the area that pays them."

Second. It is unfortunate that Mr. Burgess' gentle sneer at six per cent benevolence was printed right alongside your recognition of Mr. Dunsmuir's public spirited act. Mr. B. is not entitled to sneer until he himself carries a few municipal bonds. Oak Bay can oblige him.

Third. I had no intention of raising hopes, in my last letter, of a park to be acquired free of cost.

But it is obvious that if we look forward at all to any future plan of purchase, or lease, or partnership in the whole hundred acres, we must first prevent the land being turned into a subdivision and sold.

J. HERRICK McGREGOR.

Per E. J. C.

April 2, 1913.

Re Subdivision Under the Amended Act

Sir,—The 1913 Amended Act as at present applied makes it almost impossible to get any plans accepted by the Land Registry Office without being referred to the Attorney-General for relief from some of the absurd enactments of same, especially that one compelling the giving of thirty-three feet on all boundaries as road allowance, irrespective of adjoining subdivisions. Your proposed plan may have been approved by the Land Registry Office subject to such relief, with sound reasons for granting same, after thorough examination into contiguous properties, and armed with this, you confidently go to the Attorney-General's office to procure such relief. Behold, on reaching there, you are met by the Inspector of Legal Offices, who, without one-tenth of the data at hand, already looked into by the Land Registry Office bearing upon the case, essays to point out and insist on all kinds of alterations in the subdividing of your property, losing sight of the fact that you are there merely for relief regarding compliance with some unnecessary enactments which the Attorney-General has the power to give, and which have been recommended by those in the best position to judge the situation. You are virtually told by him that you must subdivide according to his ideas or have your plan refused. The act itself as amended, is certainly difficult enough to comply with without having to carry out all suggestions that the Inspector of Legal Offices may see fit to impose, though diametrically opposed to the best advice of competent surveyors, and those familiar with surrounding conditions. As the act reads at present, 90 per cent, at least, of the plans presented for registration at the Land Registry Office will have to be referred to the Attorney-General for relief, but surely after being O. K'd by the Land Registry Office, with the exception of some small deviations from the act from which relief has to be obtained from the Attorney-General, and for which sound reasons have been given and sworn to, it should be unnecessary to open up and discuss any features other than those referred to in the application for relief.

The way matters are being dealt with at present, you are absolutely in the hands of the Inspector of Legal Offices, even when willing to comply with the letter of the act, and unless you adopt his every suggestion, your plan is liable to be refused entirely or delayed indefinitely.

This state of affairs is intolerable and should not be allowed to exist. The real estate brokers, especially under the Amended Act, are paying very large sums of money to the Government, and are certainly entitled to protection rather any impediments being placed in their way.

Yours truly,

ERNEST KENNEDY.

Reply to Victoria Times

Sir,—It is very rarely that an opponent takes so much trouble to prove the consistency of a public writer as The Times has done in my case.

I have only one complaint to make of last night's editorials in The Times. The paragraph which alleges that three or four months ago I intimated that we might or should depend upon the Monroe doctrine is, of course, such a misrepresentation as The Times habitually builds its arguments upon. I have for years consistently denied the base suggestion that Canada should be dependent upon any one outside the Empire for her defence, and this, of course, The Times knows, as, fortunately, do my fellow-citizens, to whom I have always talked face to face.

Except for this statement re the Monroe doctrine, I accept all the quotations as accurate, and am delighted to find that I have been so consistent for so many years.

You say that three years ago I said that there was a naval emergency, but supported the policy of the Government of that day, and you quote the resolution of my league which I supported. That resolution, according to you, read:

"This meeting heartily endorses the permanent policy of the Government as that best calculated in the long run to afford the greatest measure of aid to the Empire, but urges that an emergency exists at the present moment which necessitates an immediate additional contribution of Dreadnoughts, or cash. It is further resolved that the entire naval service of Canada should pass automatically under the control of the commander of the royal navy on the threat or outbreak of hostilities against Great Britain."

You will observe that this resolution endorses Sir Wilfrid's permanent policy of building ships in Canada as being "best calculated in the long run to give the greatest aid to the Empire," but the resolution goes on to demand two things which Sir Wilfrid did not stipulate for, two things which Mr. Borden has provided for: (1) an emergency contribution in cash or ships to meet an existing emergency, and (2) supreme control in time of war by the British Admiralty. Those were my views then. They are my views now. Central control in time of war; an immediate gift of cash or ships to meet an immediate need, and a permanent policy worthy of the dignity of our nation. You Liberals know that Mr. Borden pledged himself when in opposition to inquire, if he came into power, into the existence of an emergency, to make adequate provision for meeting it if he found that one existed. He promised after doing that to mature, after proper deliberation, a permanent policy for Canada's share in Imperial defence. This permanent policy he pledged himself to lay before the people, because it would involve a great cost, extending over a considerable period of years.

He has kept his promises as they came due, but his permanent policy is not due for publication yet, and, therefore, has not been published, and, therefore, cannot be criticized by honest men because it has not been seen. There is no reason whatever why this unpublished policy should not contain a fleet unit for the Pacific, or anything else which the Liberals are now suggesting, but which they made no attempt to materialize when they were in office.

As to your quotation from Mr. Borden's speech to the effect that the defence of Canada will be by the united naval forces of the whole Empire, I ask you how else you would propose to repel an attack, say, from Japan? Do you really think that the Rainbow and Niobe could do it? Would you not at any rate vote for the co-operation of the fleet units in the Pacific, and even then could you hope to do more than keep a power like Japan at bay until the Imperial fleet could come to your aid?

The fact that Mr. Borden realizes that one fleet unit alone would be useless does not prove that he is not prepared to build a Pacific fleet unit here to co-operate with the other forces of the Empire.

And remember that in any case the building of local squadrons was not the first, but the second, choice of the Admiralty. In greatest efficiency and economy, the Admiralty's first choice was the strengthening of the central fleet.

In purposes of policy, it is sometimes necessary to adopt the next best instead of the best course, but your only object is to strengthen your party instead of your Empire, and to pay your contribution not in deeds, but in words.

One word of advice in return for the undeserved prominence you have given me. Look to your own ranks. There are many honest and honorable men in them, who are Canadians first and Grits afterwards. Every day you are losing the best of them because they value their country's honor more than their party's success at the polls. I invite the people to judge me by the proof of this statement, if this naval question comes before the electorate. And with this I close this controversy. In public your people will have lots of opportunity of meeting me when the right time comes. At present, Canada is sick of words and wants deeds.

C. PHILLIPPS-WOLLEY.

Hurt Him? No! Do Him Good.

Vaseline

If Baby should rub "Vaseline" all over himself and eat some as well, it would not hurt him.

"Vaseline" is so pure and harmless that a little of it would merely "limber up" his throat. And the "Vaseline" he put on his face and body would be the best thing possible for his skin. Just ask the doctor who brought him into the world.

Try "Vaseline" on your face and hands and see how it takes away roughness and irritations. Taken internally, it is excellent for colds and for the voice.

"Vaseline" is the registered trade-mark of the Chesebrough Mfg. Co. There is no real substitute. If you are offered anything else when you ask for "Vaseline" you are being deceived.

Our free booklet on the different preparations and the various uses of "Vaseline" is full of interesting information that will be of practical use in any family. Write for your copy today.

AVERSE TO INCREASE TO POLICE FORCE

City Council Refuses to Make Appropriation for the Purpose—Commissioners Must Appeal to Attorney-General.

If the police commissioners can induce the Attorney-General to instruct the City Council to place in the estimates of expenditure for this year provision for six additional patrolmen and equipment therefor, the addition asked for by Chief of Police Langley and approved of by the board of police commissioners will be made, but not otherwise. Lengthy discussion on the request of the commissioners was had when the City Council last night further considered the estimates for the year. The commissioners asked for six men and equipment, the added expense of which would have amounted to $4290, and the Mayor referred to the suggestion recently advanced to the effect that one or two women be added to the department with police authority.

During the discussion the members of the board showed an almost complete lack of knowledge of police routine or management. Frequent reference was made to the necessity of the department being brought wholly under thne authority of the City Council, and more than one member of the board showed that, in his opinion, Victoria is over-policed. The discussion wandered around the subject in a very general way and led to an expression by one of the aldermen that the discussion furnished the very best proof that the police department should not be placed under the jurisdiction of the Council.

Averse to Increase

Alderman Gleason declared he had not heard of any reason why there should be an increase, but he had been given reasons why there should be none. He had been assured my members of the department that no increase is required. Victoria, he believed, has more policemen in proportion to population than any other city, and no place is more law-abiding. The department at present is an efficient one, but in point of expenditure it takes front place.

Alderman Cuthbert believed that if the board of police commissioners asked for the increase they know what is required and the Council should grant it. If the additional men were to be used in patroling the outskirts then he would vote for them.

Alderman Humber favored more men in the outlying districts while Alderman Meston suggested that the plain clothes department might be cut down.

The Mayor and Alderman Gleason suggested another motor cycle which would cover much more ground at night and be "on the spot."

Alderman Dilworth, a member of the board of police commissioners, argued strongly for the addition pointing to recent cases of assaults upon women as evidence that the outlying sections must be better patrolled. What with the three eight-hour shifts, the necessity of "point" duty and boat attendance the day beats has to be more largely patrolled leaving but few men available for the night shift.

Alderman W. F. Fullerton admitted the aldermen, in such matters, are mere laymen and if the commissioners possess the power to appeal to the Attorney General over the head of the Council it would be better for them to do so. Personally he was not against the increase but he did not know anything about thematter.

Urges Addition

Alderman Dilworth pointed to the fact that the chief had asked in the first place for fifteen men but this had been cut down to six and, he declared, the addition is imperative in view of the great number of new-comers to the city.

Alderman McNeill and Alderman McCandless were not averse to the addition but if the Attorney General could be appealed to over the head of the Council then that would be the best course for the commissioners to pursue.

Aldermen Humber, Cuthbert and Dilworth voted for the increase, while the Mayor and Aldermen Gleason, Meston, McCandless, McNeill, Houston and Fullerton voted against it.

In consequence of the protest made by Alderman Fullerton at the last session of the Council to any increases being granted civic employees all increases authorized, four in number, were eliminated from the estimates except that to Mr. Borde who, since his appointment to the head of the water rates collection department has received a promotion which carries with it more pay.

Alderman Cuthbert urged an appropriation of $15,000 for a civic paving plant. He pointed to the fact that by the end of the year most of the contract paving would be completed and if it is the intention of the Council to undertake work by day labor such an appropriation would be required. The appropriation was put in the estimates.

GOVERNORS FOR B. C. UNIVERSITY

Continued From Page 1

versity for which we, on our part, have wrought for somewhat strenuously. I am also informed by the architect that the plans of the various departments are about completed, and that they will be in our hands shortly for final consideration. That must be excellent news to every Britisih Columbian. I am sure that it is to me, and I think that what I feel in this matter must be shared by everyone who has the least particle of interest in the welfare of the country.

"Just as soon as the plans have been finally gone over arrangements will be made for the letting of the contract. That will be an important undertaking, and will require the very closest observation. But no time will be lost in getting down to the work of actual construction. I may say that it is the idea of the Government to have the foundation stone laid early in September, and as there is a whole world of preliminary work to be negotiated prior to that auspicious time, it may be realized that the Government is bent upon speed.

"Naturally the laying of the corner stone will be performed with due ceremony, as befits such an occasion. Up till now there has been no discussion as to what form this ceremony shall take, but it is safe to suggest that it will assume a much wider aspect than is comprehended within the limits of the Province. In a sense it will be the educational coming-of-age of British Columbia, and as such, many professorial dignitaries from other parts of Canada as well as from the leading colleges and universities across the line, will be present.'

FLOOD TROUBLE FOR MANITOBA

Continued From Page 1

Constructing Dam

Under the direction of the city engineer every available man in the city's employ is working on a thousand-foot dam across Logan Avenue west, which it is hoped will turn the waters into Omand Creek and stop further encroachment on the city. Conditions in other quarters of the city are about normal, as the ground is higher and there are better facilities for the Spring floods to get away. The snowfall this Winter, especially during the latter weeks has been unusually heavy, while there was no January thaw to take it off by degrees.

So far the ice on the Red River has not moved, and an early breakup would relieve the situation considerably.

LOSS OF OHIO IN SUMMED UP

Continued From Page 1

of a mile the boulevard has opened.

Sunset Park, along the river, has been ruined, and the water is lapping the new $10,000 shelter house, just completed. The river was stationary tonight at 48.3 with no further rise predicted.

Mandan Now Afflicted

MANDAN, N. D., April 4.—The Heart River has overflowed its banks, and people in the lower part of this city have fleed from their homes. The river has reached its highest point in many years, and serious damage is feared. A huge ice gorge has blocked the river above where it empties into the Missouri River. The ice in the Missouri is expected to break up before morning.

The flood situation in Weston and St. James shows decided signs of improvement tonight. The water is receding, and by morning all danger of serious inundations will have been passed.

PEACE EFFORTS OF AMBASSADORS

Continued From Page 1

with the War Minister and the naval commander-in-chief. Even if the Powers start a demonstration immediately, nothing is expected to result from it. It is now said that it will not be a blockade, and that nothing beyond a demonstration is provided for. This is borne out to a certain extent by a corteous statement of the situation made by Herr Von Jagow, the German Minister of Foreign Affairs.

Montenegrins' Heavy Loss

LONDON, April 4.—A dispatch to a news agency from Antivari says the Montenegrins lost 34 officers and 1,000 men killed in their attack on Tarabosch on Monday.

Reported Fall of Scutari

PARIS, April 5.—A dispatch to The Matin from Belgrade says that some of the newspapers there have received dispatches from Cettinje and Alessio announcing that Scutari has fallen, and that the Montenegrin and Servian troops entered the city on Friday afternoon. The correspondent adds that the Servian Government has received no official confirmation of the report.

PIONEER OF PROVINCE HEARS DEATH'S CALL

Mr. William Healy, of Sooke Lake, Dies at the Age of Seventy-One—Mined in Cariboo

One of the oldest pioneers of British Columbia passed away yesterday at St. Joseph's Hospital in the person of Mr. William Healy, whose place at Sooke Lake was familiar to a host of anglers and hunters. Mr. Healy's residence in the Province dated from the historic days of 1859, when he joined the Fraser River gold rush. His death was immediately due to the effects of a severe operation which he recently underwent in San Francisco, his advanced age leaving him unable to recuperate.

Mr. Healy kas born in Athlone, Ireland, in 1842. When only a lad he accompanied an elder brother to New York; thence to California, where he passed some years in mining and other avocations. Following an overland Journey to Oregon, he was employed for some time as a teamster for the United States troops who were then operating against the Indians. The gold rush invited him across the line, and in this Province he remained. He took the old familiar route of the Argonauts—up the Fraser to the Cariboo country, holding at different times claims on Antler and William Creeks. He had further mining experience in Cassiar and on Leech River, where the discovery of gold excited Victoria in 1864. He also lived for a time at New Westminster, then called Queenborough.

For some years Mr. Healy resided in this city, serving a term in connection with the police force. He also worked at road and bridge building, taking part in the construction of the old James Bay Bridge. About 1887 he took up the land at Sooke Lake on which he lived until the city purchased a portion of it for water works purposes. His dispute with the Corporation over this purchase is a matter of recent history. Many sportsmen have a lively remembrance of the pleasant days spent on and around "Healy's Ranch." Until very lately the old gentleman enjoyed good health, and was always noted for the keen interest he took in public questions, on which he was unusually well informed.

URGES NEW SYSTEM OF EXPROPRIATION

Mayor Advances Idea Which, He Claims, Would Obviate Heavy Initial Borrowing on Part of City.

If the owners of property on Douglas Street, between Humboldt Street and Superior Street, show a disposition to meet the city in an amicable spirit, the city will assure them of its desire and intention as soon as possible to proceed with the widening scheme introduced two years ago. For the past year or more, the scheme has been lying in abeyance, the claims of some of the owners for compensation for the land which would be taken in widening the thoroughfare, to 100 feet having been considered altogether too excessive.

The matter was resurrected at last night's meeting of the City Council by a communication from Messrs. Bodwell & Lawson, acting on behalf of Weiler Bros., owners of the southeast corner of Douglas and Humboldt Streets. They asked what the city proposes to do in regard to the widening, as their clients desire to lease the property.

City Solicitor Robertson explained that the expropriation by-law has been passed, but no action has been taken to secure the property. There were five claims put in to the city, totaling $182,000 in amount, the largest of which was that of Messrs. Weiler Bros., for $126,000. The city assessor's estimate of the value of the strip to be taken from that property was only $28,000. In view of this, to the Council, excessive demand, nothing had been done towards going ahead with the widening scheme.

The Mayor expressed his approval of the widening, but declared he is utterly opposed to any more expropriations along existing lines. A large proportion of the present shortage in funds was due to the huge amounts which have been spent for expropriations. He believed that if, instead of borrowing money and paying owners outright for the land taken, and then taxing the same owners over twenty-five or fifty years to get the cost of the improvement back, it could be arranged so that the cost could be assessed against the property on annual payments over a term of years and then paid back to the property on similar annual payments, the initial heavy outlay on the part of the city would be avoided and the cost would not be piled up against the general debt. At present, in arbitrations on expropriations, attention is almost wholly paid to the loss an owner is experiencing, while little attention is paid to the benefit in which the expropriation will result. It might be possible, were such a system brought into effect, to make it retroactive, so far as those expropriation cases where no work has been commenced, are concerned.

The Mayor stated he is now working upon his plan, and in a short time will be prepared to submit it to the Council, when, if it is desired, the Government can be approached to pass the necessary legislation.

Easter Vestry Meeting.—The annual Easter Vestry Meeting of St. Saviour's Church will be held on Monday evening next at 8:30 in the schoolroom.

Mass Meeting on Sunday.—Mr. W. M. Handley, the Mayor of Spokane, will be the speaker at the afternoon meeting at the Y. M. C. A. on Sunday. His subject will be "The Moral Dynamic in Social Evolution." Miss Sheritt will sing.

In the hollow of Your hand

You hold independence, wealth, competence, luxury—what you will. It is for you to decide whether you will close your hand or not. Port Edward, B. C., offers today the same wonderful opportunity for investment that Prince Rupert offered in 1909. You know what profits were made by early investors in Prince Rupert, Pacific terminus of the G. T. P. In 1909 town lots in the townsite of Prince Rupert, Pacific terminus of the Grand Trunk Pacific, were sold for a few hundred dollars each. The same lots today are worth as many thousands. Not a single instance has come to hand of an investor who failed to make good profits on lots in Prince Rupert bought at the original sale. The average profit made was 300 per cent; many made as high as 600 per cent.

Port Edward, the industrial annex that Prince Rupert must have in order to meet the demand for industrial waterfrontage that is now arising, amounts, practically, to another section of Prince Rupert, although it is owned by a different syndicate. Port Edward offers exactly the same opportunities today as Prince Rupert offered three years ago. These statements are purposely conservative and well within the mark. We want you to ask questions, to make inquiries, to satisfy yourself absolutely, before buying. But don't let the chance pass.

Port Edward, B.C.

Prince Rupert's Industrial Annex

Lies on the Mainland of the Province, adjacent to Prince Rupert, which is situated on Kaein Island. Port Edward is on the main line of the G. T. P., and is recognized by the company controlling that great transcontinental road. Station, sidings, etc., and all transportation facilities required are being provided. Port Edward possesses one of the finest natural harbors on the entire Pacific Coast, and the development work has been planned by experts, who have taken advantage of the natural slope of the property to provide for industrial expansion of the most modern type. Port Edward's harbor is so formed as to admit of pier wharves which will provide seven times the dockage space per unit of waterfront that Prince Rupert has.

The opening of the Panama Canal will come early in 1915, according to the plans of Colonel Goethals. Mr. M. Donaldson, vice-president of the G. T. P., stated on March 31 last that the company expected that road to be in operation not later than November, 1914.

These two events will revolutionize present conditions of commerce. As a result, the vast wealth of the Northern Interior of British Columbia will be opened to the world. Development will come very rapidly, and investment values will enhance just as quickly. Realize what an opportunity this offers you. Send for the details right now, today!

ELISA LIHN IS LAST OF FLEET

Other Vessels Formerly Operated by Walter Lihn Have Been Disposed of to Grace & Company.

RICART DE SOLER DUE TO SAIL NORTH

Aloha Departs for Fraser in Tow—Dumfriesshire About to Sail for Delagoa Bay With Lumber.

With the exception of the German bark, Elisa Lihn, which reached the Royal Roads late on Wednesday night, after a sixty-three days' passage from Valparaiso, all the vessels of the Walter Lihn fleet with registry at Antofagasta have been sold to W. R. Grace & Co., of San Francisco. This famous fleet of windjammers, which for many years past have been plying the Pacific principally from British Columbia and Puget Sound ports, in the lumber trade, will in future be seen flying the flag of the Grace Company, and the probabilities are that it is only a matter of time before the Elisa Lihn is also disposed of, as the German owner has decided to retire from the shipping business. News to this effect was brought by Captain Pundt, master of the bark Elisa Lihn, who is a familiar figure in Victoria, having completed his fifteenth passage from South American ports to British Columbia waters.

Longer Run Than Usual.

When seen ashore yesterday Captain W. Pundt stated that the passage just completed was one of the longest he had ever made from Valparaiso. The weather encountered during the run up the coast was not the kind that would tend to cheer the heart of a windjammer skipper, as the winds were unfavorable from the start, and to make matters worse the vessel was practically at a standstill for five days in 30 North to the South of San Francisco.

Captain Pundt was greatly amused when he was informed of a report that had been circulated that the Elisa Lihn had made the run from Valparaiso in thirty-one days. He remarked that he was not in the hydroplane class yet.

The fastest trip that the Elisa Lihn has made from South American ports is forty-two days, and Captain Pundt considers that to be fast sailing.

Heavy weather retarded the progress of the vessel when nearing the Cape until she was sighted and picked up by the tug Tyee.

The Elisa Lihn, which has discharged half of her ballast in the Royal Roads, is awaiting orders from the owners as to which port she will load at for the outward voyage. Captain Pundt is of the opinion that with the big freights offering for sailing tonnage at the present time, his vessel will probably be fixed to load either at Vancouver or the Fraser River for Sydney or Melbourne.

Ricart de Soler Coming.

According to the master of the Elisa Lihn the Chilean bark, Ricart de Soler, Captain Angelo, which recently arrived at Antofagasta from Newcastle, Australia, has been fixed to come here to load lumber. She is due to sail north shortly for the Royal Roads. During her voyage from Newcastle the Ricart de Soler experienced exceptionally rough weather, and upon her arrival off Antofagasta she was in pretty bad shape. Captain Pundt, who was sent out to assist her to port, says that her mizzen was almost gone by the time she sighted the Chilean coast.

Chilean Bark Due.

The Elisa Lihn left Valparaiso on January 28, and she brought advices that the Chilean bark Royal Sovereign, Captain Maclean, left Valparaiso three days later for Valparaiso to load lumber for Chile. With good weather the Royal Sovereign should put in an appearance within the next few days. Another Chilean ship, the Curzon, Captain Bastarricheas, sailed from Valparaiso on February 13, also to load lumber at Vancouver.

Sails For Fraser.

The four-masted schooner Aloha, Captain Peterson, which on Tuesday night reached the Royal Roads from San Francisco, left in tow of the tug Lorne at midnight for the Fraser River Mills, where she is to load for Sydney, Australia. She will cross the Fraser River bar about 2 o'clock this afternoon. The Aloha will be surveyed at New Westminster.

The British bark Dumfriesshire, Captain Furneaux, which is loading a full cargo of lumber on the Fraser River for Delagoa Bay, will be ready to leave towards the end of next week for South Africa.

Captain Hennevig, master of the Norwegian bark Fingal, does not expect that his vessel will be able to enter drydock on Monday as expected. The Esquimalt drydock has been working overtime lately, and it is probable that the work of cleaning and painting the hull of the Fingal will be delayed a few days. The Fingal is to load lumber at Vancouver.

STRATHTAY IN STRAITS

Rail Steamer Is Reported Passing Magellan Bound for Port Mann.

Carrying a full cargo of steel rails for Canadian Northern construction, the Strath steamer Strathtay, from Sydney, Cape Breton, is reported having entered the Straits of Magellan on March 28. She is destined for Port Mann. Another freighter en route to Port Mann with steel from Sydney, is the Norwegian steamer Herakles.

HARRISON LINE MOVEMENTS

Freighter Historian Carrying Big Cargo for British Columbia Ports Is Spoken.

With general cargo from British and European ports for Victoria and Vancouver, the Harrison Direct liner Historian passed Punta Arenas March 25. In addition to big shipments for this port the Historian carried a heavy consignment of coffee shipped at the Brazilian port of Santos.

Following the Historian is the steamship Crown of Galicia which, on March 28, cleared Glasgow for the North Pacific Coast via Liverpool and San Francisco.

FOUR STRATH BOATS TO TRANSPORT COAL

Placed Under Charter by U. S. Government to Carry Fuel From the Atlantic to Pacific

SAN FRANCISCO, April 4.—The United States Government has chartered four more steamers of the Strath line for coal from the Atlantic Coast to Pearl Harbor at 5 shillings 9 pence per ton. The rate is considered very cheap, other bids being for over 6 shillings.

The German bark Werner Vinnen has been chartered by Balfour, Guthrie & Co. for wheat from Portland or Puget Sound to the United Kingdom at 41 shillings 3 pence, with 6 pence more for wheat and barley. The Werner Vinnen is now at Newcastle, Australia, and must be at her loading port by November 15.

The British ship Westgate has been chartered by M. H. Houser for wheat from Portland or Puget Sound to the United Kingdom at 41 shillings 9 pence, or 6 shillings more for wheat and barley. The Westgate is now at Huasco, South America, and must be at her loading port by December 15.

The British steamer Ikalis has left for Tacoma and Kobe with a cargo of cotton shipped by the Santa Fe Railroad.

DOUBLE SERVICE TO POWELL RIVER

Dodwell & Company Charter Steamer Leona to Alternate With Fulton in Paper Trade From British Columbia Port.

News was brought by the Dodwell steamer Fulton, which reached port yesterday from Seattle en route to Powell River to load a big shipment of paper at the Powell River Pulp Company's plant, that Messrs. Dodwell & Co., Pacific Coast agents for the Blue Funnel line, had taken the steamer Leona on charter for the purpose of operating the vessel in the service between Seattle, Victoria, Vancouver and Powell River. The Dodwell Company is now operating the steamer Fulton on that route, and the Leona will give the line double service from Powell River and British Columbia ports to Puget Sound.

The two steamers will be used in transporting heavy shipments of paper from the Powell River mills to Victoria and Seattle and will be utilized in carrying general freight northbound. It is stated that the output of the Willamette mills, supplying Seattle with big consignments of paper, has been greatly curtailed by a mishap to the plant's machinery, and demands for the British Columbia product have consequently doubled. On her first trip south in the new service the Leona will carry 600 tons. She is a vessel of approximately 800 weight tons capacity.

The steamer Fulton, when in port yesterday, in addition to other freight had aboard three cars of machinery for the Powell River mills that will enable the plant to almost double its output.

The Leona has for several months past been operated in the cement carrying trade between Todd Inlet and Victoria.

STEAMER LARGER THAN IMPERATOR LAUNCHED

Vaterland, Which Floated From the Stocks on Thursday, Is the Greatest Yet.

The largest passenger vessel in the world, 5,000 tons bigger than the Imperator of the Hamburg-American line, to which it also belongs, was launched at Hamburg on April 3 and christened the Vaterland by Prince Ruprecht of Bavaria.

She carries eighty-three lifeboats, seventy of which can be launched from either side, so that they may be utilized even if the ship has a heavy list or during a storm. In the seventy boats accommodation is provided for all the 4,050 passengers and 1,200 crew. Two of the lifeboats are fitted with motors. Two other similar vessels are to be constructed by the same company.

TIDE TABLES OF VICTORIA

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water.

The height is in feet and tenths of a foot, above the average level of the lowest low water in each month of the year.

Esquimalt—To find the depth of the water on the sill of the drydock at any tide, add 19.0 feet to the height of high water as given above.

RAINBOW TO SAIL ON MONDAY NEXT

Cruiser Now Preparing to Leave for Vancouver to Meet Admiral Kingsmill, Who Will Make Inspection.

ADMIRAL KINGSMILL

With Vancouver as her destination, H.M.C.S. Rainbow, Commander Hose, is expected to sail from Esquimalt on Monday. The cruiser is crossing the Gulf of Georgia to await the arrival of Admiral Kingsmill, who is now on his way from Halifax to make an annual inspection of the Pacific Coast unit and the naval station.

Since her return to Esquimalt from Berkeley Sound the Rainbow has ben coaling at the naval wharf and preparing for the arrival of the admiral of the fleet. Upon his arrival at Vancouver Admiral Kingsmill will board the Rainbow, after which she will immediately leave Burrard Inlet for Victoria.

The present visit will be the first the Rainbow has made to Vancouver in eight months.

SHIPPING INTELLIGENCE

April 4, 8 a. m.

Point Grey—Raining; S.; 43. In, large four-masted freight steamer, 5:45 a. m.

Cape Lazo—Clear; S. E.; 29.78; 41; sea smooth. Spoke, 6 a. m., Spokane, 5 miles N. of Sisters Light, southbound.

Tatoosh—Cloudy; S. E., 15 miles; 29.83; 44; light swell. Out, 5:30 a. m., S. S. Tiverton. In, 5:30 a. m., S. S. Cricket; 5:30 a. m., three-masted schooner; S. S. W. S. Porter, 6:30; 7 a. m., four-masted schooner.

Pachena—Overcast; S. E.; 29.52; heavy swell.

Estevan—Raining; S. E., fresh; 29.52; 42; sea smooth. Spoke, 10:15 p. m., Tees anchored at Ucluelet for the night; S. S. Chicago Maru, 11:20 a. m., 6 p. m., position 50.30 N. 133.17 W., westbound.

Triangle—Foggy; raining; S. E., fresh; 29.97; 40; dense.

Ikeda—Raining; S. E.; 29.94; 44; sea moderate. Spoke, 8 a. m., S. S. Quadra off Ikeda.

Prince Rupert—Cloudy; calm; 29.60; 38; sea smooth. In, S. S. Princess Sophia, 6:55 a. m.

Dead Tree Point—Cloudy, calm; sea smooth.

Alert Bay—Cloudy; S. W.; 29.59; 46; sea smooth. In, S. S. Camosun, 10 p. m., out again 11 p. m., northbound.

Noon

Point Grey—Cloudy; calm; 54. In, S. S. Lord Derby, 9:30 a. m.

Cape Lazo—Cloudy; N. W.; 29,74; 50; light swell.

Tatoosh—Cloudy; S., 20 miles; 29.71; 40; sea moderate. In, 10 a. m., S. S. Riverside, towing schooner Defender; S. S. Loop, 10:25 a. m. Outside bound in, steamers Titania and Wellington.

Pachena—Overcast; S. E.; 29.47; light swell. Spoke S. S. British Empire, abeam, northbound, noon.

Estevan—Overcast; S. E.; 29.47; sea moderate. Spoke S. S. Tees, left Christie's School, southbound.

Triangle—Overcast; S. E., light; 28.97; 42; heavy swell.

Ikeda—Raining; S. E.; 29.24; 43; sea moderate. Spoke S. S. Quadra off Ikeda, noon.

Prince Rupert—Cloudy; S. E.; 29.66; 48; sea smooth. Out, S. S. Prince George, 9:20 a. m., southbound; S. S. Princess Sophia, 9:20 a. m., southbound; S. S. Quadra, off Bonilla Point, sheltering, 10:15 a. m.

Alert Bay—Cloudy; S. E.; 29.69; 49; sea smooth.

6 p. m.

Tatoosh—Raining; S. E.; 16 miles; 29.32; 43; sea moderate. Passed in, steamer Catania, 12:30 p. m.; in steamer Wellington, 12:25 p. m.

Point Grey—Raining; N. E.; 45. Passed in, steamer Amur, 3 p. m.; in, steamer Cowichan, 4:30 p. m.; in, steamer Chelohsin, 5:30 p. m.

Pachena Point—Raining; S. E., strong; 29.20; sea rough. Steamer Tees at Ucluelet, 5:30 p. m.

Estevan Point—Raining; calm; 29.22; 47; sea moderate.

Dead Tree Point—Overcast; S. E.; sea smooth.

Ikeda Bay—Cloudy; S. W.; 29.16; 42. Schooner Anne Larsen at Jedway. Steamer Chicago off Ikeda.

Alert Bay—Overcast; S. E.; 29.42; 46; sea smooth.

Prince Rupert—Overcast; calm; 29.42; 47.

Triangle Island—Cloudy; E., light; 28.81; 41; light swell. Spoke steamer Prince Rupert, 3 p. m., in Queen Charlotte Sound, northbound; spoke steamer Camosun, 5:30 p. m. in Queen Charlotte Sound, northbound; spoke steamer Princess Beatrice, 5:50 p. m., at Rivers Inlet, southbound.

SEA MYSTERY SOLVED AFTER MANY YEARS

Sealed Bottle Washed Up Near Rochester Recalls Strange Disappearance of Steamer Nutfield

A report of the find of a pathetic bottle message near Rochester, England, comes from South Shields. The message, which was enclosed in a tightly sealed bottle, has, says the report, solved the mystery respecting the disappearance over eight years ago, of the British steamer Nutfield and her crew of twenty-four. The vessel left Norfolk for Havre December 12, 1904, and was never afterward heard of. The disappearance of the Nutfield was investigated by a court of inquiry in London in July, 1905. The facts of the case were, briefly, as follows: The Nutfield, a steel steamer of 3,670 tons deadweight capacity, built in 1891, with 3,113 tons of timber, of which 310 tons were carried on deck. The intention was to discharge the deck cargo at Havre, and the bulk at a port on the Tyne. On December 10, 1904, the Nutfield arrived at Norfolk, where she took on board 326½ tons of coal. On the following day she left that port, her draught of water, according to the evidence of the pilot, then being 20 feet 10 inches. She dropped her pilot on the same day in Chesapeake Bay, near Cape Henry—and there the record ends, except for the bottle message just picked up. She was, the court decided, in good trim and in a seaworthy condition when she left Mobile, and had the freeboard required for a Winter voyage; while the same applied to her when she sailed from Norfolk. It was admitted that extremely bad weather prevailed for some time after her departure from the latter port. She was properly manned, her crew, including the master, were said to number twenty-four. Taking all things together, the Nutfield, when she started on her fatal voyage appears to have been—one thing excepted—as well-fitted to face the dangers of the North Atlantic as human skill and care could make her. The exception was her deckload, and there probably rests the responsibility for the loss of a fine vessel and twenty-four human lives.

DISPLACING SAIL POWER

Old Wherry on the Tyne River Being Relegated to Obscurity by Oil-Propelled Craft

The wherry, which in past time, held an important place in the transportation on the Tyne River, but which in recent years has been yielding place to steam-propelled vesels for carying cargo, is probably to have new life infused into it by the introduction of the oil engine. One experiment made in this way proved so successful that a new era of usefulness for this kind of craft is predicted. A seventy-ton wherry was chosen for the trial. The engine is fixed in the afterhold, does not encroach on the cargo space, and no additional labor is required. Deducting time for loading, the wherry can go from the Newcastle staith to the pit landing, a twenty-mile round trip, and bring back sixty-five tons of coal in two and a half hours. The engine burns crude oil, which costs a fraction less than 8 cents a gallon, and in a journey such as mentioned six gallons are consumed, or roughly, 48 cents' worth. The towage charge would be $2.50. At first the wherry was driven by a two-bladed propeller, but latterly it has been fitted with a three-bladed propeller, and the engine is easily worked. This example of how the oil engine can restore the usefulness of the small river craft is likely to be generally followed.

Strathfillan En Route.

Word has been received in local marine circles that the British steamer Strathfillan sailed from St. Lucia on March 12 en route to Vancouver from Guantanamo.

Rupert City Reported.

The British steamer Rupert City, formerly operated out of Vancouver by the Mackenzie Steamship Company to Prince Rupert, and later run as a freighter, sailed from Newcastle, N. S. W., on March 29, for Unalaska.

MANY CHINESE ABOARD TITAN

Two Hundred Orientals Will Disembark at Victoria—Keemun, Making Return Trip, Passes Gibraltar.

Acording to advices received from the Orient by the Blue Funnel agents here, the steamship Titan, which is due to reach Victoria on April 11 from Glasgow and Liverpool, is bringing 200 Chinese passengers for disembarkation at this port. The Titan is carrying a 12,000-ton cargo of British and Oriental merchandise, of which 2500 tons is manifested to Victoria and 6000 tons to Vancouver. Dodwell & Company have also been advised of the positions of several other liners operating in the Blue Funnel service from Liverpool to Victoria.

The steamship Keemun, Captain Conradi, which sailed from Liverpool on March 29 with a full general cargo for Pacific Coast ports, passed Gibraltar on April 3 en route to this port via the Far East.

Making Another Trip

The Keemun, when last in port, repored that she was making her last trip in the Pacific service, but, owing to the congestion of freight at British ports for this coast, the Holt Line decided to dispatch the Keemun on another voyage.

The steamship Protesilaus, which is following the Titan to Victoria, gives her latest position as Singapore on April 3. The Protesilaus holds the record for the fastest boat of the fleet engaged in the Pacific trade, and it is expected that she will endeavor to beat her own time after leaving the Orient. She is sche-

The Ixion is due to leave Vancouver probable that she will reduce this time by at least a day.

Reaches Home Port

The sister ship to the Ixion, the Talthybius, is reported to have arrived at Liverpool on March 29 from Victoria.

The Ixion is due too leave Vancouver for Puget Sound ports to commence loading for the outward voyage to the United Kingdom. She will take out a capacity cargo and is scheduled to finally clear Victoria on April 16.

The steamship Bellerophon, outward bound from Victoria, passed Suez on March 30, bound for Liverpool.

Vessel Movements

ADELAIDE—In port Feb. 21, Segura, Br ship, for Portland, Ore.

ANTOFAGASTA—Departed March 10, Columbia, schr. for Ballard.

Established 1908
"Advertising Is to Business What Steam Is to Machinery"

Our Business Is to Get More Business for You

We devote ourselves exclusively to the following lines of publicity:

NEWSPAPERS — MULTIGRAPH LETTERS
WEEKLIES — CIRCULARS
SHOW CARDS — ADDRESSING
CLOTH SIGNS — MAILING
BIRD'S-EYE MAPS — PAMPHLETS

Since our establishment in 1908, we have made the closest study of RETAIL MERCHANTS' ADVERTISING.

The retailer who is under the impression that a small ad. does not pay is the man we want to meet, for we can prove that his impression is wrong.

Our system of circularizing (by letters which cannot be detected from typewriting) all classes of buyers is worthy of the attention of every man, woman or firm, no matter what line of business either one may be following.

THIS FINE OLD GENTLEMAN ANSWERED 187 LETTERS IN REGARD TO "FRUIT-A-TIVES"

People in All Parts of Canada Wanted to Know More About These Wonderful Tablets Made From Fruit Juices

N. JOUBERT, ESQ.

"I heartily recommend 'Fruit-a-tives' to all who suffer from Constipation and the painful consequences—Piles. I am now over 74 years old, and suffered for over 20 years with Constipation and Piles. I tried all kinds of remedies, saw the doctors and took their medicines, but nothing cured me. About four years ago I tried 'Fruit-a-tives'—found they were doing me good Then I procured an additional supply and was much gratified at the wonderful good they did me. After taking four boxes I felt well—my bowels were regular and the Piles had disappeared.

"My wife was troubled for three years with Asthma and Eczema on the hands, which made her hands almost useless. The doctor gave her several ointments to use, none of which had any effect. He also advised her to use rubber gloves (she wore out three pairs). I persuaded her as a last resort, to try 'Fruit-a-tives.' The effect was marvelous. Her hands are cured and the Asthma has also left her. We both attribute our present good health to 'Fruit-a-tives.'"

N. JOUBERT, Grande Ligne, P. Q.

Whether it was the fine, honest, straightforward face that inspired confidence, or the simple language, which rang true as a silver bell, that made so many people think over this letter, is hard to say. But the fact remains that one hundred and eighty-seven persons have written Mr. Joubert to inquire more fully about "Fruit-a-tives." And this delightful old gentleman, who is now 74 years old—happy in his release from pain—grateful for his cure—took the time to answer every inquiry. Take his advice and try "Fruit-a-tives."

50c a box; 6 for $2.50—trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

STRONG SEARCHLIGHT FOR ZEPPELIN CRAFT

Is Essentially the Same as That Carried by German Battleships—Work Begins on Barracks for Aerodrome

BERLIN, April 4.—A searchlight of 40,000 candle-power will be the chief feature of the new fittings which are to be introduced on board the naval Zeppelin airship for the purpose of participation in the manoeuvres of the North Sea fleet. The searchlight is essentially the same as that carried by German battleships, and it is expected that it will enable the crew to make the most exact observations at a height of from 4,000 ft. to 5,000 ft. above the sea. Workmen from the Zeppelin works at Friedrichshaven, have arrived in Berlin for the purpose of making this and other additions to the equipment of the light before the airship leaves for Hamburg, where she will be stationed during the manoeuvres next week. In these manoeuvres Zeppelin hydroplanes will take part both night and day.

Meanwhile work has been begun on the construction of barracks for 150 men at the Johannisthal aerodrome, near Berlin, for the purpose of housing the soldiers and sailors now receiving instructions in manning the Zeppelin airships. Two new Zeppelins will be stationed at Johannisthal in June and August, and consequently the War Office has decided to post a stationary detachment of 150 men of the Third Guards near the Government Zeppelin sheds.

Recently a report was circulated at Caputh, a little village on the Havel, a few miles beyond Potsdam, in the heart of the orchard country, that an airship had been burned. A little girl declared that she had seen the car of the airship on fire and an explosion take place, and on this evidence the local fire horn was blown and the firemen collected and rushed off with their engine into the woods. The village authorities telephoned to the military commander at Potsdam, and half an hour later forty sharpshooters were on their way to the place where the disaster was alleged to have taken place. Simultaneously an ambulance automobile, a doctor and a nurse were dispatched from Potsdam.

Through the darkness of the night soldiers on bicycles and policemen with lanterns made their way as best they could through the forest, and the fire brigade with their engine followed by the wider tracks. The searchers were accompanied by as many of the male inhabitants of the neighborhood as had heard of the occurrence. At two in the morning a youth appeared in the midst of the searchers, and immediately created a sensation by announcing that he had come from Ferch, near which place it was assumed that the accident had occurred. He related that nothing had been discovered there, but that at one place in the wood there was a strong smell of gas.

Excites Great Interest

This story excited great interest, and the men stood around the narrator with very serious faces until the comic side of it occurred to them, when roars of laughter resounded through the woods. At 4 o'clock the brave firemen assembled in a wayside restaurant very tired and disgusted. As soon as day dawned a further search was organized, but nothing whatever was found.

A suggested explanation of the occurrence is as follows: Lieutenant Zwiekau, who is training for a pilot's certificate, started late in the evening from the Doberitz exercising ground of the Berlin garrison, where the military aviation training school is situated, for a flight to Leipzig. He was compelled to descend several times in order to discover exactly where he was, and the jets of flame and sparks coming from the motor are, of course, seen much better in darkness than in daylight. As some smoke was also probably ejected it seems possible that the girl, seeing all this from a distance, imagined that it was an airship on fire.

Although a very large number of persons have now been consulted and a great deal has been published about the army bill and the new levy on property, the details still remain much of a secret. The North German Gazette declares that the announcement of the levy on property has "had a good reception," and that the German people "are resolved to realize the readiness to make sacrifices which has found manifold expression during the last few months." The Government organ says that the business now is "to stick to the simple and clear idea of a levy on property, and to avoid diversions in the discussions about the practical shape that it is to take."

As a matter of fact, the expected lull in discussion has set in because there is really nothing to discuss except what The North German Gazette calls "the clear and simple idea." The most serious matter for anxiety is in reality neither the state of public opinion, nor the parliamentary situation, nor, again, the technical difficulty of distributing the burden, but the monetary difficulty. The striking failure of the issue of Prussian treasury bonds seems to be a fair index to the state of the money market, and nobody has even attempted to explain how when money cannot be borrowed by the Government even at over 4 per cent., either millionaires or shopkeepers are to raise their contributions to a levy of $250,000,000 except by methods which will involve a very much larger inroad upon capital than even that enormous sum. This aspect of the question is of more immediate international importance than any anxiety about the military and political policy which underlies the increases of the German army, and the appeal to popular sentiment.

The Berliner Morgenpost has obtained from the prosaic proceedings of the Reichstag details of a case resembling that of Adolf Beck, who received two King's pardons and a grant of $35,000 for two wrongful convictions, under one of which he served the usual proportion of a sentence of seven years' penal servitude in England.

Tudhope

"The Car Ahead"

Tudhope "6-48", $2,675 f.o.b. Vancouver
Electric Lighting and Cranking

Save the Duty

Men too often judge a car by its price. Having decided to buy a $2,000 or $2,200 car, they are not interested in cars that sell for $1,775. When you choose your car remember this. Do not class the Tudhope 4-36 as a $1,775 Car. The Tudhope cars are built *in Canada*. They do not carry the 35% duty charge which is added to the price of imported cars or cars assembled from imported parts—a charge that increases the price *without* adding to value. The Tudhope cars can be bought at the *duty-saving* price.

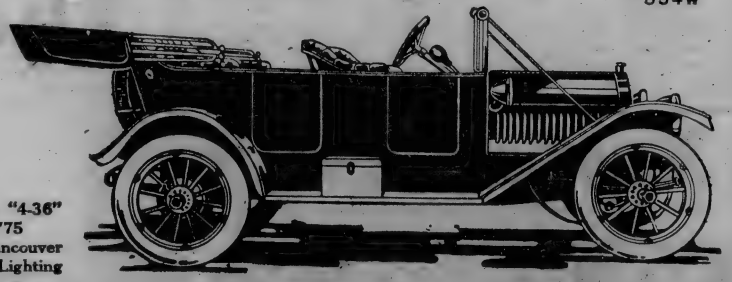

The Tudhope cars have that massive and well-balanced appearance that marks the perfect car. They show care and skill in the details of body building, in upholstering, and in finish. The generous proportions—exceptional spring equipment, long wheelbase, big wheels: these are the things that bespeak comfort, freedom from rocking and jolting—*a steady car*. The accessories are well chosen: Gray & Davis Electric equipment; Extra Tire; small things, perhaps, but evidences of our study for thoroughness.

Ride in a Tudhope car. Feel the quiet throb of the powerful motor. This big silent machine is the product of a factory that takes pride in its output. The Motors, Gears, Axles are built with the exacting care that is essential for comfortable touring and dependable service over Canadian roads.

Catalogue comparison will give some indication of the extra value we build into Tudhope cars. Remember we save the duty. But to appreciate what Canadian building actually means you must *see* the cars.

Caps "Correct" —for many occasions

Yes, sir! There is no doubt about that since "EASTERN BRAND" Caps became the fashion. Designed to suit different face types, so there *is* a "class"—*a distinction about them*—that appeals forcibly to the "Thoro-Bred" on sight.

MY HANDICAP

A new one you'll be proud to wear. Classy in shape, material select—*an all one-piece cap.* Observe the long, drooping peak! No separate lining to this cap—the lining is *woven into* the material. This makes it *more shapely* and durable—also warmer. The sweat band is of heavy roan leather. "My Handicap" is new and different—*soft, fuzzy* and *warm looking*. Cloth effects are choicer and blend better.

EZE

A cap as comfortable as the name sounds—made of silk in all desirable colors for *real* men.

You can crush it in your hand like a handkerchief—or roll it up and put it in your pocket *without injury.*

The cap of distinction for Motoring, Golfing, Travelling—the correct head-gear for *all* outing purposes.

D 19—A GENERAL PURPOSE CAP

Full front—medium squarish peak and designed to suit the average face. Finished with Eastern *Special* Design Lining and Eastern *Patented* Leather Shield—also Dome Fastener. A thoroughly serviceable and comfortable cap—*you'll like it* for every day wear. Sold by *every* store handling EASTERN BRAND Caps.

CLOSING OF CASINO FAILS IN ITS PURPOSE

Munich Police Strict in Their Interpretations of Rules, but Beer Drinkers Get Their Pabulum Just the Same.

MUNICH, April 4.—Since the closing of the Odeon Casino the Munich police have been stricter than ever with all other night restaurants, with the result that the uninitiated find it impossible to get as much as a sandwich or a glass of beer after three o'clock in the morning.

In a town of half a million inhabitants, with a large number of visitors within its walls, and many of these coming from such places as Berlin, Hamburg and Frankfort, where there is not an hour in the year when such necessities are not easily to be obtained, the hardship will easily be understood. Besides, for his comfort the citizen of Munich must be able to get beer at any hour that his eyes are open, and beer for the man of Munich means fresh-drawn, foaming and well-cooled liquor straight from the cask.

But "Where there's a will there's a way," even when the police oppose, and the Munich revelers have now found an excellent method of circumnavigating the police restrictions, a method that is all the more enjoyable as it is a victory won under the very noses of the police themselves. It might even be said that they open the door to the beerhouse.

The Central Railway Station has an excellent buffet and restaurant and this establishment, on account of night trains, has to remain open through the night. Like all good railway restaurants in Bavaria, it sells good beer and cold sausages. The Central Railway Station also sells (automatically) penny tickets for the station away across the Isar—the south station. A train runs to this station at the convenient hour of 4:20 a. m.

The Reveler's Programme

The programme for the nocturnal reveler, therefore, is to wait until the closing hour at one of the night restaurants in town, saunter down to the station, buy a penny ticket, show it first to the watchful police (who allow only more or less bona-fide passengers to visit the buffet), and then to the platform ticket-puncher and finally to make for the hospitable buffet. The buffet at this hour is a cheery spectacle—scarcely standing room, every seat taken and every newcomer greeted with cheers and proclaimed as a potential explorer—not so much of the South Pole as of the almost-as-rarely visited south station.

At a quarter past four the visitor may see a pretty piece of comedy—performed every morning without fail with most identical details. First comes a ticket inspector, thrusts his head into the buffet and shouts, "Five minutes for the south station," with a broad smile on his face, which is a reflection of the two hundred smiles in front of him. Two or three minutes later the same man appears, this time to tell the intending passengers by the 4:20 that they had better take their seats.

Means More Beer

At once there is a cry from every throat of "Waiter, pay please!" and the waiters rush about wondering who to attend to first. As often as not they are confronted with a formidable number of $25 notes. One, two, three minutes go by, while they try to change them, and when the 4:20 train steams out of the station not one of the two hundred intending passengers is in it. Half a hundred perhaps have paid their waiters but still are too late except to give a strangely joyful cheer to the outgoing tail of the train they have just missed.

Of course, the thrifty Bavarian, once having bought a penny ticket for the south station, is not going to waste it, and so he consents to put up with the rather erratic time-table and to wait for the next train an hour later. And, of course, too, for the Bavarian this means more beer between times. So at half-past four the picture inside the buffet is again much as it was half an hour before—the same faces and the same thirst for beer. And if the revelers finally decide thatthey really will journey to the south station, by that time the beer-houses in that quarter are already open, or as an alternative there are plenty of tram-cars to take them home.

PIRATE RAID ON STEAMER

British Vessel Boarded by Chinese Outlaws Near Canton—Kill Two Chinese Passengers

HONGKONG, April 4.—Thirty pirates who boarded the vessel as passengers held up the British river steamer Talon today in the estuary of the Canton River. They killed two and wounded four Chinese passengers, tied up the Europeans, and carried off everything of value, even to the ship's lights, and made off in the steamer's boats.

Canal Ready in About a Year

COLON, April 3.—The excavation of Culebra Cut is completed, except three miles at Culebra, embracing the area of slides. A little more than ten million cubic yards of excavation remains. This work will be finished in October. A steamship company cabled to Colonel Goethals asking when it could advertise for traffic through the canal, and asking the probable date when the first ship would pass through. Colonel Goethals answered that the canal would be completed and ready for ships in May, 1914.

EXHIBITION TO AID ENTENTE CORDIALE

Kaiser Expected to Attend the Show Which Will Be Opened In Crystal Palace and Will Send Finest Examples.

LONDON, April 4.—Possibly the German Emperor and members of the German royal family will make a short trip to England when the Anglo-German Exhibition is opened at the Crystal Palace. The administrators of the gigantic show are confident that the result of their efforts will have more permanent value in establishing the entente cordiale between the two countries than any quantity of Government dispatches, and already some of the most influential citizens in Berlin and London are working on the details of the exhibition.

An invitation to the Kaiser to come to London at the opening on May 10 is about to be sent, and it is confidently expected that he will accept if his engagements permit. At any rate, some members of the Kaiser's family will be present, for the Emperor has taken a deep interest in arranging the forthcoming exhibition ever since it was first mooted. For more than a year an influential committee has working on the details and an office has been established in Berlin in direct communication with that in London. The Earl of Lonsdale, who is a personal friend of the Kaiser, is working on behalf of the administrators, and the International Exhibitions Committee of the London Chamber of Commerce is also doing its share.

All the plans have been prepared, and it is intended to eclipse all previous exhibitions in magnificence of display. Mr. Liebmann, one of the administrators, is traveling almost continuously between London and Berlin, and he states that the object of the exhibition is twofold.

"Exhibitors from all over Germany and Britain," he said, "are coming and the awards will be made for merit only. The backbone of England is trade. The backbone of Germany is trade. It is our object to cement a friendship between the two peoples."

"It should," added Mr. Liebmann, "create the good feeling so much desired between the people of the two countries."

An Anglo-German club will be on the grounds and a German dirigible balloon will be provided for the amusement of those who wish to take a flight. There will also be selling booths on the German system and a German fair.

The Mighty Michigan

The Leading "40" of 1913

A Few Leading Features in Which This Car Scores Over All Its Competitors

ITS POWERFUL MOTOR: The Mighty Michigan's motor is the most powerful of all motors of its size. It develops from 40 to 46 horsepower. It has bull-dog tenacity on the stiffest grades, and all the speed you will ever demand on the straight get-away. The Michigan has a three-bearing crank shaft instead of the two-bearing crank shaft used on many 40-horsepower cars. No thrust from the engine can possibly bend it.

THE SMOKELESS MOTOR: With the Mighty Michigan you are protected against the annoyance and the damage due to smoke. The lower groove of each piston is beveled and drilled, so that it brings down all of the surplus oil from the cylinder walls. With the disposal of the surplus oil, the Michigan "40" will not smoke.

FOUR-FORWARD-SPEED TRANSMISSION: The four-forward-speed transmission has been heretofore a feature of high-priced cars exclusively. With the Mighty Michigan's four-forward-speed transmission (direct drive on fourth) you obtain a much higher efficiency out of the motor at much less expense, than with any other transmission.

POWERFUL PROMPT ACTING BRAKES: No part of the car is more important than the brakes. They MUST work. The big brakes on the Mighty Michigan are the most efficient of any in use on 1913 cars.

EIGHTY HORSE-POWER REAR AXLE: The Mighty Michigan's rear axle is of pressed steel, full floating type, with four-pitch driving gears. This axle possesses sufficient strength for an 80-horsepower car. Its big chrome nickel steel drive shafts are solid one-piece instead of being welded as is the usual practice. No car selling within $500 as low as the Michigan has an axle of such strength.

FOURTEEN-INCH TURKISH CUSHIONS: The 1913 Michigan "40" has cushions 14 inches deep—the deepest upholstering, we believe, and the most comfortable in use on any car. No car at any price offers more luxury in this respect. And that is a big item in every car—COMFORT.

THE FINEST, MOST COMPLETE EQUIPMENT: Best grade mohair top with side curtains and envelope complete. Windshield built as part of the body. Can be inclined at any angle. Electric lights and dynamo. Electric horn. $50 4-inch speedometer. 35x4½ non-skid tires. Firestone universal, quick-detachable, demountable rims, and extra rim and tire. Special foot rail. Swing robe rail. Rear tire irons. Complete tool equipment, with tool chest underneath running board.

MIGHTY MICHIGAN ELECTRIC STARTER

No more reliable starter has been made than that with which the Mighty Michigan is equipped. None other is so simple. None other so easy to operate. None other so light in weight. An accurate record has been kept of fifty thousand consecutive starts on the electric starter we use, and in NOT ONE CASE has the starter failed.

Come in see it; look it thoroughly over. Let us demonstrate it to you. Your time will be well spent.

CONSTANTINOPLE IS A SPLENDID PRIZE

History of City Founded on the Site of Byzantium, That Ancient Metropolis of the Dorian Greeks.

Constantinople is built on the site of Byzantium, that ancient metropolis of the Dorian Greeks, which was founded by them during the sixth century before Christ. It became at once a typical city of the highest Greek civilization in the beauty of its architecture and its streets. In addition it rose to the supreme commercial power of the Hellenic world because of its advantageous position. Even now there may be seen in Stamboul, that portion of Constantinople which was the actual site of the ancient Greek city, remains of walls and other works of masonry built by the Greeks.

From the very beginning Byzantium was coveted by every race and nation within striking distance, and the city was constantly hard pressed. After centuries of desperate fighting to maintain its indepenedence Byzantium finally fell into the hands of Severus. But this conqueror and his descendants ruled the city in a wretched manner. Civic pride languished, the government rapidly grew from bad to worse and finally in the year 324 A. D., the city surrendered to Constantine, the first Christian Roman emperor.

Captivated by the city and its beautiful surroundings Constantine at once adopted it as his capital, giving it the name of New Rome and dedicating it "to the service of Christ."

Named After Conqueror

But the world at large has christened the city in honor of its conqueror and it has borne that name ever since.

It was Constantine's ambition to be known as the founder of the city; and to that end he instituted elaborate ceremonials. Marching at the head of a vast procession he walked over the hills, which were then the environs of the city, marked the boundaries and laid an elaborate foundation for future growth.

Then he set great armies of men at work building and beautifying the city. He spent vast sums of money in erecting palaces, churches, aqueducts and theatres.

Built San Sofia Church

The most notable church he built was San Sofia. But this church was burned. It was rebuilt later by Theodosius and was again destroyed. Then Justinian on the same site built a temple which was a far more splendid edifice than the other two.

This is the famous San Sofia which stands today. But there have been so many additions built on to it that the original outlines of the temple are entirely lost.

San Sofia was sixteen years in building and its dedication lasted fourteen days, beginning on Christmas Day, 548.

All nations had contributed to its costly and magnificent investiture. The rarest jewels, marbles, mosaics, metals and ivories, in fact all the rarest treasures possessed by all the nations were used for the adornment of San Sofia.

It was here that all the great events in the lives of the Christian emperors were celebrated, and it is said that the Crusaders, whenever they met in this temple, were so evercome by the grandeur of their surroundings, they would lay aside their differences and go forth in harmony and goodwill.

Here also were stored many of the precious volumes which kept alive the flickering light of learning throughout the medival period of mental darkness and which finally burst out into an intellectual awakening known as the Rennaissance.

Constantly Beset by Enemies

For centuries Constantinople retained her supremacy in the commercial world, but as she grew in wealth and splendor, fetes and festivals like those of the old barbaric Romans, became the order of the day. The city succumbed to the sway of its voluptuaries. In the meantime it was being constantly beset by its enemies, the Saracens and the Bulgars. About this time, the latter part of the tenth century, the Turk began to cast his sinister shadow across the Besporus. He had been gradually stealing in from the East, from beyond the Caspian and the plains of Khorassan.

He had established himself in Asia Minor with the long spear and scimitar. His sole object was the letting of Christian blood. This purpose took precedence with him over every consideration of government, law and domestic economy.

The Turks had secured possession of all the territory adjacent to Constantinople. They had destroyed the city of Ephesus and wiped the Byzantium empire off the map. Then they began to levy tribute on Constantinople.

The first concession the cross made to the crescent was in 1347, when the emperor gave his daughter in marriage to Orchan, son of Othman, the founder of the present Turkish dynasty. Then the Turkish outrages in Constantinople began. Orchan sold his Christian slaves in the streets of the city, exposing them naked in the market place.

Turks Capture City in 1453

While it was apparent to the Turk at this time that he could take Constantinople any time he desired, for some reason he withheld his hand until 1453, when Mohammed II. began his historic seige which ended in the capitulation of the city to the Turks and ushered in four centuries of unspeakable outrage.

The Turkish hordes swept into the city on April 2, 1453, ravenous for the spoils which had been promised them by their leaders. Around the temple of San Sofia 20,000 Christians stood palsied with fear and praying for some miracle to deliver them from the terrible maniacs who had been hammering at their gates. These Christians were divided among the soldiers. Men women and children were thrust into a bondage a thousand times worse than death. The cross was torn from the golden minarets of the temple and the crescent erected in its place. The palaces and temples were stripped of their jewels and wealth and divided among the avid Musselmen.

The body of Constantine Palaeologus, the last Emperor, was found and at the command of Mohammed the head was severed from the trunk and sent to the different cities of the Turkish empire as evidence that Allah had triumphed and the cross was in the dust. The head was then stuffed with straw and placed at the foot of a bronze equestrian statue in a public square.

The army was allowed to debauch itself for three days. Then Mohammed set to work to restore order. He obliterated every mark of the Christian occupancy. While he allowed the Christians to remain in the city, they were not permitted to carry arms, to hold any public office or to testify in court. Then was organized the famous corps of Janissaries, made up of sons of Christian parents who had been taken at the age of eight and trained to this military service. Later only the sons of European Christians were used for this purpose. This practice continued for over 200 years.

The growth of the Ottoman empire in Europe reached its highest point under Suleiman the Magnificent. This emperor threatened to become the dominant ruler in Europe. He made thirteen successful conquests, at one time reaching the very gates of Vienna. While the Turks occupied Hungary at this time it was the Bulgars who stood between them and the Christian countries of Europe.

BLACK CAT DEFIES MANAGERIAL ACTOR

Pussy Makes Appearance on Stage Unhearalded and Without Name in Programme.

LONDON, April 4.—An actor-manager was defied on the stage of his own theatre a few nights ago in full view of the audience by the office cat.

Sir George Alexander was the victim of this untoward incident and for several minutes he and the recalcitrant intruder indulged in a game of hide-and-seek among the furniture on the stage of the St. James' Theatre, to the complete upsetting of the play and the hilarious joy of the audience.

Black as night, the cat entered majestically into the limelight by the right lower entrance, bust before the great scene between Sir George Alexander and Mr. Sydney Valentine in the second act of "Open Windows."

Taking its cue from the title of the play it stalked across the stage, pausing in true histrionic fashion in the exact centre until it reached the open French window.

There is gazed into the moonlight in search of property birds.

At that moment the hand of Nemesis, in the person of the actor-manager, descended. The cat, however, was too agile. It took shelter under a table, stage left. Driven out of that point of vantage by a vigorous "shoo," it darted across the stage to the sofa on the right.

Mr. Valentine held grimly to the edge of the table at which he was standing. Sir George Alexander, gracefully, but firmly, drove the intruder back.

It might have been a scene between Black Michael and the Prisoner of Zenda.

A breathless pause was followed by a sudden flanking movement by Sir George. The cat was caught and firmly, but kindly, shown how to take an exit.

Sir George Alexander then took up his line: "Ah! It must have given you a great deal of trouble," he said.

AMUSING SEARCH FOR GREATEST LIVING AUTHOR

Would a World Competition Decide the Question?—M. Anatole Given Preeminence by Critics

LONDON, April 4.—Wha is the greatest living author? This question has taken hold of the British public with the ferocity an insistence of a ragtime tune and wherever one goes in intelectual circles one can hear the problem debated with extraordinary feeling and warmth.

The trouble began with a speech by a well-know writer who said, in all innocence of heart, he was sure these laurels of world pre-eminence would be given by all discriminating critics to M. Anatole France. "M. France is unquestionably," he asserted, "the finest literary artist of our times and his art is of the classic school, which is much less subject to seasonal popularity than the colored or romantic. His thought is not, perhaps, profound, but his skepticism, courageous, merciless, noble, represents an attitude of mind towards which mankind always tends to swing."

These words barely had time to appear in print in London before every literary man seemed to throw his hat into the ring in frantic eagerness to tear M. France off his dizzy pedestal. "Have we nothing today—in, say, Hardy, Morley, Bryce, to name three, as immortal as 'Le Crime de Sylvestre Bonnard' or 'Sur la Pierre Blanche?'" demanded one in hot scorn; "why the idea is absurd." "Let us organize a world competition to decide the point," retorted a second. "All the men you cite are impossible."

"A competition could not settle such a question," angrily asserted a third. "The place of an artist is not to be determined by counting votes and the formula has yet to be devised which shall tell us how votes are to be weighed. What after all does one mean by the greatest living 'author?' Not the pure scholar, one may trust, nor even the writer whose main activity is scholarship, for nothing is more certain to be overhauled than learning. Nor is it the writer who gives himself up to problems and questions and who exposes himself helplessly to the tooth of time."

CASH STILL HOARDED IN EUROPEAN CITIES

Anxiety Is Evident—Dimunition Shown in Returns to Banks and Future Outlook Is Anticipated.

The financial situation is affected, first, by the difficulty of raising capital, and, secondly, by the denudation of the banking reserves through the hoarding of cash, which makes banks indisposed to lend for short periods except on high interest, remarked Sir George Paish in speaking in London of the condition of the European money market, says The Monetary Times.

"The continuance of the Balkan war," he continued, "the uncertainty of the real relations between the great powers and the decisions of the Governments of both Germany and France to make huge additions to their standing armies as well as to spend huge sums on additional fortifications, are keeping the people of Eurcpe, and more particulary the people of the Continent, in a state of anxiety which is reflected in the desire of nearly everyone to refrain from enlisting new capital, and is inducing many, especially in France, Germany and Austria, to hoard large sums of cash.

"From one point of view the present position is not much worse than that in December, that is, the amount of cash now hoarded is not greater than the amount hoarded three months ago. But usually in the Spring the cash returns to the great banks in a large volume. However, the amount returned this year is much smaller in volume than usual.

"A very serious situation would long since have arisen but for the power of the banks of France, Germany and Austria to make practically unlimited issues of notes and the consequent ability of the bankers to supply the cash demanded by customers for hoarding and by borrowing fom the state banks.

Money in Much Demand

"Bankers dislike borrowing from the state banks. As far as possible they are curtailing loans to avoid it. How long this situation will last none are able to predict or forecast, but it is evident the greater the delay in restoring confidence to the European public the greater will be the monetary stringency, as business in these days cannot be carried on without the free investment of public savings and without the steady expansion of bankers' loans.

"The times of greatest pressure on the Continent are felt at the end of each quarter, more especially in the quarters ending in March and September. The efforts of the Continental houses to borrow money wherever loans are obtainable and to import gold, are for the purpose of assisting customers to satisfy their need of capital at this time of great pressure.

"Money probably will be in very strong demand until the end of March, but in April some relaxation may be shown.

Financial Situation is Unpleasant

"Everything depends on the international political situation. In my judgment the outstanding political problems are in the course of adjustment and no fresh complications need be feared. Austria and Russia have come to an understanding. I do not believe that Ausria will fight about the beseiged city of Scutari, which the allies demand shall go to Montenegro. The European investing public, apart from those of England, will not find new capital until a complete settlement of the outstanding problems is effected.

"Whether or not the financial situation will become sufficiently serious to force the various Governments to take more active steps to effect a final settlement of the outstanding questions, I cannot say. They are, however, beginning to realize that something must be done to restore confidence and it is possible that settlement may be reached sooner than one is now able to anticipate.

"Germany's proposal to make what practically amounts to a forced loan of $350,000,000 has, of course, added to the uneasy feeling among the investors of Germany. But it is nowise probable that this crude proposal will be modified.

"Briefly, the financial situation on the Continent of Europe is distinctly unpleasant, but its seriousness may itself cause the various Governments to take steps for the essential adjustment and, of course, as the investigators are reassured and capital flows freely again to new enterprises and cash now hoarded is returned to the banks, the situation will immediately lose its danger."

Crystal Theatre—For Saturday it is a record programme. "The House in the Woods" is a Lubin drama. "Diverging Paths" a Biograph comedy. "Mr. Bolter's Neice" a Vitagraph drama. Josh's Suicide" a Biograph comedy. Gaumont's Graphic of topical events makes up a programme seldom seen. The two acts of vaudeville are excellent. Monday there is a big feature of two reels by the Pathe Company, "The Retreat From Moscow." This is a production in which 10,000 people take part. In vaudeville there are two exceptionally good acts. Watch for particulars in Sunday's papers.

Don't Experiment

With untried remedies when you have a cold, but get a medicine that has won a world-wide reputation and can always be depended on.

Chamberlain's Cough Remedy

Is a medicine of real merit, as is shown by its long record of increasing sales. It contains no narcotics and can be given to a child as confidently as to an adult.

GOODYEAR Bicycle Tires

EVERY TIRE THE WIRED-ON TYPE

THE NON-SKID
for Safe Speeding

It had to come—a Goodyear Bicycle Tire, built like our famous Non-Skid Auto Tire,—a Non-Skid Bicycle Tire with a grip that makes speeding safe even on a slippery road. ¶These diamond-shaped blocks of white tough rubber have a gripping surface that no other Tire has equalled. ¶You can see it for yourself. The angles and edges prevent slipping and accidents—give the rider greater traction power on wet and greasy streets. Here is confidence that makes wheeling a pleasure.

¶And the extra thickness of white rubber—the hardest wearing rubber—gives longer wear and fewer punctures.

NOTE the diamond-shaped blocks.

Look up the Goodyear dealer.

Do You Know the Difference

Between a $4.50 and a $100 Panama Hat? Not many folks do. We sell them at both prices and at every price between, and we can tell you the difference so that you may know just what you are paying for. A limited number of Panamas for ladies at the same rock-bottom prices. We make and finish Felt Hats of every description and sell them at makers' prices. We renovate old hats so that the owners don't know them again.

844 VIEW STREET

FREE

The Racing Pedalmobile is exactly as shown in the picture, built for boys and girls from six to sixteen years of age, constructed and equipped exactly like a six cylinder Motor Car. They have the long sweeping hood, rubber tires, steel wheels and body, big springs, steering wheel, and real steering rod and knuckles, three speed lever (two forward and one reverse), coaster, radiator, horn, lamps, wind-shield, gas-tank, etc.

FREE—THE GREAT RACING PEDALMOBILE.

An Actual Model of a Sixty H.P., Six Cylinder Motor Car, Run Without Gasoline, Weighs 145 lbs., but Easy to Operate.

TWO THOUSAND OF THESE $50.00 PREMIUMS GIVEN AWAY BY A GREAT FIRM IN A MONSTER ADVERTISING CAMPAIGN.

WE WANT 2000 BOYS AND GIRLS TO GET RACING PEDALMOBILES ABSOLUTELY FREE.

We are going to show you how you can get the Racing Pedalmobile absolutely free, and without spending one cent of your money. What boy or girl doesn't want one? Pedalmobiling is the greatest sport ever invented; you simply jump in the car, apply the speed lever, touch your feet to the pedal, and go spinning along to beat the band. Put on your coaster and take the hills without pedaling, turn the sharpest corners without fear of spilling, blow your horn when anyone is in the way, or reverse your speed lever and stop. In fact the Pedalmobile will do everything a real Auto will do, but burn up gasoline; beats bicycling all hollow, and just think of it boys and girls, you can get a Racing Pedalmobile absolutely FREE. Are you interested? Then read on.

WE WANT TO START 2000 BOYS AND GIRLS IN A BUSINESS OF THEIR OWN.

No money to invest, only some of your spare time needed. Immense profits made in money and valuable premiums. This is a dignified and thoroughly respectable business, and any live girl or boy can engage in it and make a big success at it. [illegible]

You need absolutely no money to engage in this work, only a little spare time. **WHAT WE WANT YOU TO DO IS THIS**—We will give you a Racing Pedalmobile, if you will only send us your name and address, and say that you want to be our representative; that you will help us advertise our products, and that you will do all that we require of you, which is not very much. Every boy and girl has it within their power to get a Racing Pedalmobile absolutely FREE. If you are wise, willing, live, energetic, not afraid to go after a thing when you want it, we say to you—

START TO-DAY TO EARN A PEDALMOBILE. IT IS EASY.

Simply send us your name and address, and say that you want a Pedalmobile, and that you are willing to do a little work to get it, and we will start you on the way to earning it, by sending you at our own expense, thirty bottles of our delicious Perfume, to sell for us at 10c a bottle. It is then up to you to do the rest. You can sell these thirty bottles quickly and easily. Our perfume is the best that money can buy, and is attractively put up in wooden cases and handsomely labelled.

With the Perfume, we will send you a complete list of the products we manufacture, and will show you how besides the Pedalmobile, you can earn in your spare time, hundreds of valuable premiums and money. We will also present you free of charge, with our big premium catalogue.

When you remit us the $3.00 for the Perfume sold, we will appoint you a permanent representative, with unlimited credit, and only ask from you that after you receive the Racing Pedalmobile, you will show it to your friends, and tell them how you got it; and that you will continue to be our representative. Do not hesitate. Your opportunity is right here. Your Racing Pedalmobile is waiting for you, and you can get it easily.

Write us to-day and you will be surprised how quickly the Pedalmobile will be yours.

[illegible]

TORONTO, ONT.

Stock Markets and Financial News

MARKET SHOWS SOME ACTIVITY

Prices of Many Stocks Advance to Highest Point of Present Year—Outsiders Are More Inclined to Buy.

NEW YORK, April 4.—An outburst of speculative activity today carried stocks to the highest price of the year, and gains of ten to fifteen points from the year's low figures for a number of important issues were recorded. Trading was broad, and the heaviest of any day in many weeks, with numerous advances of one to two points. At times the movement was held by realizing sales, but these offerings were early absorbed, and the advance carried further. Heavy profit-taking in the last hour, however, cut into the day's advances.

There was no development of importance to account for the action of the market. The relaxation of the money rates, the promising outlook for crops and evidences of excessive short selling during the recent decline were pointed out as justifying activity on the long side of the market. The immediate cause, however, appeared to lie in concrete operations by powerful speculative interests. There were evidences of manipulation of some of the less stable issues, and the whole movement seemed to be highly professional. At the same time, commission houses reported some increases in outside business.

Trading in bonds recently has been on a large scale at steadily rising prices. Forty representative bonds which declined on an average of five points earlier in the year had today recovered three points of this loss. There were some rather wide movements among the less conspicuous stocks. Cotton Oil was active and strong, making a five-point gain. Rubber rose nearly five points owing to the increase in the dividend announced after the close of the market yesterday. Beet sugar, influenced by the latest gossip about prospects of the sugar schedule in the new tariff bill, rose four points.

The bond market again showed strength. Total sales (par value), $2,550,000. Panama 3's coupon advanced ⅛ on call.

GRAIN MARKETS

WINNIPEG, April 4.—On the wheat market, trading in options was active, and prices strong on the higher Liverpool cables and good export demand, both British and Continental. Winnipeg opened ⅝c. higher. Continental markets were all stronger except Paris, which was unchanged to ⅛ lower.

Liverpool cables closed ⅛ to ¼ up, with steady undertone.

American markets opened unchanged to ½c. up, and continued strong the entire session. Minneapolis opened ¼c. to ½c. higher, and closed ½c. higher for all months. Chicago opened unchanged to ⅛ higher. The cash demand for all grades of wheat was excellent, with offerings still few and good active export buying. Cash prices closed ⅝c. to ⅞c. higher for contract. Lower grades were all higher also.

Oats were in fair demand and prices steady.

Flax was again on the boom. May was sold at an advance of 4⅞, July 3c. and October 3¾c. The demand for export was good. These advances held at the close. Barley was in good demand and advanced 1c. Inspections Thursday were 295 cars, and in sight Friday 500 cars.

MONTREAL STOCKS

MONTREAL, Q., April 4.—Pronounced strength in Canadian Pacific and Montreal Power, both of which touched new high record prices for the movement, the first with a net gain of 2¼ and the other with a gain of 1⅝, met only little response. The interest of the market was again overwhelmingly centred in the movement of the two leaders, and while the undertone on the whole was firm, the failure of trading to broaden out was somewhat disappointing.

C.P.R. opened at 239, with an overnight gain of 2¼ points on the strength of the stock in London, and rose to 240 in the final transaction of the first session. Power, following C.P.R.'s lead, opened 2⅛ higher at 230, and held close to that level throughout the morning. Transactions in both stocks were on a large scale. The afternoon tone was slightly easier. C.P.R. worked off to 239¼, and closed at that price here, as against 239¾ in New York. Power fell back to 229⅝ and closed 229 bid, 229½ asked. Business in both stocks was dull in the afternoon. Iron showed some strength early in the day, selling at 53. Laurentide recovered two of the three points' decline on Thursday, selling at 223 and closing at that price bid. Winnipeg Railway was firmer, rising to 210¼ in the afternoon, as compared with 208 in the morning. Textile was dull at 85. The balance of the list was both dull and irregular. Detroit was weak, declining from 75 at the close on Thursday to 73⅛, and recovering only ¼ of the loss. Richelieu recovered one point to 117, but closed easier and offered at 116⅞, with 116½ bid. Brazilian was quiet but stronger in the afternoon, and closed at its best price, 98¼, with a net gain of one point. Hillcrest rose 6½ points to 32¼, and closed strong at 33⅜ bid. Macdonald weakened from 57⅝ ex-dividend to 57, and closed ¼ higher unchanged for the day.

Total business, 7,638 shares, 5,400 mining shares and $17,100 bonds and debentures.

LONDON EXCHANGE

LONDON, April 4.—The stock market was dull today. The easier monetary position prevented any material set-back in the gilt-edged shares, but uncertainty in the Balkan situation checked business.

Rubber, mining and copper shares hardened in the afternoon, but otherwise prices were inclined to drop.

American securities opened quiet, and during the afternoon showed small fractional changes. In the late trading, C. P. R. was the feature, with a jump of two points. The rest of the list hardened a fraction and closed steady. Money was in fair demand, and discount rates were steady.

NEW RIVER IS PLANNED

Unique Proposition From Four Western States Now Engaging Public Attention.

ALLIANCE, Neb. April 4.—A new great river taking its rise in the Black Hills of South Dakota and running through Nebraska and Kansas into Oklahama, may have to be placed on the map of the West. The Government is to be asked to bring its Panama Canal equipment and organization into this territory when it is no more needed in the isthmus and set it to work digging a river to make fertile a vast territory which now is only fit for grazing purposes because of lack of moisture. Congressman George A. Neely has prepared a bill for an appropriation of $50,000 for a survey and investigation of the project.

The new river would be between 600 and 800 miles in length. It would serve a dual purpose—bring water into a dry country, and so divert the flood waters of a number of big western streams that the inundations which annually cause such damage to the lower Missouri and Mississippi Rivers would no longer occur.

J. C. Hopper, president of the Citizens' National Bank of Ness City, Kansas, is at the head of the movement, and affiliated with him are a number of wealthy and responsible business men of the states that would be affected.

While the route of the river has not yet been surveyed, the general direction has been agreed upon.

The northern end, or head, is to be in the Black Hills of South Dakota, where a lot of the water which now goes eastward through the White Cheyenne and Powder Rivers will be turned into it, thus preventing those three streams from carrying so much water into the Missouri as to cause floods at certain times of the year. In the hills section the altitude will be about 8,000 feet, gradually lessening as the water goes southward.

Down through Western Nebraska and Western Kansas the country is very high, but the fall is gradually toward the south and east. It is the purpose of the promoters to keep that stream going southward rather than eastward, as the natural rivers in those districts run, by always keeping the bed of the stream at the highest possible altitude.

Whenever a natural reservoir site is reached in its course it will be utilized as a portion of the irrigation system to be developed. This depression will be filled and used locally whenever necessary. All creeks, ravines and draws will be dammed and the waters emptied into the new river, from which, in turn, water will be drawn off wherever it is needed.

On its way southward the new river will have to cross both the North Platte and South Platte Rivers, as well as several smaller streams after the Kansas line is passed, by means of elevated aqueducts high up in the air.

The third important stream to be crossed is the Arkansas, down in Southern Kansas, over which also there must be an aqueduct. When it reaches the Cimmaron River, one of the big Oklahoma streams, the water that is yet flowing in its bed will be turned into the Cimmaron and once again it will flow along a natural channel, leading eventually to the Mississippi.

Mr. Hopper has figures and statistics to show that the cost will not be prohibitive. As soon as a section of the river is completed and can hold water the benefits accruing to the adjacent property can be assessed and the proceeds used in constructing the next link. Mr. Hopper says that the entire cost can be saddled upon the section of the country through which the river will run and all that will be asked of the Government is a credit and the use of the Panama machinery and organization.

CAT PLUNGES CITY IN TOTAL DARKNESS

CARDIFF, Wales, April 4.—At a meeting of the electric lighting committee of the Cardiff Council, the engineer reported that the reason for the city being plunged into darkness Tuesday night was that the works cat found its way to the high tension gear, and walked across the cables.

The cat was killed, copper wires were burned and the connections cut.

On a previous occasion a similar accident occurred because of a mouse getting in the gear.

This Real Home Will Please You

—Read About It!

This house is more than a house; it is a REAL HOME, built well and truly, not just to sell at a good profit. It has about it the character of a home that can be made as individual as you wish, according to your taste and desires. Treated properly, it could become a family home that ANY family might be proud of.

It stands on a lot 68x210 feet, in an excellent part of the city, and in a desirable neighborhood. It is situated well back from the street, and makes a good appearance from outside. The front door gives on a large entrance hall, off which are the dining-room and den. These rooms are separated by folding doors which may be thrown open, making the rooms as one extra large compartment, the full width of the house, sixty feet.

The house has three bedrooms and a bathroom, all on the ground floor. Also on that floor are the kitchen and pantry, just large enough for ample convenience, and thoroughly modern in every respect.

The basement, which is full size, contains stationary washtubs, furnace of approved design, and separate laundry boiler. There is a porch at the rear of the house, which adds much to the comfort.

Two small verandas are provided at the front of this home, one of them being designed for use as a sleeping porch when required.

Upstairs there are three good rooms, one, a bedroom, the others, useful as storerooms or extra bedrooms, as required.

Floors are hardwood finish; open fireplace of artistic design; handsome plaster and rough timber finishing employed to best possible effect.

This Is a House You Should See. We Want $10,500, Terms Arranged.

Let Us Give You Full Details

GARDEN CITY—Three minutes from car terminus, 2 lots, 132x132, some rock, and nicely treed, high and dry. Terms to suit purchaser. Box 3243 Colonist.

HOW about that waterfront lot for the Summer home? See this one and you will not have to look further. On Cordova Bay, north of Mt. Douglas, 70 feet frontage on the bay road by 268 feet deep; lovely site for cottage, with outlook up the Straits. Price $1350, with $400 cash. B. C. Investments, Ltd., 636 View st.

HOLLYWOOD CRESCENT—Lovely corner opposite steps leading to beach, $1675. Why buy waterfront at three times the figure when this is more private and better. Just call and see Morgan and Warburton at office "B" Campbell bldg., and if this doesn't suit, we have lots of lots more expensive and no better.

HIGH rocky view lots inside the mile and a half circle. $550, 1-3 cash, balance 6, 12, and 18 months. J. R. Bowes & Co., Ltd., 643 Fort st. Phone 2724.

HOLLAND RD.—Overlooking Gorge water, splendid homesite, 50x150, nicely treed; best buy on street; $1400, terms. Macgregor, 207 Central bldg.; phone 1318.

HAPPY VALLEY — Ranch including house, barn, stable, chicken houses, house furniture, farming implements, poultry, stock, two rigs. This is an excellent ranch; splendid land with plenty of water and can be bought as a going concern for the very low price of $7500 on easy terms. Wise & Co., 109 Pemberton blk.

IT is seldom that any of the Newport Avenue lots which back on the golf links, come into the market. We have exclusive sale of a finely treed one now at $2100, on terms. This is a distinctly attractive buy. Yeoman & Pilkington, 411 Jones Block, phone 4292.

I MUST sell my two Cadboro Bay lots quick. One waterfront, one close to water. First applicant gets snap. Address Box 3298 Colonist.

ISLAND PARK—Oak Bay lot 50 ft. frontage; $2800. Cree, Sloane and Brentnall, telephone 4245, 1021 Government st.

HOUSES FOR SALE

A NICE 5-roomed bungalow, all modern, just finished, if anyone sees this ad. and is looking for a home, don't miss this chance. Price is right, and terms can be arranged. Apply owner, 2957 Cedar Hill rd., one minute from Hillside carline.

A HOME of this class is seldom for sale at any price in Victoria. Special circumstances, however, enable us to negotiate privately for the sale of this one at an extremely moderate price. The district is an exceptionally choice one, the site is beautifully improved and includes a tennis lawn, and the house is artistic in design, convenient in arrangement, and fitted up regardless of cost. There are four living rooms, five bedrooms, furnace, vacuum cleaner, a large amount of stained glass and built-in conveniences in short every requisite for perfect comfort. The price is $25,000. We cannot recommend this too highly. Yeoman and Pilkington, Ltd., Builders and Contractors, Investment Brokers, 411 Jones blk.; phone 4292.

HOUSES FOR SALE
(Continued)

A WELL built 5-roomed cottage, just completed on Haultain st., near new car terminus. This house has every convenience and the price is only $3470, on easy terms. Wightman Company, Ltd., Campbell bldg., Office "A."

A HOUSE SNAP—4 rooms, new and modern, on lot 50x108, 1½ mile circle, price $2800, $500 cash. Clarke Realty Co., 721 Yates st. Phone 471. Open evenings.

A DANDY little 4-roomed bungalow, just finished, modern in every way, full cement basement and cement walks around house, lot runs through to another street, street paved. This is a real bargain for only $2800, terms. Call 1715 Lee av. Phone X4592.

ATTRACTIVE home on lot 105x100, near Oak Bay junction; well proportioned hall, parlor and dining-room; three bedrooms, good kitchen and pantry, bathroom, hot and cold, two toilets, two fireplaces; woodshed; basement; well fenced; cement walks; high situation with view; must sell because leaving Victoria; $7,000, ¼ cash. Owner, Box 3267, Colonist.

A BAG SNAP—For three days, 2 acres with 10-roomed, modern house, 10 minutes from car; only $12,000, on easy terms. P. O. Box 529, city.

A SIX-ROOMED house, pantry, bath and toilet, concrete foundation, cement basement made to run auto in, furnace, open fireplace, ironing board fixture, in fact every modern convenience, is close to present carline, also proposed car extension, large lot 50x150, just over 1½ mile circle, cheap at $4000, easy terms given. Western Seaboard Investment Co., Ltd., 303 Hibben-Bone bldg.

A SNAP—Simcoe st., 5-roomed modern house, lot 60x121, high and level. The lot alone is worth what we ask for everything; only $500 cash, balance to suit; price $5500. Victoria Syndicate Co., 404 Sayward blk. Phone 3987.

A BARGAIN in a home. $1000 cash, the balance very reasonable, buys a new modern 6-roomed bungalow in the Fairfield estate; walking distance and every convenience. This home is worth $6200—but for immediate sale we will deliver at $5750. If you overlook this you are losing money. See A. D. Malet & Company, 403-404 Central bldg.

ARE you ready for that home? Owing to circumstances unavoidable we can deliver you one of the finest homes in the city for $1000 cash. This new modern bungalow is situated on Linden ave., our very best residential street. It contains six rooms and is extra well built throughout. It is no trouble at all to show you this bargain. Price $5,750. See us today. A. D. Malet & Company, 403-404 Central bldg. Phone 3235.

AN exceptional offer in a 4-roomed house just off Douglas st. near the mile circle. This is a very choice investment, there being only one lot between this and Douglas st. property which is held at $300 per front foot. There is an immediate $500 or $600 profit in this, but as the owner is leaving the city it must be sold without delay and has been priced accordingly. Price $2250, $650 cash, balance 6, 12, and 18 months, or $2100 with $1500 cash, rent more than takes care of the balance. National Realty Co., 1232 Government st.

A NICE little house, just listed with us today; it is new, modern as money can make it and situated on a fine business corner; price only $4,000; cash $1,200; come in and see us, we can do business quick. Town & Country Realty Co.

NINE-ROOMED rooming house; very close in; low rent; good income from rooms; furniture for sale; phone R3188.

OPPORTUNITY KNOCKS—We are forming a syndicate to purchase the best farm for sale on Vancouver Island, 580 acres. 500 acres of this are excellent land, 70 acres under cultivation, 200 acres in pasture, rest partly slashed. It is the best five acre farm proposition on Vancouver Island, with best of transportation and good markets. Only ¼ mile from good payroll town and station. There are not many shares to sell and the terms of purchase are very easy which will make them move fast. The profits on the resale of this land will bring large returns on each share. It would be hard to find a better investment than the purchase of these shares, as will be readily seen upon investigation. Full information on request. Come in and see photographs and thoroughly investigate this proposition at once. You could not do better. Roberts, Beasley & Gallon, Limited, 407 Sayward bldg. Phone 4865.

Members Victoria Real Estate Exchange

PORT HARDY, V. I.—The conditions are improving rapidly at Port Hardy Townsite. A fine store has been erected and hotel is now under construction. There are now two wharves at Port Hardy. A saw mill with wharves is now being constructed and lumber shipments from Port Hardy will take place within a month.

PORT HARDY, V. I.—We still have lots at Port Hardy from $140 on terms, $25 down and $15 per quarter without interest. Why not invest when the prices are low? Why wait until the railway is at Port Hardy, as it is sure to be in the near future. Port Hardy is on the trade route from Seattle, Vancouver and Victoria to Alaska.

TIMBER—We have buyers for timber, especially for lots from 50 to 100 million feet for loggers. Timber if you have any timber for sale send us particulars. Timber we have been in the lumber business and have good connections in the timber trade.

TIMBER—We have buyers in London and the States for timber. The demand is for timber in the Gulf of Georgia but we have some parties after timber on the West Coast of Vancouver Island, as they understand the value of the timber in that section when the Panama Canal is completed.

INVESTMENT—The finest investment we have is to join a syndicate we are forming to buy the best farm for sale on Vancouver Island, 530 acres. Of this 500 acres are excellent land, 70 acres in plough, 200 acres in pasture, balance partly slashed, no large timber, half mile from station, ¾ mile from sea, ¼ mile from prosperous town with large pay roll, ¼ mile from Main Trunk road. As soon as the syndicate is formed this property will be subdivided into 5-acre blocks which ought to sell readily at from $200 to $500 per acre. The price of this farm to the syndicate is less than one-half the price asked for inferior farms in the same district because this estate has not been through the hands of speculators before. The terms of purchase are easy and spread over several years. For further particulars, see us.

TO OWNERS of timber lands. If you wish to sell your properties, send us particulars, as we can find you the buyers.

FARMS—We have a large list, amongst them a splendid interior farm, 3,700 acres, with stock, etc., on main road, for $30,000.

THE VALE REALTY CO.

Holland ave., Strawberry Vale, B.C.

AUTO for sale, 40 h.p. In good condition, $1000 on terms, or $900 cash.

ACREAGE—Todd Inlet, 50 acres, all cleared, 6-roomed house, near B.C.E. R. and E. & N., price $450 per acre, 2-5 cash, balance over 7 years. 48 acres 5 miles from Victoria, all subdivided, $800 per acre, ¼ cash, 1, 2, and 3 years balance. This is $200 per acre below adjoining property.

OAK BAY—St. Patrick st., three lots at $2100 each.

LEE ST.—50 feet and 6-roomed house, price $4900.

STRAWBERRY VALE—Grocery site, 60 x 100, price $1300, cash $450, easy balance, 2 minutes from car.

STRAWBERRY VALE—50x200, for $750, cash $400.

BURNSIDE CARLINE HEIGHTS—Large lots from $450, $50 cash, $15 per month. Three minutes to car.

NICHOLSON ST.—50x125, price $1100, cash $350.

PARSON'S BRIDGE—2½ acres for $4500 on terms, or $3750 cash, 1 acre in strawberries, barns, chicken houses, good water, 3 minutes to railway station.

HOLLAND AVE.—Five acres for subdivision. The last near interurban car, price $13,000, ¼ cash, balance over 4 years.

WALLINGFORD AVE.—Good level corner for $500, $50 cash and $15 per month.

COLQUITZ PARK—50x165; price $1150, ¼ cash, $15 per month.

NOTICE TO CONTRACTORS

Steel Bridge, Thompson River, Lytton, B.C. (To be Built Alongside Present Structure)

Substructure and Erection of Superstructure

SEALED TENDERS, superscribed "Tender for Substructure and Erection of Superstructure, Thompson River Bridge, Lytton, B. C.," will be received by the Hon. the Minister of Public Works up to 12 o'clock noon Wednesday, the 7th day of May, 1913, for the complete substructure and erection of superstructure of a bridge across the Thompson River at Lytton, B. C.

Drawings, specifications, contract and forms of tender can be seen at the offices of the Government Agents, Ashcroft, New Westminster, Vancouver and at the office of the Public Works Engineer, Parliament Buildings, Victoria.

Intending tenderers can, by applying to the undersigned, obtain one copy of the drawings and one copy of the specifications for the sum of twenty-five dollars ($25).

Each tender must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for the sum of $1,000, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

The successful tenderer shall furthermore furnish an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for the sum of one thousand dollars for the due fulfilment of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Public Works Engineer.
Department of Public Works,
Victoria, B. C., 26th March, 1913.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

TENDERS

Tenders addressed to the undersigned at Ottawa and endorsed on the envelope "Tender for four gasoline launches," will be received up to noon of the

TWENTY-SIXTH DAY OF APRIL, 1913,

For the construction of three gasoline launches for the Fisheries Patrol Service on the West Coast of Vancouver Island, of the following leading domensions:

Length over all ....50 ft.
Length on water line ...46 ft.
Beam ....11 ft.
Draft .... 4 ft. 6 in.

Engines to be four-cylinder, four-cycle 6 in. by 8 in. Standard engines, as made by the Standard Motor Construction Co., or any other type of engine of equal merit.

Also, one gasoline launch for the Fisheries Patrol Service in the Pender Harbor District, of the following leading dimensions:

Length over all ....40 ft.
Length on water line ...36 ft.
Beam ....10 ft.
Draft .... 3 ft. 3 in.

Engine to be a two-cylinder, four-cycle 6 in. by 8 in. Standard engine, or any other type of engine of equal merit.

Plans and specifications can be procured upon application from the Chief Inspector of Fisheries, New Westminster; the Inspector of Fisheries, Nanaimo, B.C.; Mr. E. B. Schock, Vancouver, B.C., and from the Agent of this Department in Victoria, B.C.

Each tender must be accompanied by an accepted cheque on a chartered Canadian bank equal to 10 per cent of the total amount of the tender, which cheque will be forfeited if the successful tenderer declines to enter into contract or fails to complete the boats in accordance with his tender.

Tenderers may quote for one or any number of the boats, but the Department reserves the right to accept the whole or any part of a tender. A separate price must be quoted for each boat.

All tenderers must state when they will undertake to complete each boat tendered on.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid for same.

ALEX. JOHNSTON,
Deputy Minister of Marine and Fisheries.

TENDERS

Tenders addressed to the undersigned at Ottawa and marked on the envelope "Tender for Mixed Paints," will be received up to noon of the

TWENTY-FIRST DAY OF APRIL, 1913.

For supplying mixed paints manufactured and put up in accordance with the specification prepared by the Department of Marine and Fisheries to the satisfaction of the Inspector of the Department.

Tenderers will quote for the different lines of paints delivered at the following places, put up in one and half gallon cans, viz., Charlottetown, P. E. I., St. John, N. B.; Halifax, N. S.; Quebec, P. Q.; Montreal, P. Q.; Prescott, Ont.; Parry Sound, Ont., and Victoria, B. C.

The approximate quantities required are as follows:

Lighthouse white,	5,000 gallons.
Roof red	2,600 gallons.
Buoy black,	1,600 gallons.
Lantern red	1,800 gallons.

All quotations must be for Imperial gallons delivered free on board cars at destination.

Tenderers may quote for paint delivered at one or all the places mentioned, but the department reserves the right to accept the whole or any part of the tender.

Specifications can be seen at the agencies of this department at Charlottetown, P. E. I., Halifax, N. S.; St. John, N. B.; Quebec, P. Q.; Montreal, P. Q., and Victoria, B. C.

Specifications can be procured upon application from the Department of Marine and Fisheries at Ottawa and from the agent of that department in Victoria, B. C.

Each tender must be accompanied by an accepted cheque on a chartered Canadian bank for the sum of $500, which cheque will be forfeited if the successful tenderer declines to enter into a contract prepared by the department or fails to deliver the paint ordered in accordance with the specification.

Newspapers copying this advertisement without authority from the department will not be paid.

ALEX. JOHNSTON.
Deputy Minister of Marine and Fisheries.
Department of Marine and Fisheries, Ottawa. March 12, 1913.

COMPANIES ACT

Take notice that M. W. Waitt & Company, Limited, intend to apply to the Registrar of Joint Stock Companies after one month from the date of the first publication of this notice for liberty to change the name of the company to "The Kent Piano Company, Limited."

Dated at Victoria, B.C., this 28th day of March, 1913.

ALAN S. DUMBLETON,
Solicitor for M. W. Waitt & Company, Limited.

PUBLIC NOTICE

Notice is hereby given of the filing of plans for the laying of a submarine cable across Saanich Inlet, between a point on the east shore of Saanich Inlet, where Cypress Avenue intersects the water's edge of said Saanich Inlet (in sec. 18, R. I. W. North Saanich District, Vancouver Island, B. C.), and a point on the west shore of the said Saanich Inlet where the line between sections 9 and 10 intersects the water's edge of said Saanich Inlet (located in Range 10, Shawnigan District, Vancouver Island, B. C.), with the Minister of Public Works, Ottawa, and with the Provincial Registrar of Deeds, Victoria, B. C.

BRITISH COLUMBIA TELEPHONE COMPANY, LIMITED
Vancouver, B. C.

To the Property Owners of the Township of Esquimalt

LADIES AND GENTLEMEN:

The Government of British Columbia has consented to pay sixty (60) per cent of the cost of the proposed addition to the Lampson Street School. Said grant is not to exceed $40,000, and is contingent upon the raising of $27,500 upon the assessed property of the municipality.

Additional school accommodation is an imperative necessity, proven by the fact that ten (10) class-rooms are required as against six (6) provided in the present school building.

At the present rate of increase in the population, the additional rooms will soon be needed.

There is therefore absolute and urgent need for the proposed increased accommodation. To obtain this, your votes are needed on Saturday next, April 5, at the office of the municipality, at the rear of the Lampson Street School.

Keep This in Mind.

LIEUT. MULCACHEY,
Sec. Esquimalt School Board.

TENDERS

TENDERS addressed to the undersigned at Ottawa and endorsed on the envelope "Tender for Fisheries Patrol Steamer" will be received up to noon of the

TWENTY-FIFTH DAY OF APRIL, 1913,

for the construction of a steel wood sheathed twin screw patrol steamer to be delivered at Selkirk, Manitoba, of the following dimensions, viz:—

Length B.P.	140 ft.
Breadth moulded	26 ft. 6 inch.
Breadth extreme	27 ft. ¾ inch.
Depth Moulded	13 ft. 6 inch.
Indicated horse power 900.	

Plans and specifications and tender forms can be seen at the Department of Marine and Fisheries, Ottawa, at the offices of the Collectors of Customs at Toronto, Collingwood, Midland and Kingston, Ont., at the offices of the Harbor Masters at Port Arthur and Fort William and also at the offices of the Agents of this Department at Montreal, Quebec, St. John, N.B.; Halifax, N.S., and Victoria, B.C.

Plans and specifications and tender forms can be procured upon application from the Department of Marine and Fisheries, Ottawa, and from the Agent of this Department at Victoria, B.C.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy Minister of Marine and Fisheries equal to ten per cent of the whole amount of the tender, which cheque will be forfeited if the successful tenderer declines to sign the contract prepared by the Department or fails to complete the steamer.

Cheques accompanying unsuccessful tenders will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

ALEX. JOHNSTON,
Deputy Minister of Marine and Fisheries.
Department of Marine and Fisheries,
—38375. Ottawa, March 11th, 1913.

Notice of Dissolution of Partnership

The Neave Motor Company, Esquimalt Road, formerly carried on by H. Neave and Mrs. Simpson, will in future be conducted by Mrs. Simpson, and will be known as the Thoburn Garage. All outstanding accounts are now payable to the same.

Mr. Rankin, the well-known motor mechanic, will be pleased to serve the public in repairing motors of all descriptions. Agent for the Republic Automobile and Piston Gas Saver.

NOTICE TO CONTRACTORS

Tenders will be received on or before 5 o'clock p. m. of Tuesday, April 15th, 1913, for the erection and completion of an eight-room, brick and reinforced concrete Public School building on the corner of Monterey Avenue and Ochiel Street, in the Municipality of Oak Bay. Tenders to be addressed to the Board of School Trustees of the Municipality of Oak Bay, and to be delivered at the office of the secretary, Municipal Hall, Oak Bay Avenue.

Separate tenders will be required for the heating and ventilating.

The Board of School Trustees do not bind themselves to accept the lowest or any tender.

Drawings and specifications may be seen at the office of the undersigned.

Each tender must be acompanied by a marked cheque payable to the Board of School Trustees of the Municipality of Oak Bay for an amount equal to 5 per cent of the total amount of the tender.

The cheque will be returned to the contractor and also to the unsuccessful tenderers when a contract has been entered into and a satisfactory bond provided.

In the event of the successful tenderer refusing to enter into a contract when called upon to do so, the cheque will be forfeited to the Board of School Trustees.

C. ELWOOD WATKINS
Architect

Tenders for Freighting Supplies for the Yukon Telegraph Line
EXTENSION OF TIME

The time for receiving tenders for the freighting of supplies for the Yukon Telegraph Line in the course of the seasons of 1913, 1914 and 1915, is hereby extended to Friday, April 4, 1913. Tenders are to be sealed, endorsed "Tender for Packing Supplies," and addressed to the undersigned.

Forms of tender and specification may be obtained and form of contracts seen on application to Mr. J. T. Phelan, Superintendent of Government Telegraphs, Vancouver, B. C., Mr. Wm. Henderson, District Superintendent Government Telegraphs, Victoria, B. C., and from the Government Telegraph Agents at Ashcroft, B. C., Quesnelle, B. C., Hazelton, B. C., and Telegraph Creek, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 per cent) of the amount of the tender, for one year's packing, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works,
Ottawa, February 18, 1913.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—36295.

TENDERS

Tenders are invited for the remainder of the construction work on the McBride Theatre, which includes the general construction, plumbing and electrical work. Plans and specifications may be had upon application to the architects, Messrs. Rochfort & Sankey, 506 Union Bank Building, Victoria.

NOTICE

Sealed tenders will be received by Sturgess & Co., up to and including April 5, 1913, for the surface grading, graveling and clearing of roads in Sections 1 and 2 N., Range 3 and portions of Range 4 E., North Saanich. Plans and specifications may be seen by applying at the office of the undersigned. The lowest or any tender shall not necessarily be accepted.

STURGESS & CO.
By F. Sturgess.

NOTICE

NOTICE IS HEREBY GIVEN that application will be made to the Board of Licensed Commissioners of the Municipality of Esquimalt, British Columbia, at the next sittings thereof, for a transfer from me to Otto Nitze and Joe Holler, of the license to sell spirituous and fermented liquors on the premises known as the Coach and Horses, Esquimalt Road.

Dated the 25th day of February, 1913.

MARY SIMPSON.

CANCELLATION OF RESERVE

NOTICE is hereby given that the reserve of vacant Crown lands in New Westminster District, notice of which appeared in the B.C. Gazette on the 19th of October, 1911, is canceled in so far as it relates to that portion of said lands covered by the applications to lease of Hermon Wilber Vance and John Pederson.

ROBERT A. RENWICK,
Deputy Minister of Lands.
Lands Department, Victoria, B.C.,
2nd April, 1913.

NOTICE

In the matter of the estate of Charles Arthur Rea, late of Arcadia Street, in the municipality of Esquimalt, British Columbia, deceased.

Notice is hereby given that all persons having any claims or demands against the late Charles Arthur Rea, who died on or about the 14th day of February, 1913, at his residence on Arcadia Street, aforesaid, are hereby required to send their names and addresses and full particulars in writing of their claims duly verified on or before the 5th day of May, 1913, to the undersigned, the solicitor for Albert Edward Christie and Dora Anna Clara Rea, of Victoria, aforesaid, the executor and executrix of the estate and effects of the said Charles Arthur Rea, or to the said Albert Edward Christie at the Union Bank of Canada, Victoria, B.C.

And take notice that, after the said 5th day of May, 1913, the said executor and executrix will proceed to distribute the assets of the said Charles Arthur Rea, having regard only to the claims of which the said Albert Edward Christie and Dora Anna Clara Rea shall then have notice, and that the said executor and executrix will not be liable for the assets or any part thereof to any person of whose claim the said Albert Edward Christie and Dora Anna Clara Rea shall not then have received notice.

Dated this 4th day of April, A.D., 1913.

CHARLES E. WILSON,
Board of Trade Building, Bastion Square, Victoria, B.C.
Solicitor for the Executor and Executrix.

IN THE MATTER OF THE "ADMINISTRATION ACT,"

And in the matter of the Estate of Thomas Metcalfe Collier, Deceased, Intestate.

NOTICE is hereby given that all creditors and persons having any claims or demands against the estate of Thomas Medcalfe Collier, deceased, who died on or about the 13th day of January, 1913, are hereby required to send on or before the 20th day of April, 1913, to the undersigned Solicitors for Leonard Tait, Administrator of the said Estate, their names and addresses and full particulars of their claims duly certified in writing.

TAIT, BRANDON & HALL,
305 Sayward, Bldg., Victoria, B.C.
Solicitors for the Administrator, Leonard Tait, Esq.

NOTICE

IN THE SUPREME COURT OF BRITISH COLUMBIA

In the matter of John Cicchitti, Deceased, and In the matter of the "Official Administrators' Act."

Notice is hereby given that under an Order granted by the Hon. Mr. Justice Gregory, dated March 27, 1913, I, the undersigned was appointed Administrator of the Estate of the above deceased. All parties having claims against said Estate are requested to send particulars of same to me on or before the 1st day of May, 1913, and al parties indebted to the said Estate are requested to pay such indebtedness to me forthwith.

Dated at Victoria, B. C., this 1st day of April, 1913.

R. G. MONTEITH,
Acting Official Administrator.

Solicitors
9-11 McCallum Block, Victoria, B. C.

ABOUT OSTRICH FEATHERS

How They Are Gathered and Placed on the Market at Port Elizabeth, South Africa

Port Elizabeth, South Africa, is the leading centre of the South African ostrich feather trade, according to an United States consular report. Probably the best feathers in the world are produced within the limits of this consular district. In season and out feathers are shipped from this port in marvellous quantities. They have become almost a world-wide commodity and South Africa is the principal source of supply.

All feathers are exported on the English mail steamers leaving this port on Saturday of each week and on this day dray loads of feathers for foreign markets may be seen on Port Elizabeth's streets. Notwithstanding vigorous and repeated efforts in other lands, this project is pretty well monopolized in a comparatively small section of Africa. Many reasons have been advanced and numerous theories promulgated in explanation, but the fact remains that no incontrovertible reason has ever been shown to account for this condition of affairs and it appears certain from local experience that birds do not thrive in all sections even of this limited area.

Various attempts have been and are being made for export investigation of the production of ostrich feathers which have undoubtedly helped the producer to a considerable degree. Nevertheless many important points in this connection appear to be yet unsolved, notably the defective bar in so many feathers which would otherwise be comparatively perfect. These are not found in wild birds.

While the total product continues to increase there has been no recent serious break in prices. When the market is low good feathers are usually withdrawn until conditions improve. Until quite recently the great demand was for feathers of superior grade such as primes, whites and feminas.

Ostrich feathers as marketed here are classified as follows: The most valuable feathers are those grown on the male bird. Of these the primary first row contains roughly thirty or forty feathers. The best of these are called "primes," being the longest white feathers with best flues. The next in grade are simply called "whites," while those with a mixture of white and black are termed "fancies" or "byocks."

These classes are usually sorted according to quality into numerous grades as "super primes," "primes," "whites" No. 1, 2 and 3, broken, narrow and inferior whites, etc., until eventually the number of classes is apt to be confusing. In an ordinary primary row of forty feathers would be found fifteen or twenty primes, ten fancies and the balance whites.

Immediately behind the primary row are found the long and medium blacks with occasionally a few mottled. Back of this row are the softer blacks, a few long but mostly medium and short. Back of this row is another row of common blacks. Underneath the primary row is found a small amount of short white or light grey feathers known as floss. Underneath the other rows the floss is usually black.

Tail feathers are classified as whites and black butt whites, the latter indicating a white tail feather with black flue markings near the base of the quill. In trade parlance the latter are known simply as B B Whites.

In female birds the classifications are arrived at in a very similar manner but the whites are termed feminas and owing to the difference in the coloring of the male and female, what constitutes the blacks of the male are the drabs of the female. In the primary row of the wing are the prime feminas, feminas and dark greys.

These latter are equivalent to the "fancy" of the male bird. In the second and third rows are found the long, medium and short drabs, while the fourth row of the female bird is not plucked. The floss is situated similarly to that of the male bird. In young birds or "chicks" the wing feathers are termed spadones or "spads" for short, and the other feathers simply "chicks."

Week-End Values in Men's and Boys' Ready-to-Wear Clothing

WE want you to come and see this showing of Men's Suits in our View Street windows. There's a quality, style and material to meet the most exacting taste—at a price that cannot be equaled anywhere in the city.

There are fancy worsteds, blue and white stripes, pretty shades of browns and grey mixtures; while the "New Blue-Grey" shades are most effective, and will be very popular this season.

The very best workmanship is put into these suits, and we ask you to note the smart cut, the fine quality cloth, and good linings used.

Values at $12.50, $15.00, $18.00 and $20.00

This showing also includes Men's Flannel Trousers from $3.50 to $5.75, and Men's Fancy Vests from $1.50 to $5.75.

It's Not Necessary to Go to Price Extremes to Make Your Boy Look Smart and Manly

THIS showing of Boys' Suits will convince you that at Spencer's you can get a really good wearing and smart looking suit at a ridiculously low price.

300 Boys' Suits in tweeds, homespuns, worsteds and serges, all made up in the latest shades and patterns; some with double-breasted coats and bloomer pants and others with Norfolk coats and either plain knickers or bloomers. Values from $4.75 to .. $6.75

Boys' School Caps. A special in tweeds of various patterns and shades. All sizes. Special price 25c

Special Showing of Boys' Cotton and Fancy Duck Hats, in a large variety of patterns, in all sizes from 6¼ to 7. Special value at 50c

Boys' Odd Knickers in both bloomer and plain styles, in hard-wearing serges, tweeds khaki and corduroys. From $1.00 to $1.75

Men's and Youths' Shirts That Usually Sell at $1.25 Today $1.00

Hardware Dept.—Second Floor

Manufacturers' Stock of Silks—Values $1.50 to $2.00, Monday 75c

ONLY by a special purchase of this kind is it possible to offer such values at a ridiculously low price as this. To say that they are "Beautiful Silks" is but a poor description, for they are simply "lovely," while the choice of colorings is the best we've seen—there's white, pink, blue, cerise, emerald, brown, black, rose, lemon, etc., altogether about 20 different shades and the shot silks are most effective; 38 to 42 inches wide. Here again is the tremendous cash buying power of this house demonstrated in its ability to give such values as these at 75c.

See View Street Windows

Misses' Serge Dresses in Attractive New Styles at $7.50 and $12.50

A LARGE shipment of these attractive looking Dresses has just been opened up. So many different styles are here that there is not the slightest reason why you shouldn't get just the garment you want.

$7.50 Values are mostly made up in hard-wearing serges, in the one-piece style, with plain gored skirt, high waist lines, and front fastening. Some are trimmed with all lace and Dutch collars, and others are trimmed with pipings of silk and fancy buttons.

$12.50 Values. Some are in the sailor collar style, trimmed with bands of striped silk, others are the rever effects of striped silk, with vest of serge trimmed with fancy buttons; others have the belted waist. There are plain and over-skirt effects to choose from, in colors brown, navy, tan, greys and light blue.

The Durham Safety Razor has arrived and is on sale in the Hardware Department —2nd floor.

Two Special Lines in Ladies' Combinations

ONE is of all-over embroidery, prettily trimmed with baby ribbon, at $1.75, and the other comes in a fine nainsook, with deep yoke of lace and embroidery insertion, drawn with fancy baby ribbons. Well made and finished. Specially marked at $1.25.

A New Shipment of Women's Overalls and Nurses' Aprons

THEY are certainly well up to the Spencer standard of high quality, and are cut in good, sensible styles, and are just the thing to keep the busy housewife clean and tidy while doing her cooking or housework. There's the Princess, Empire and Mother Hubbard styles, in English Prints, Ginghams, Chambrays, etc., in light and dark colors and various stripes at values from $1.00 to 65c.

Nurses' Aprons, in extra good quality and well made. Values from $1.00 to 35c
